

1. Projected ITN access from 3 year mass campaigns with varying ANC-EPI distribution

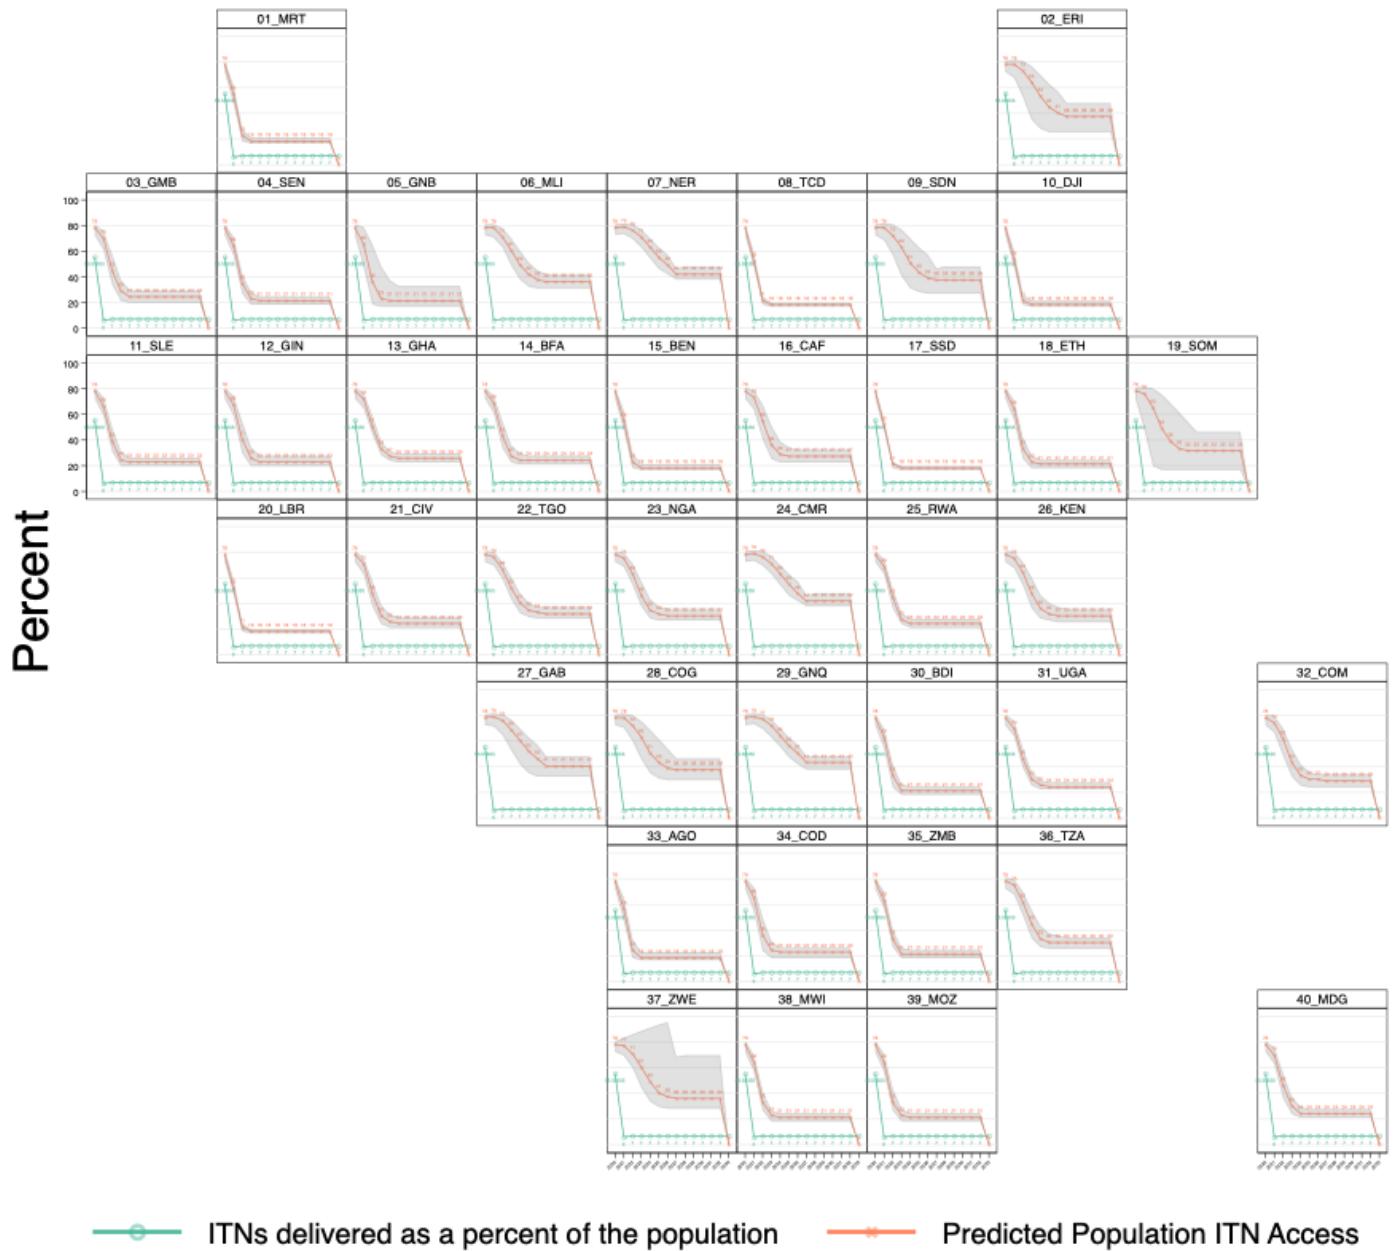

3-year mass campaigns with ANC-EPI at 6%

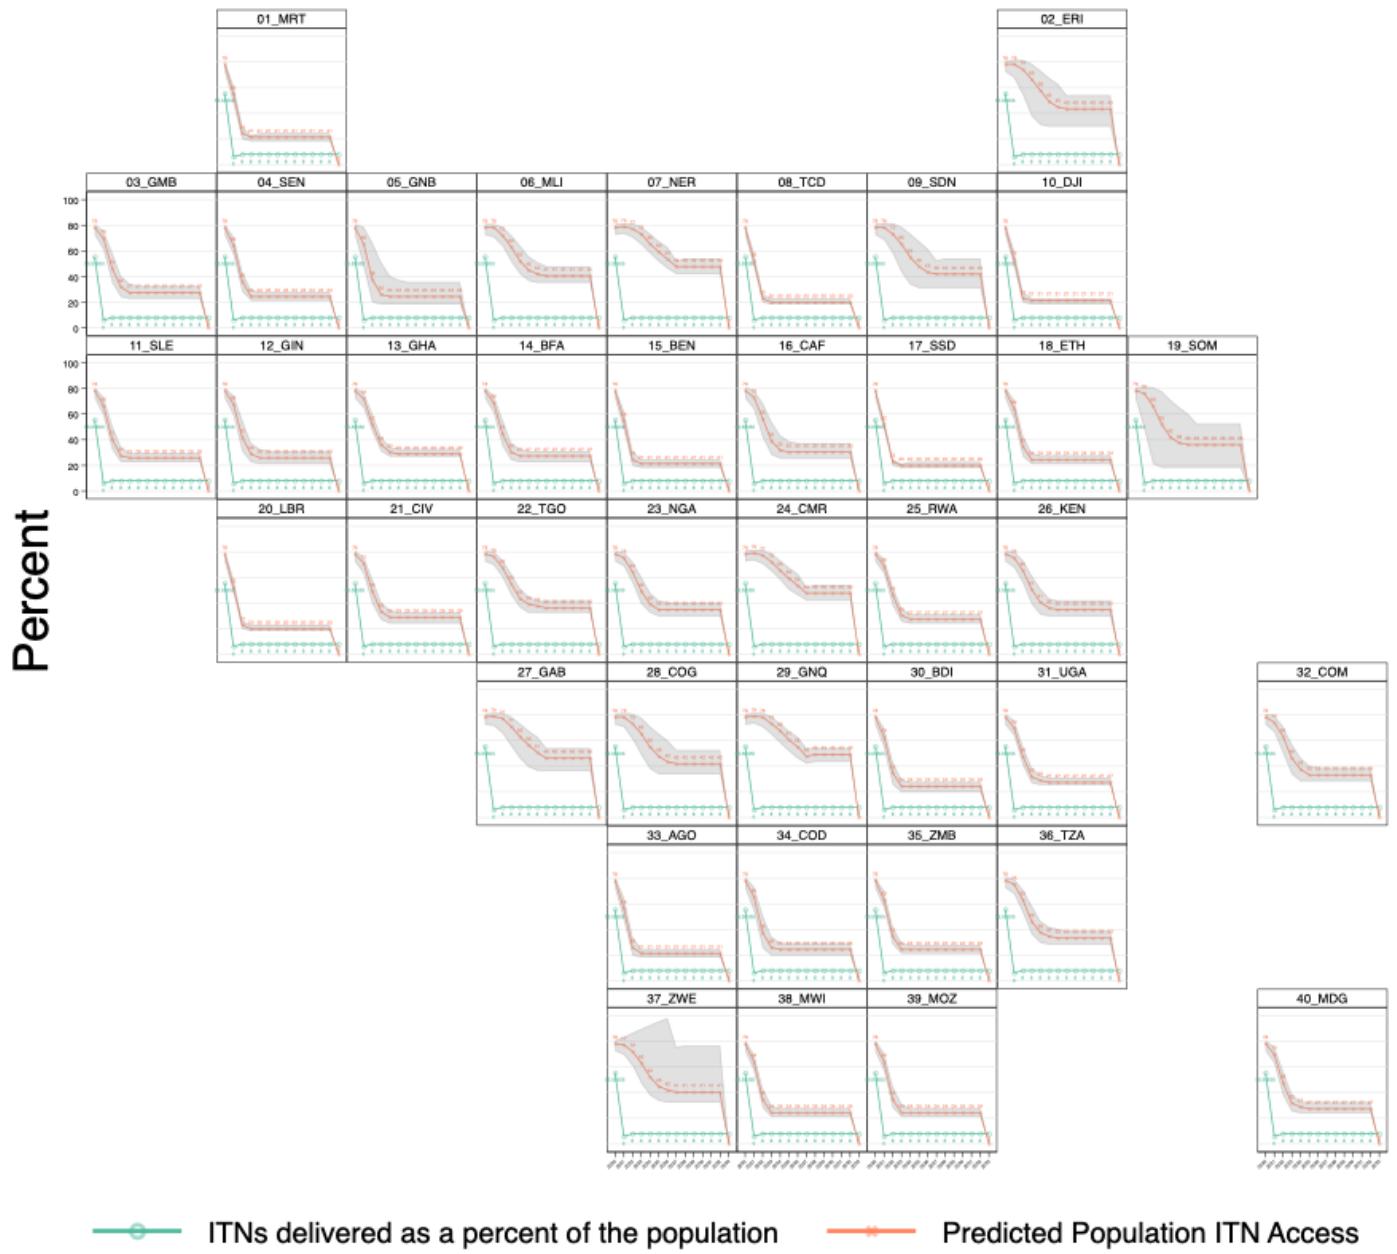

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

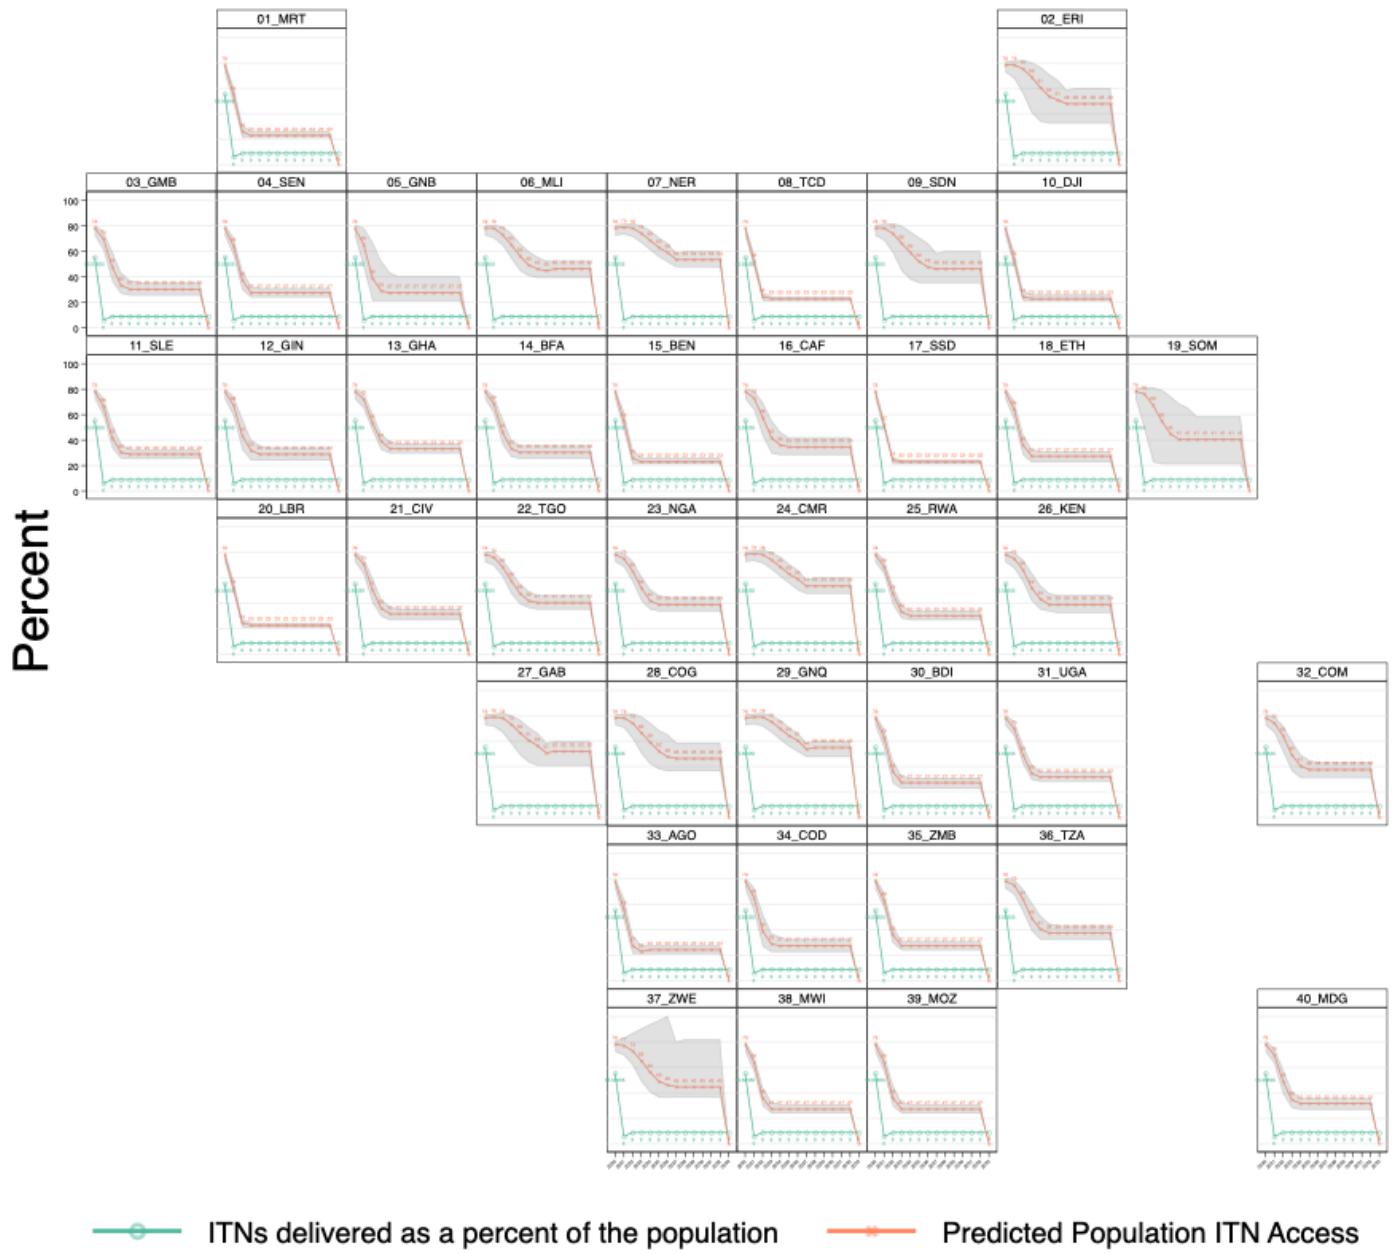

3-year mass campaigns with ANC-EPI at 7%

2. Projected ITN access from large-scale annual distributions

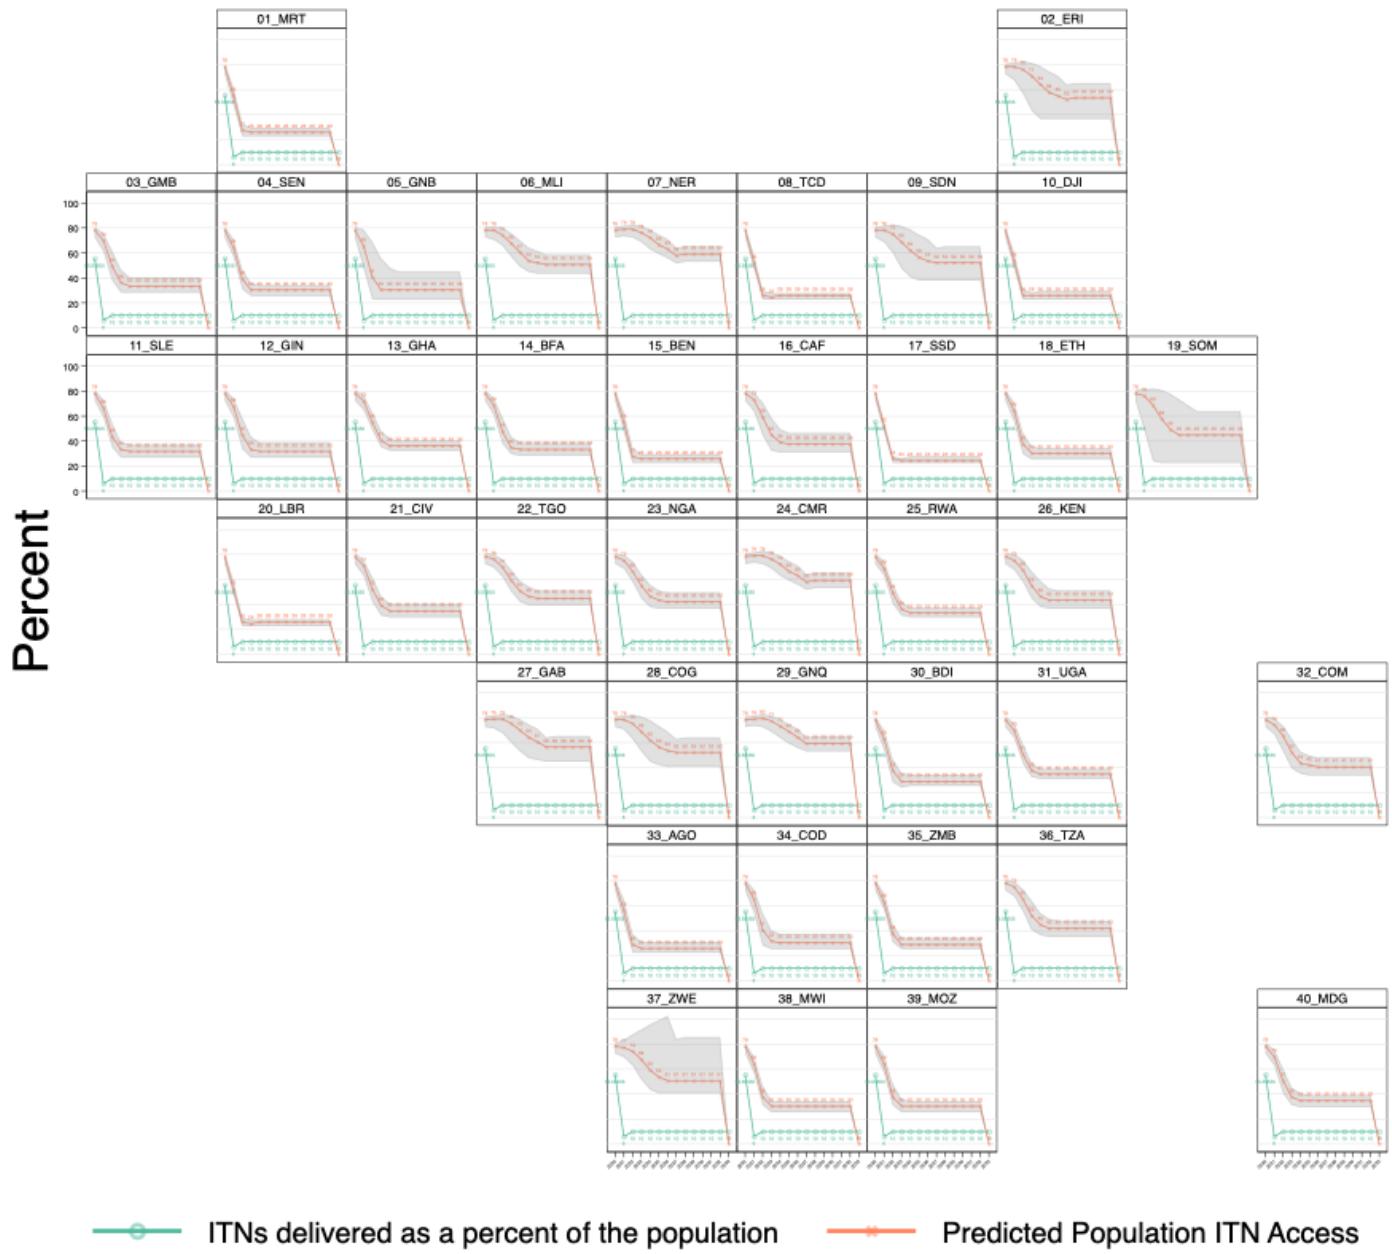

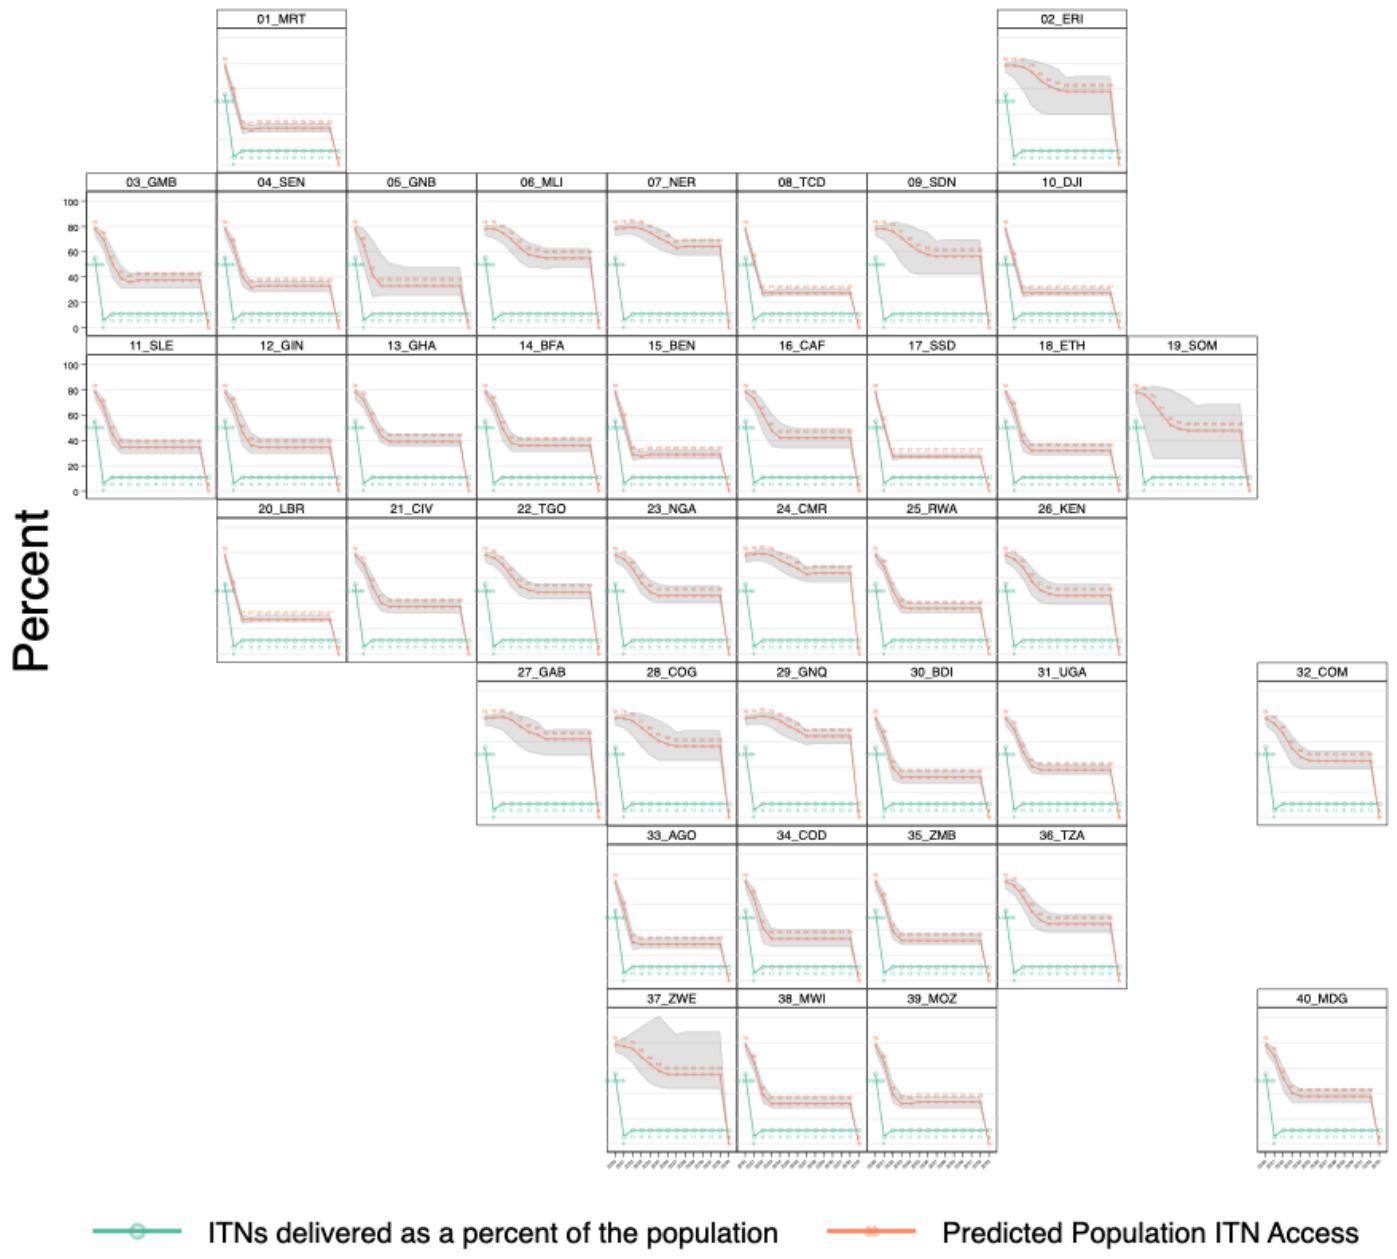

Annual distribution at 8%

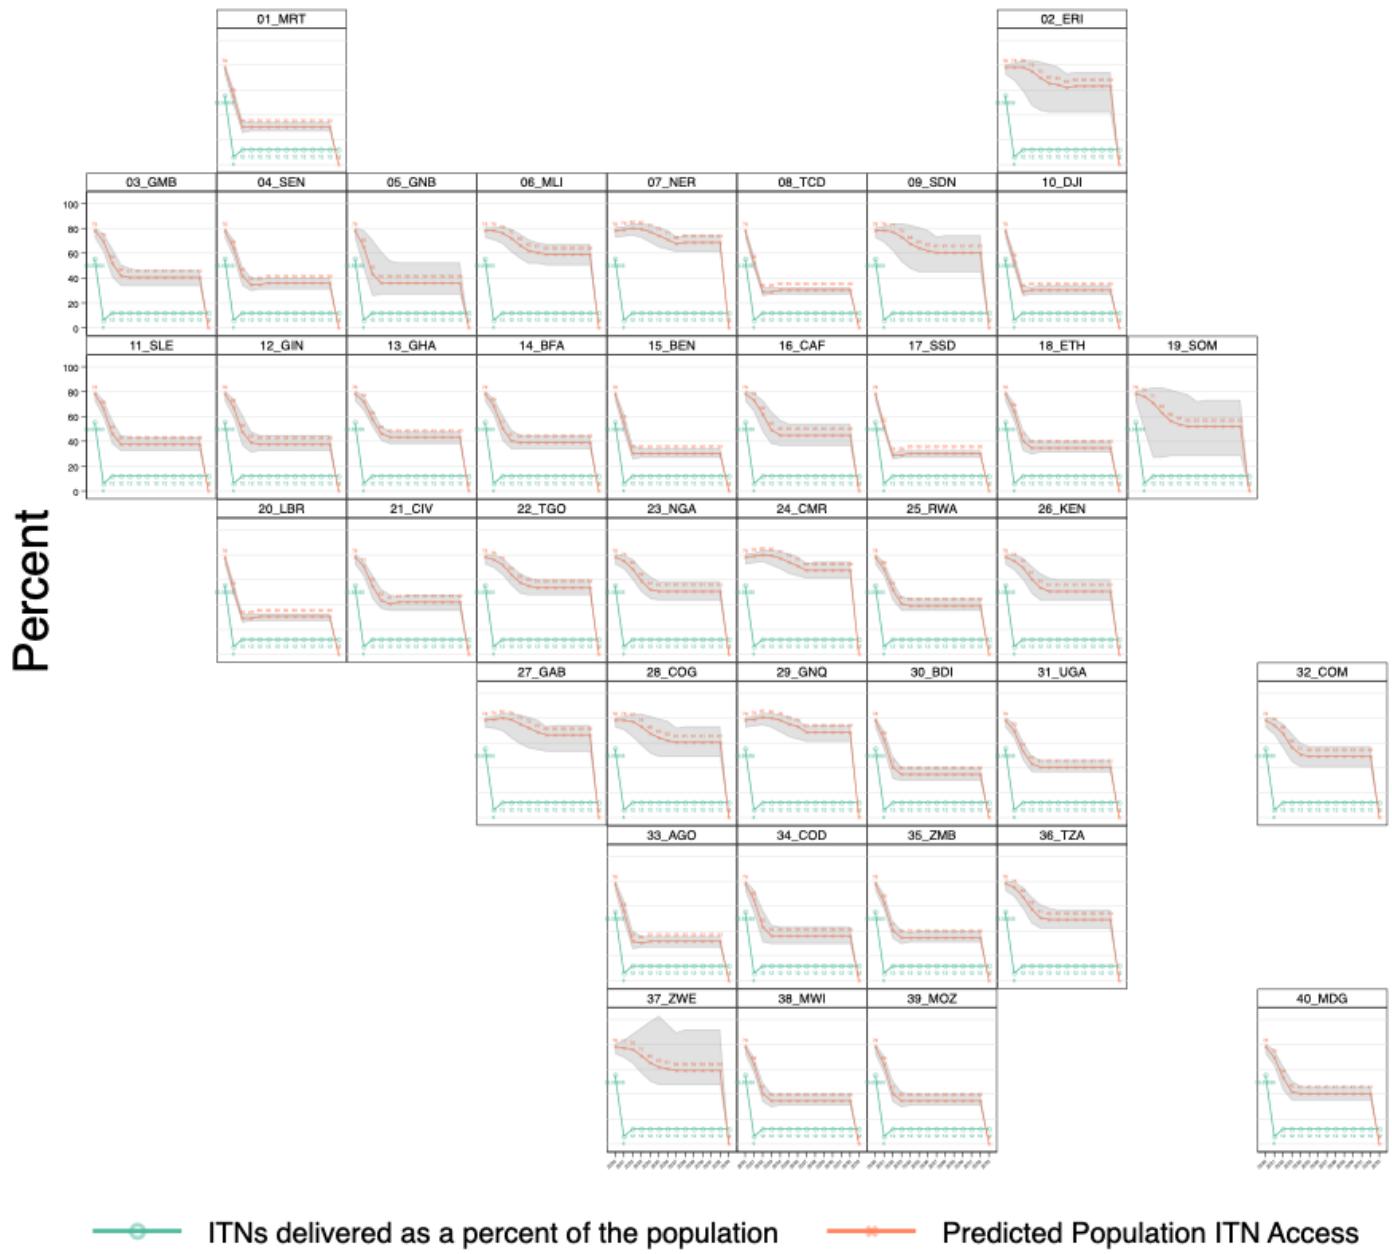

Annual distribution at 9%

Annual distribution at 10%

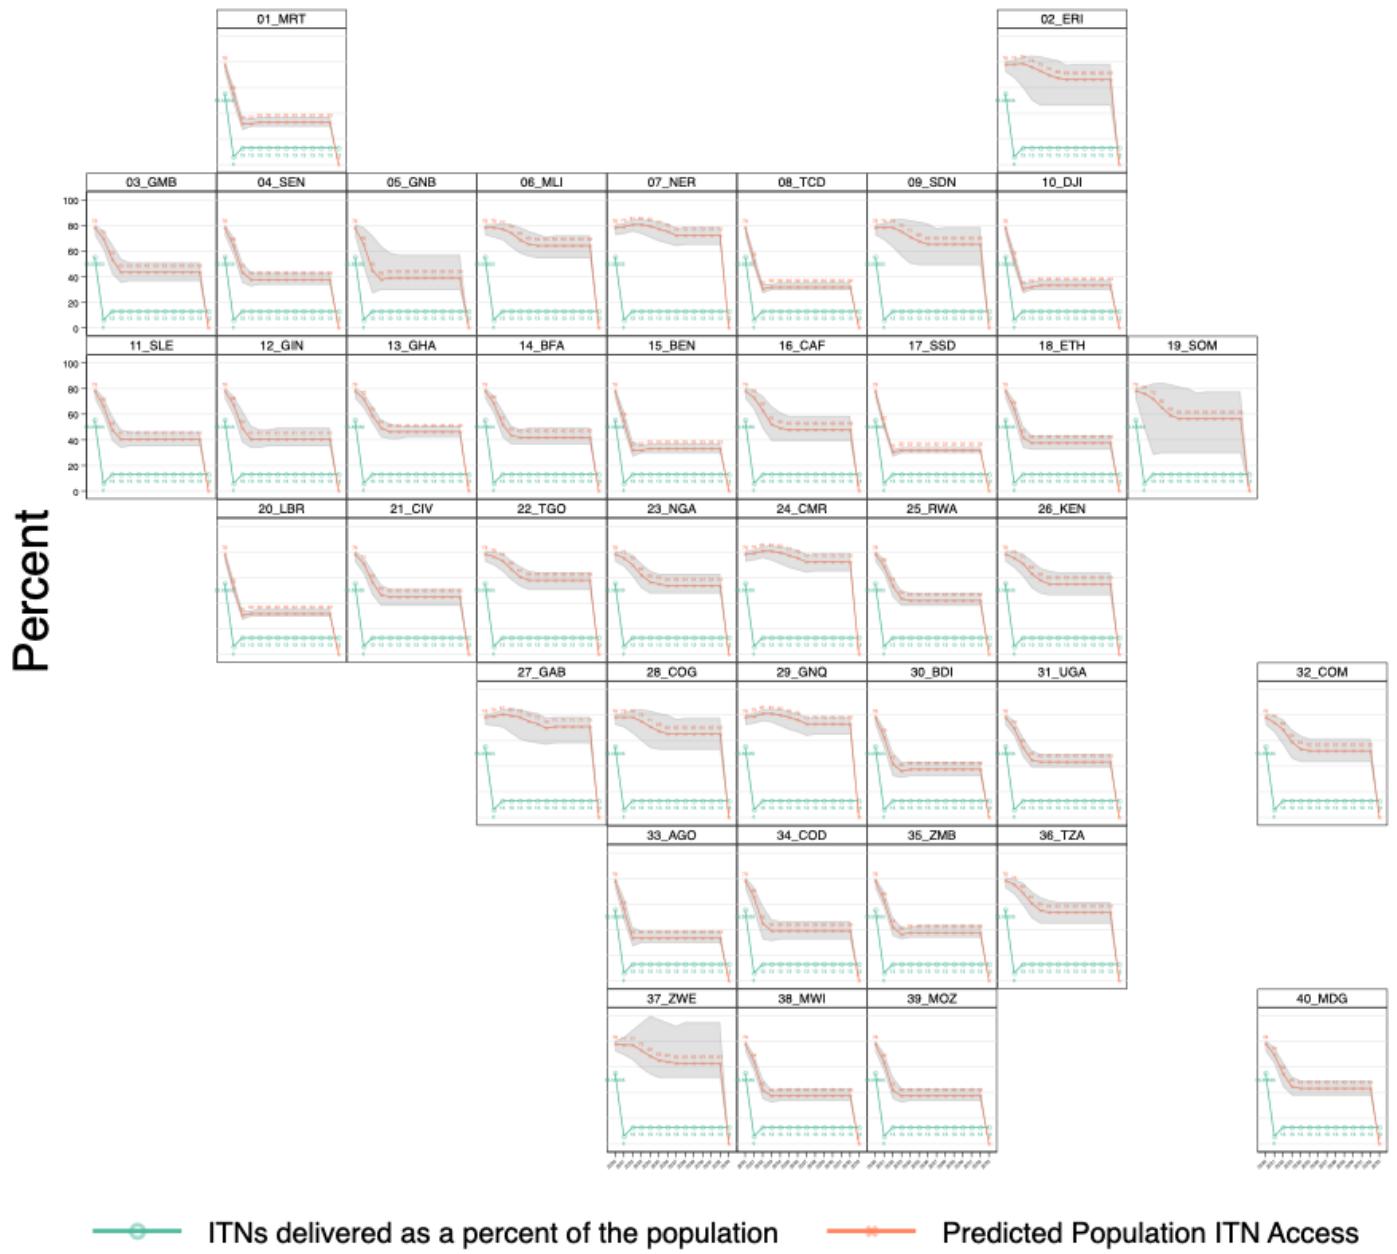

Annual distribution at 11%

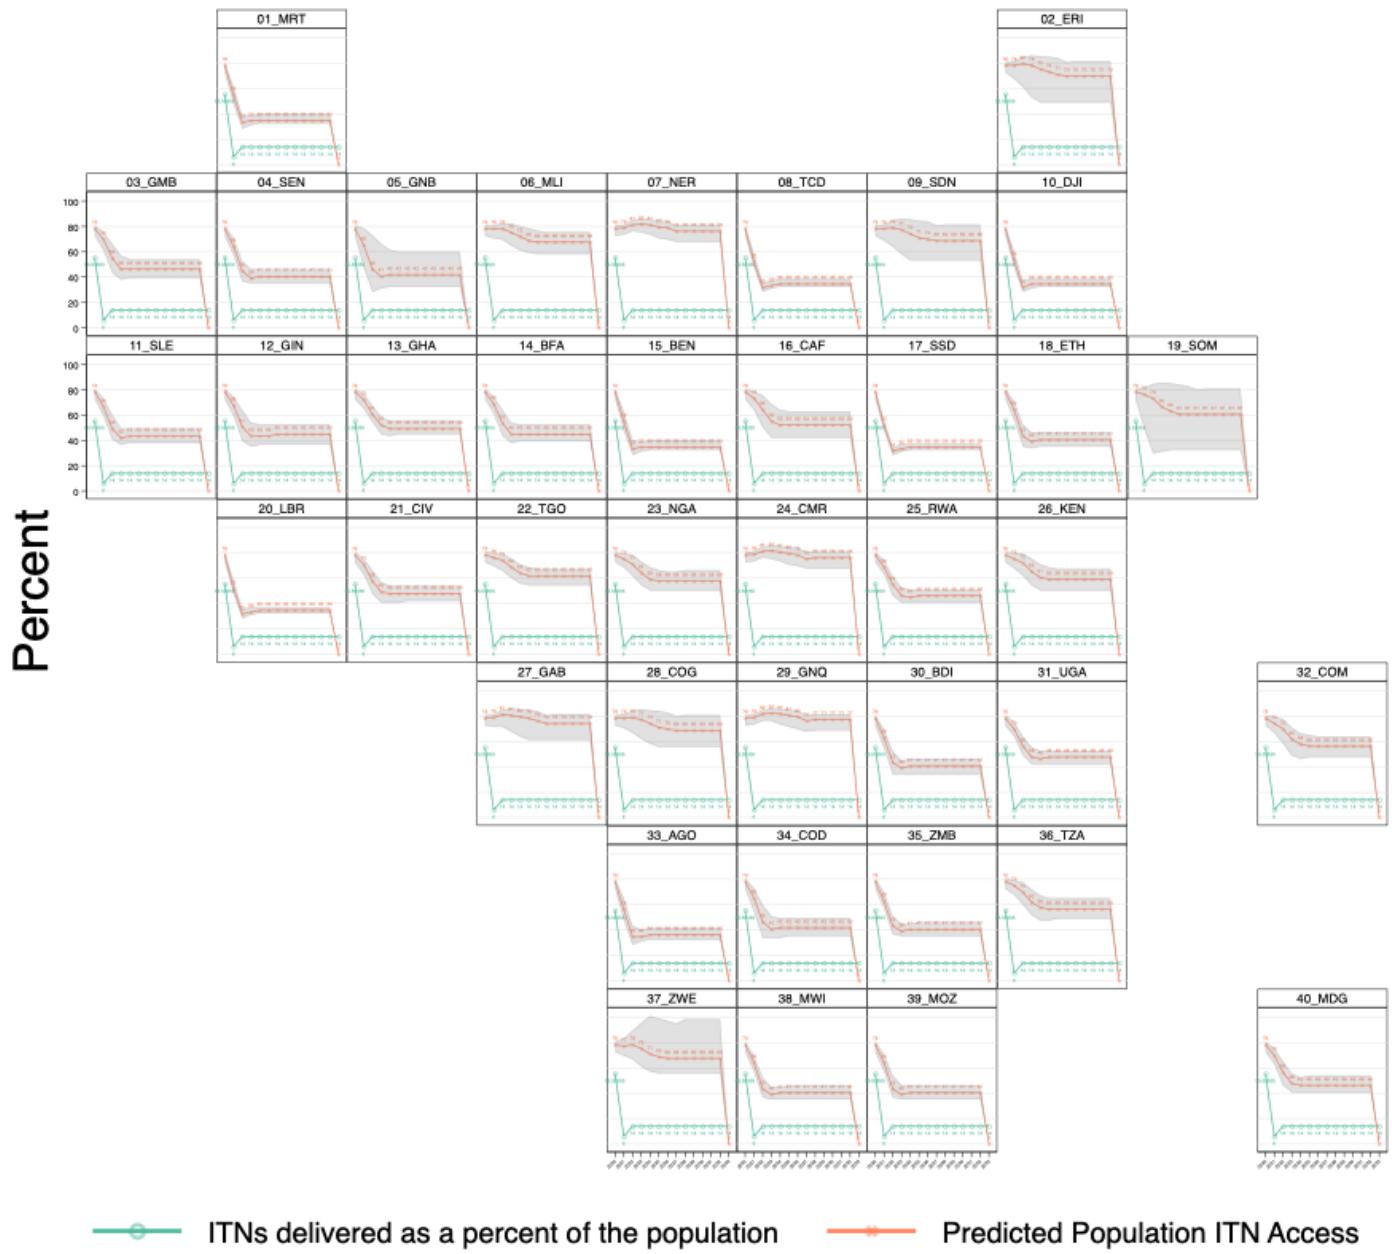

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

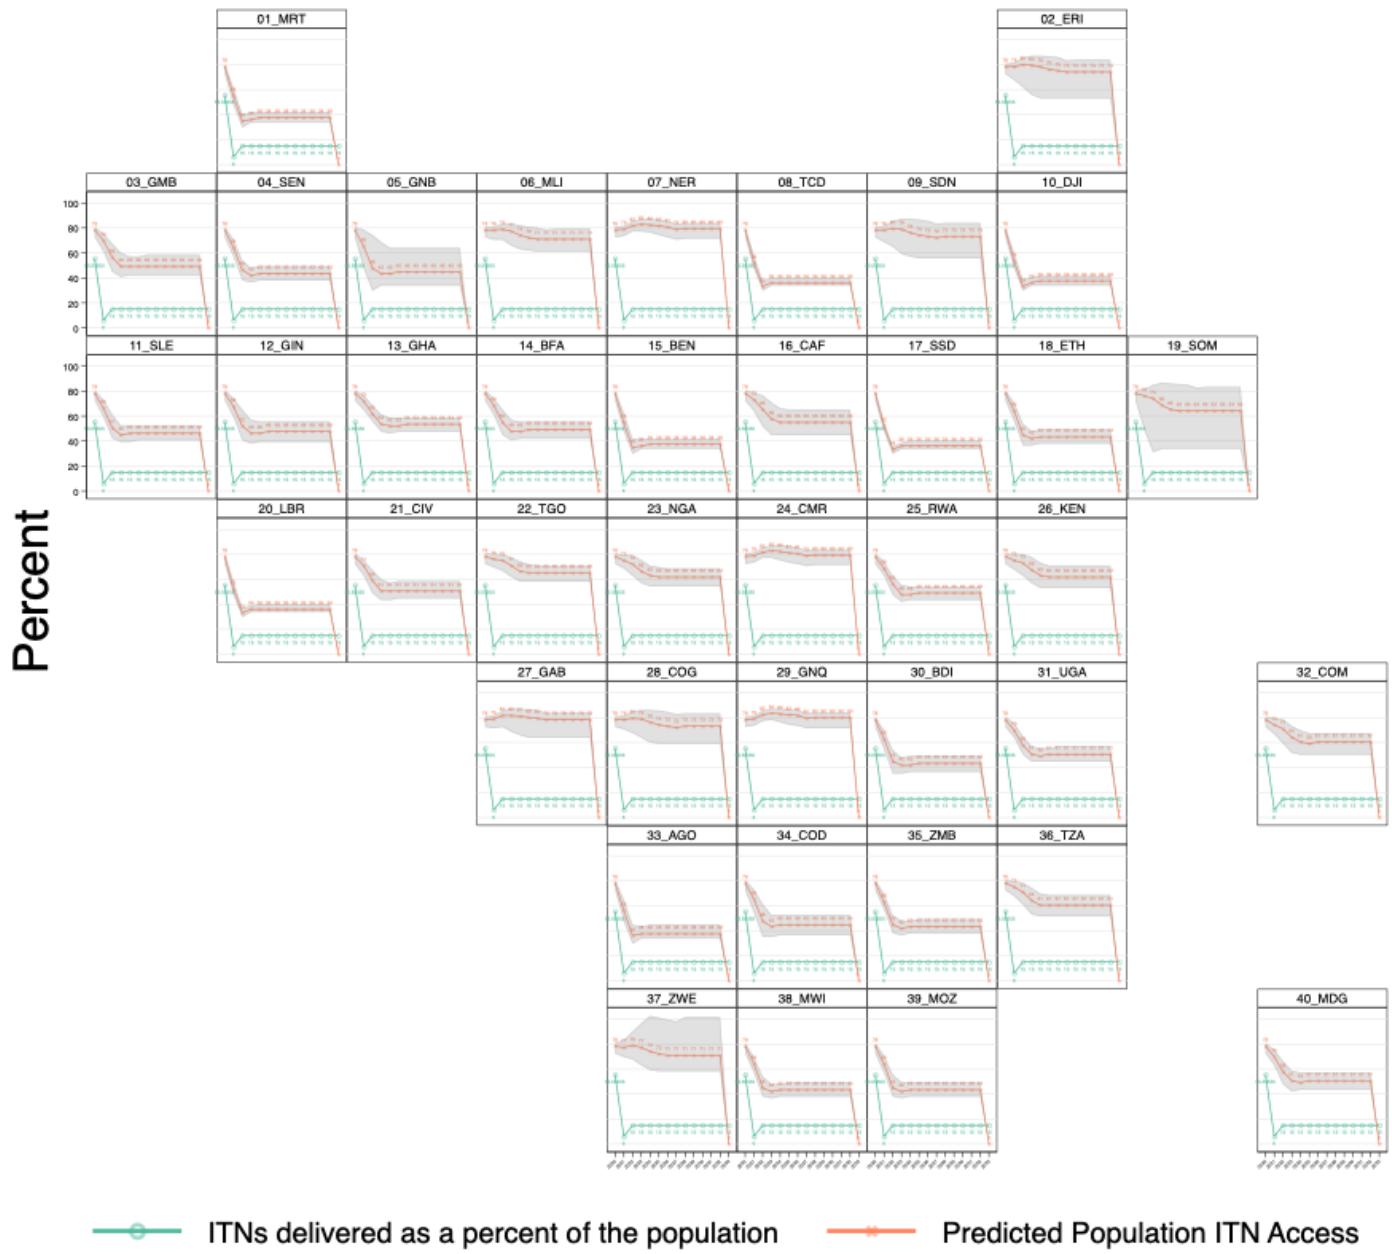

Annual distribution at 12%

Annual distribution at 13%

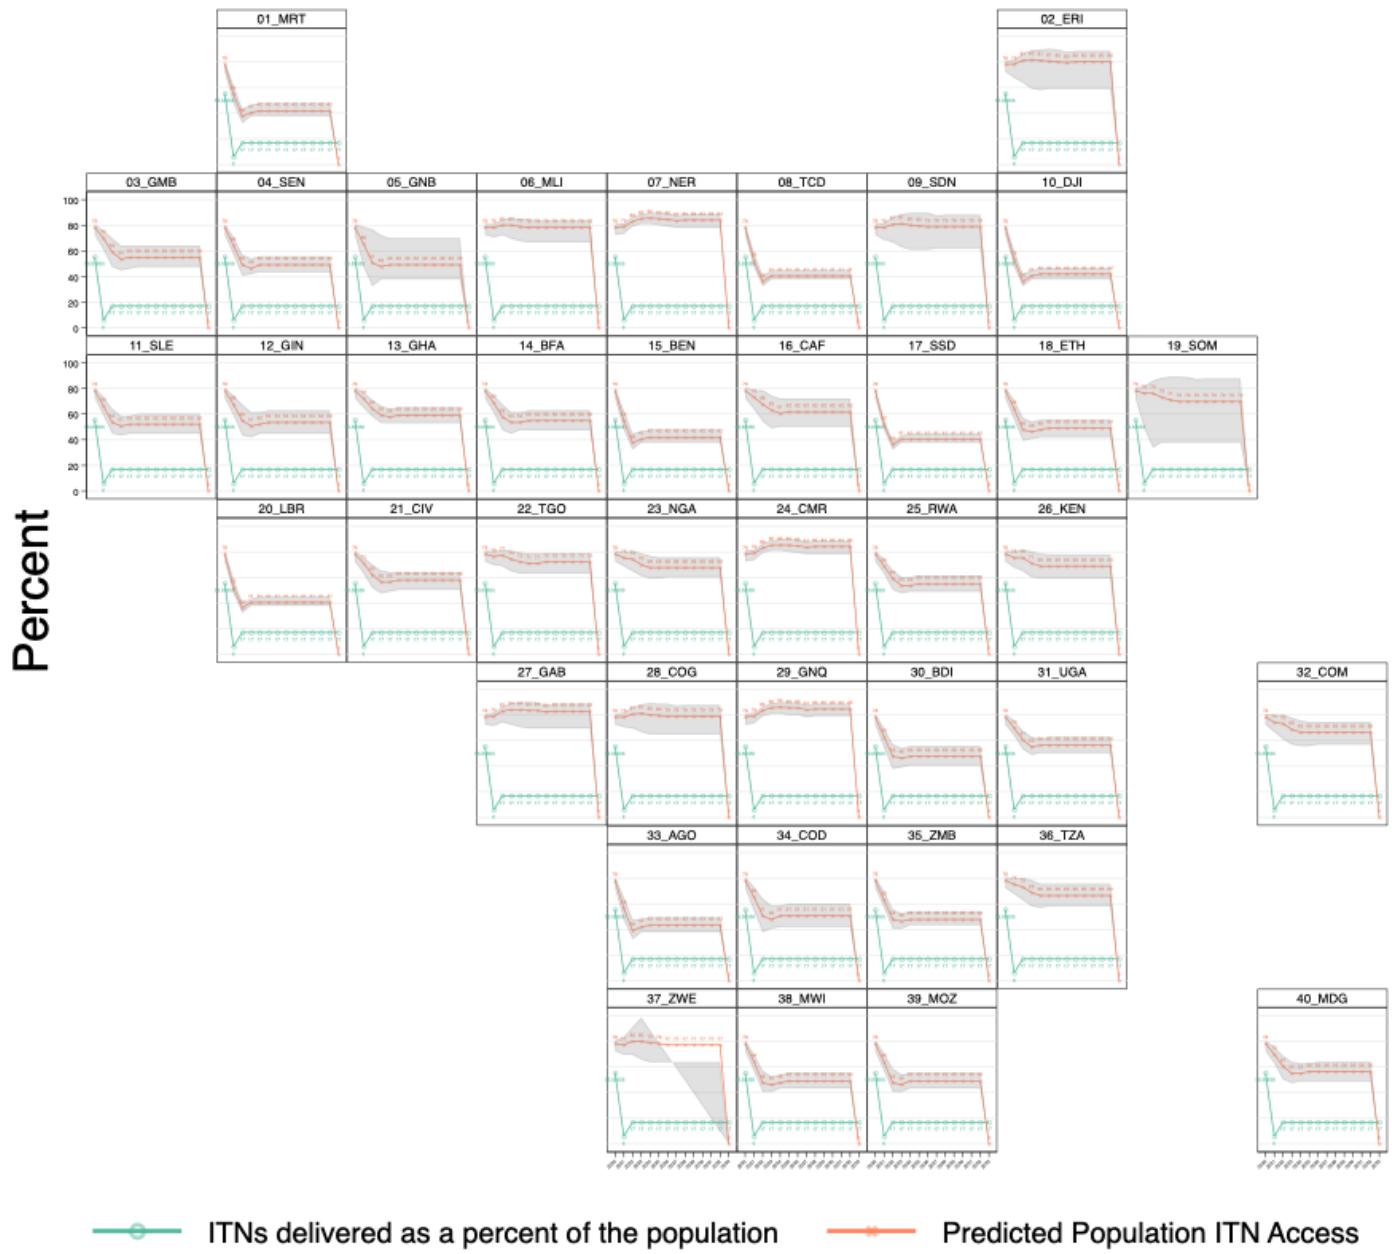

Annual distribution at 14%

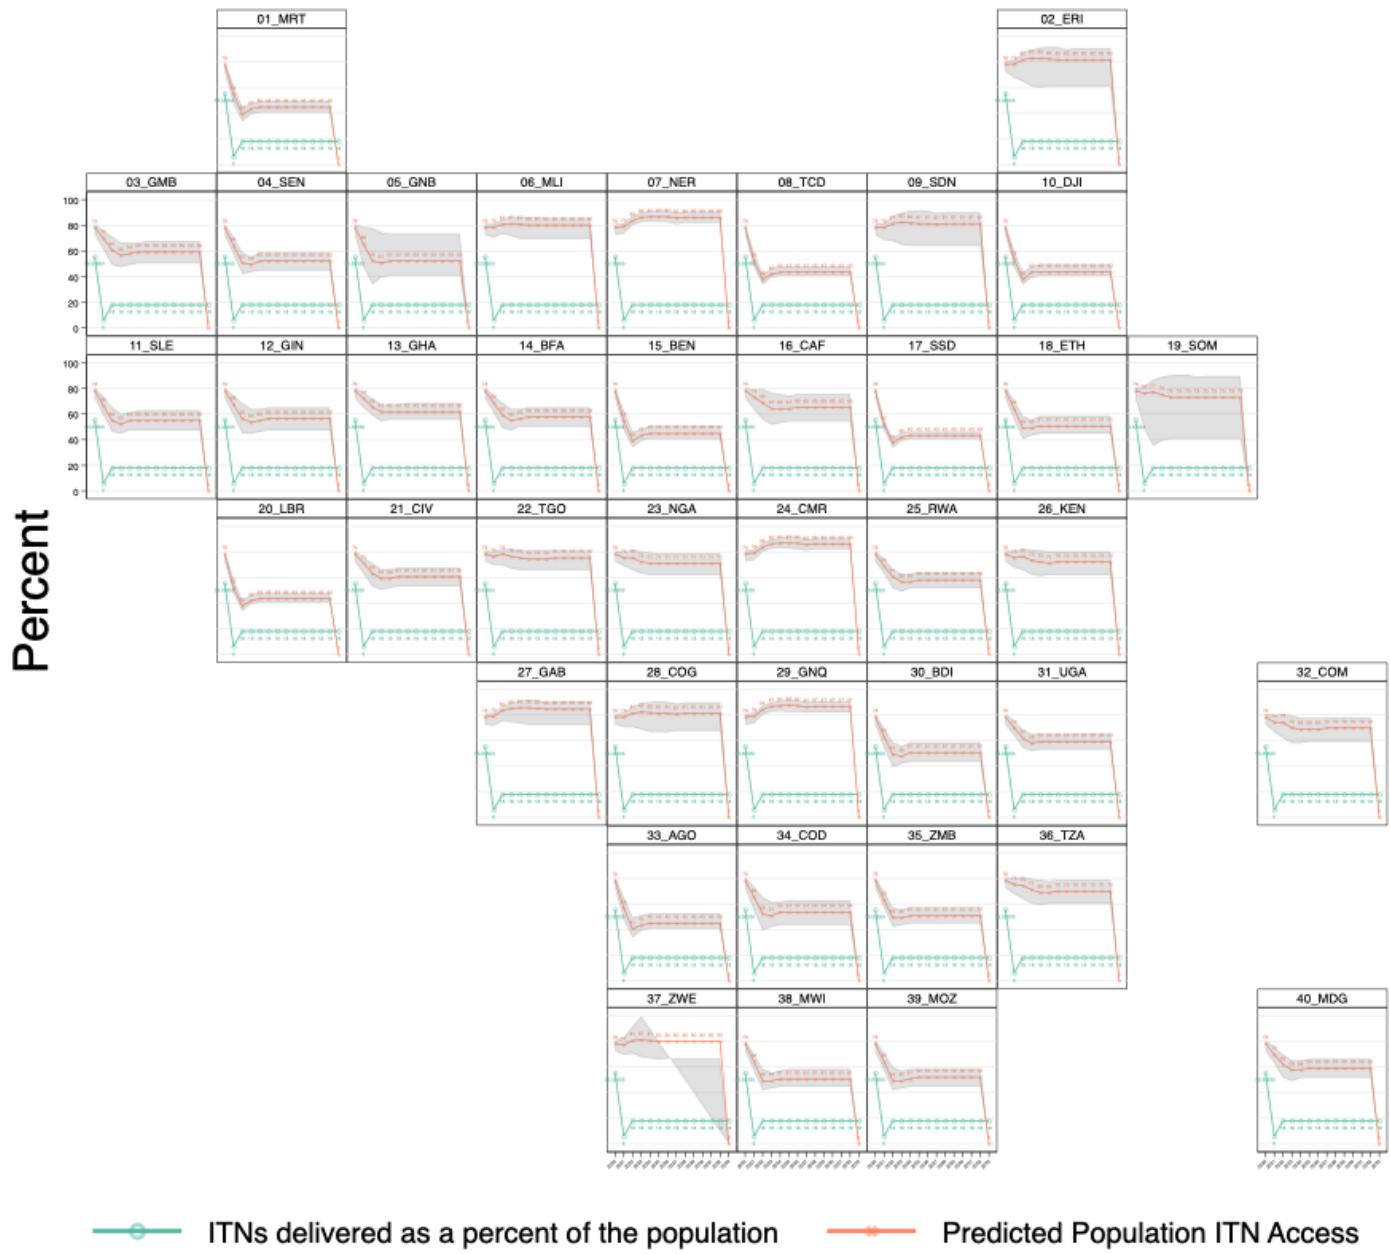

Annual distribution at 15%

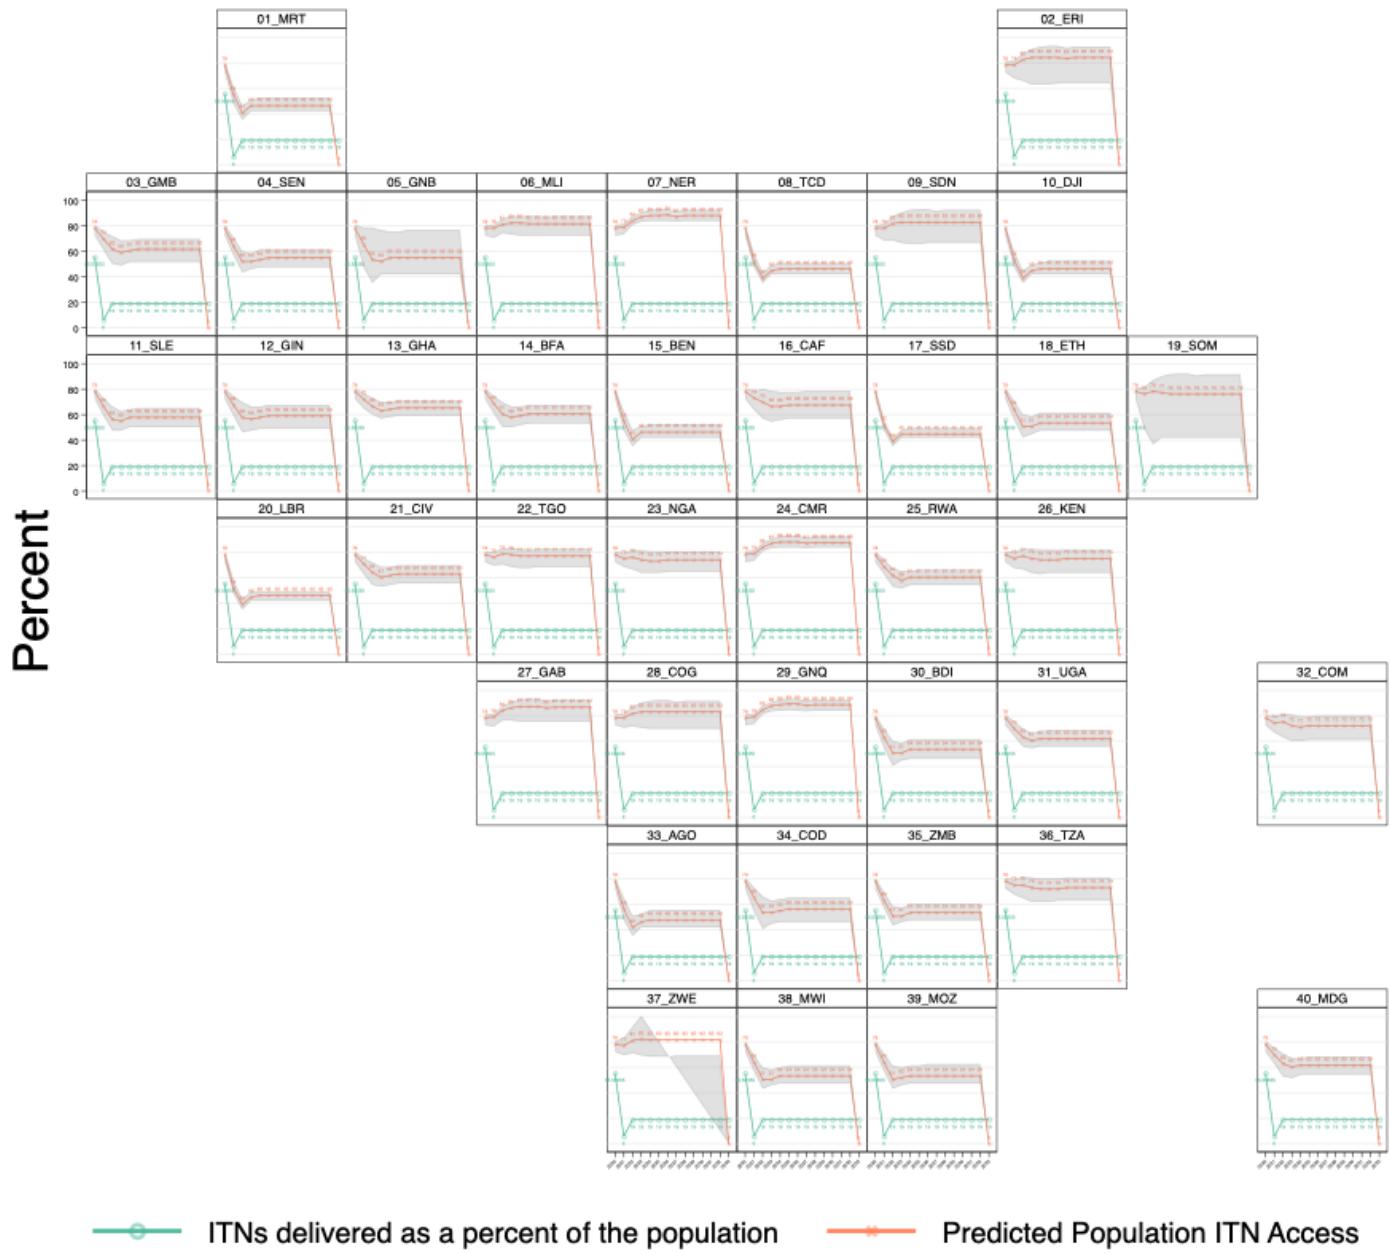

Annual distribution at 16%

Annual distribution at 17%

Annual distribution at 18%

Annual distribution at 19%

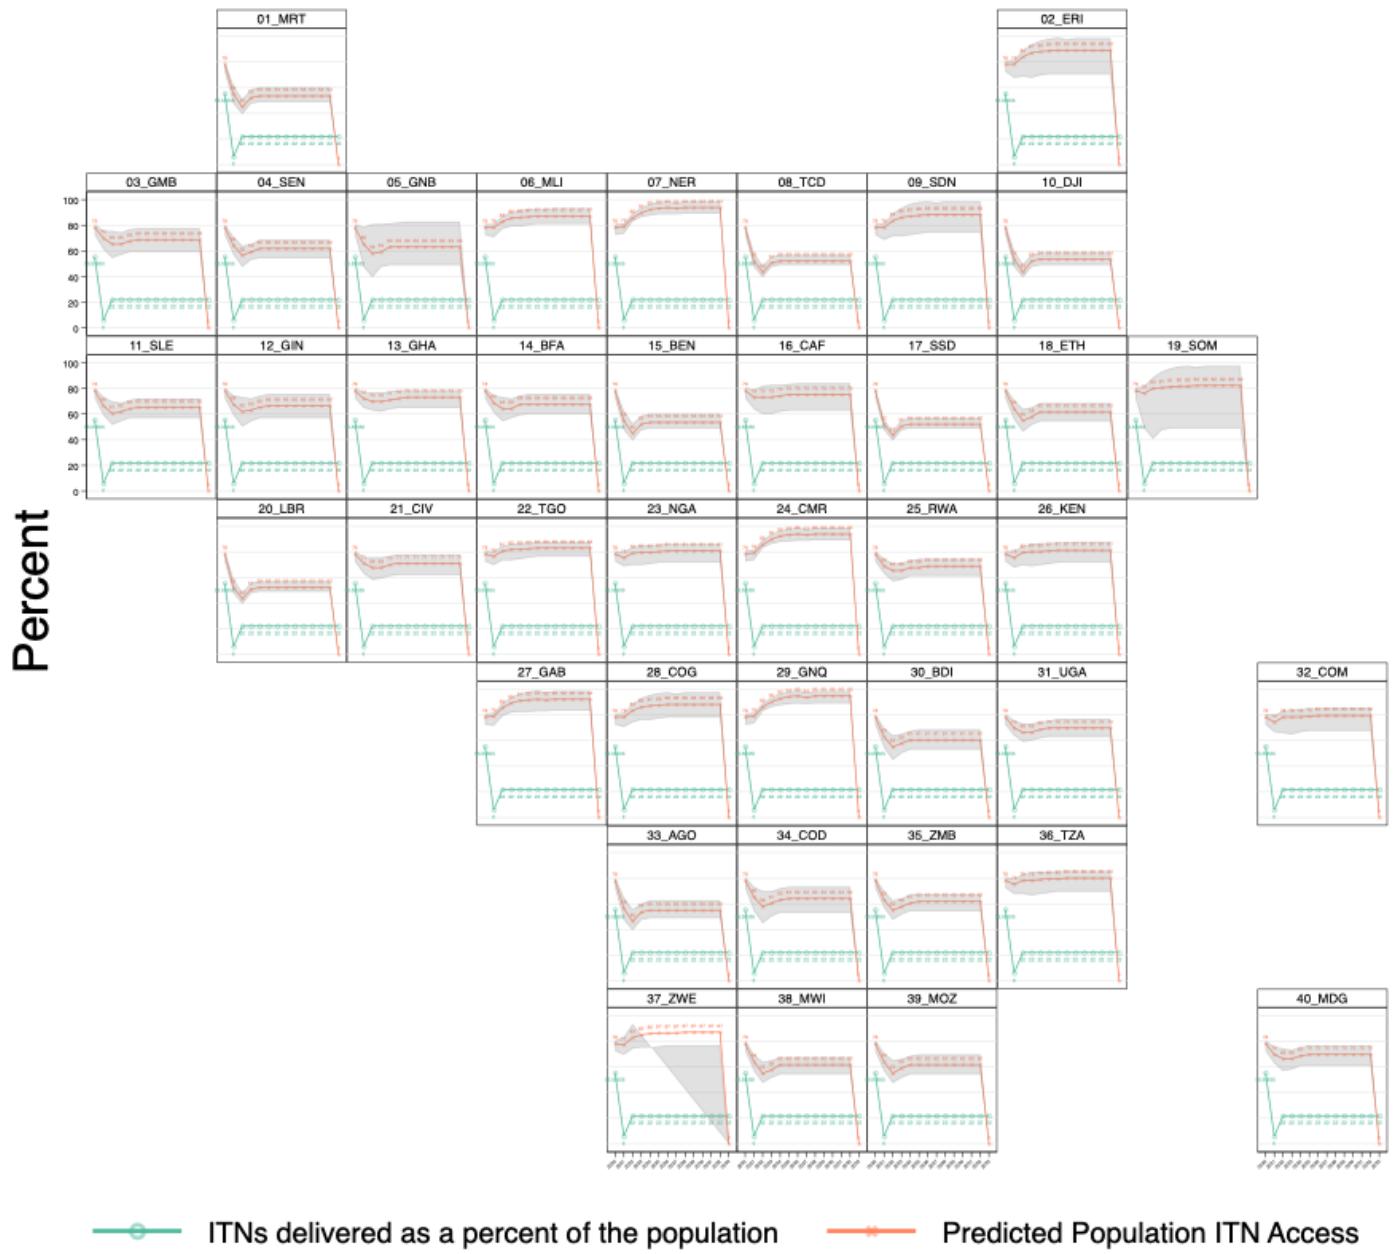

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

Annual distribution at 20%

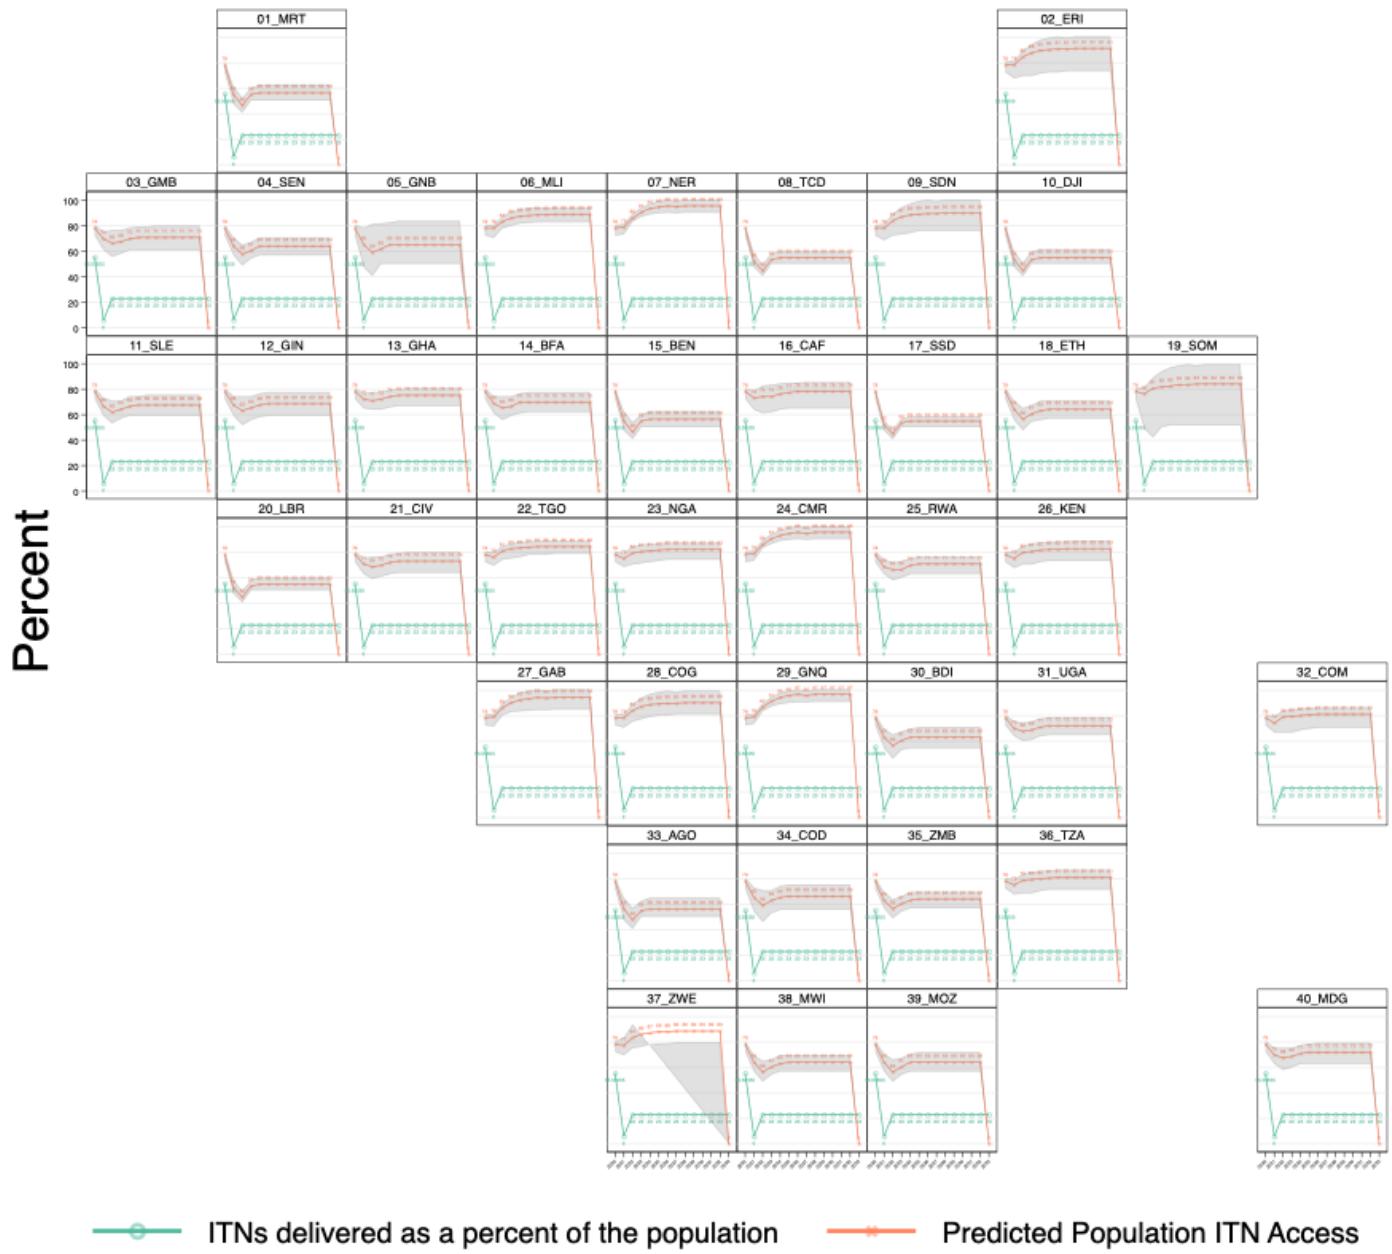

—●— ITNs delivered as a percent of the population —●— Predicted Population ITN Access

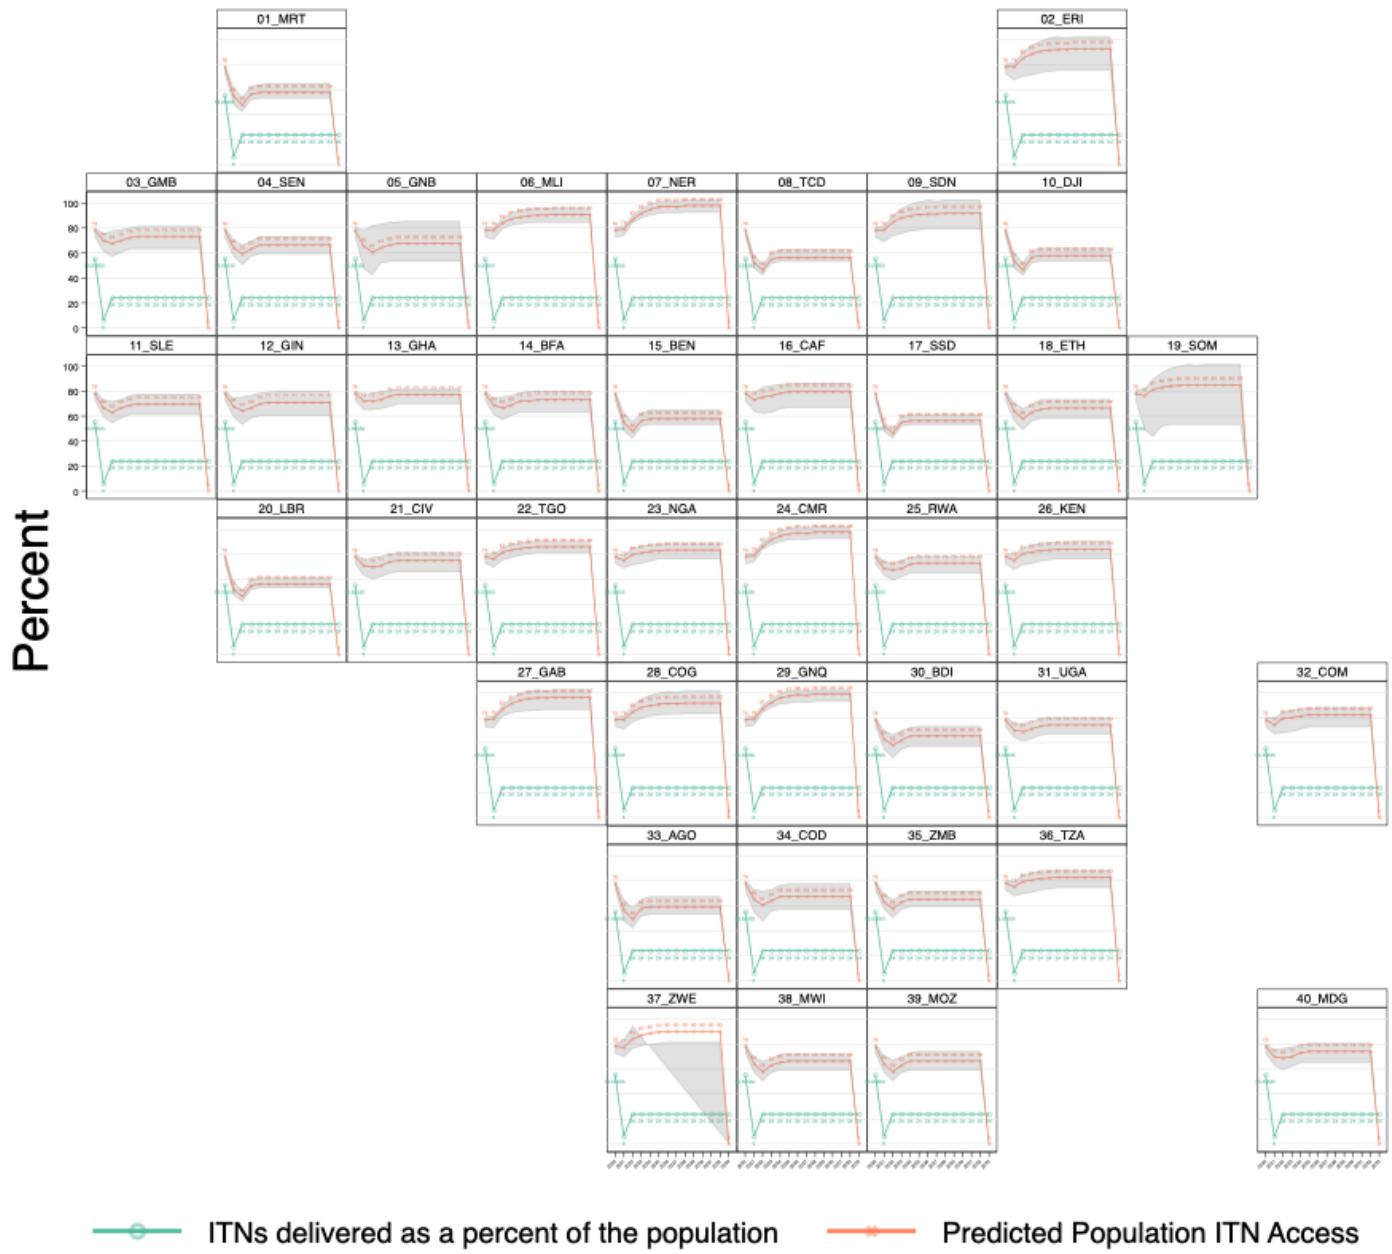

Annual distribution at 21%

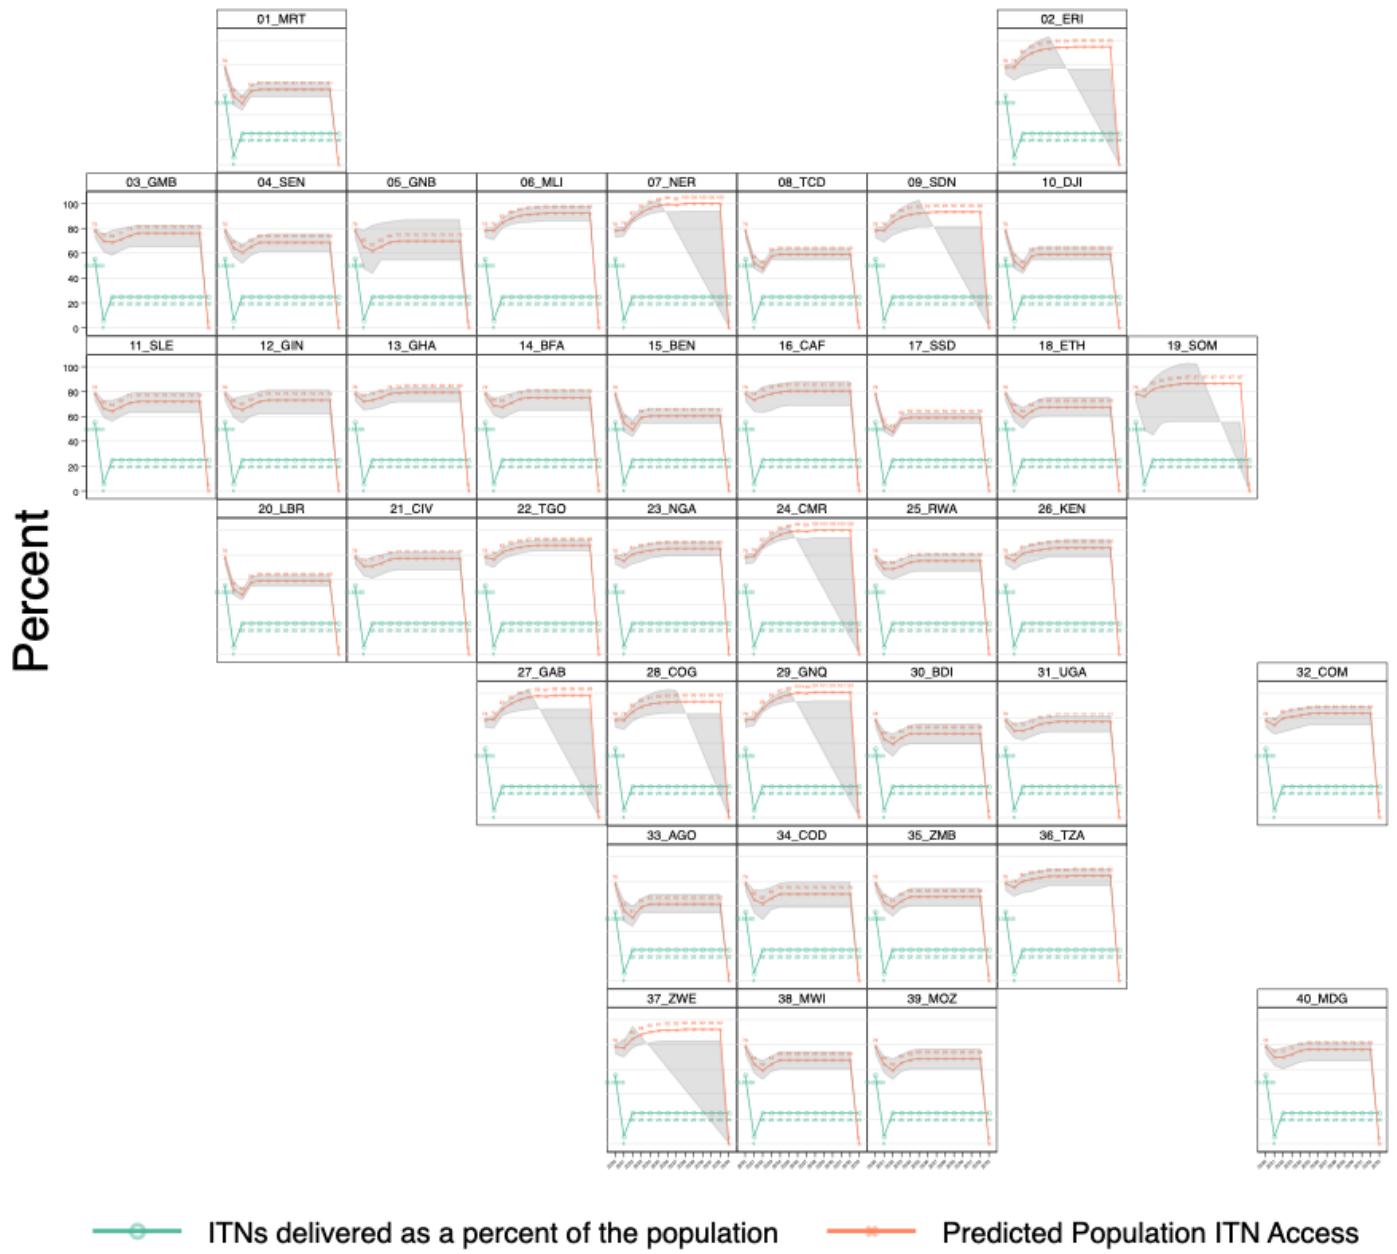

Annual distribution at 22%

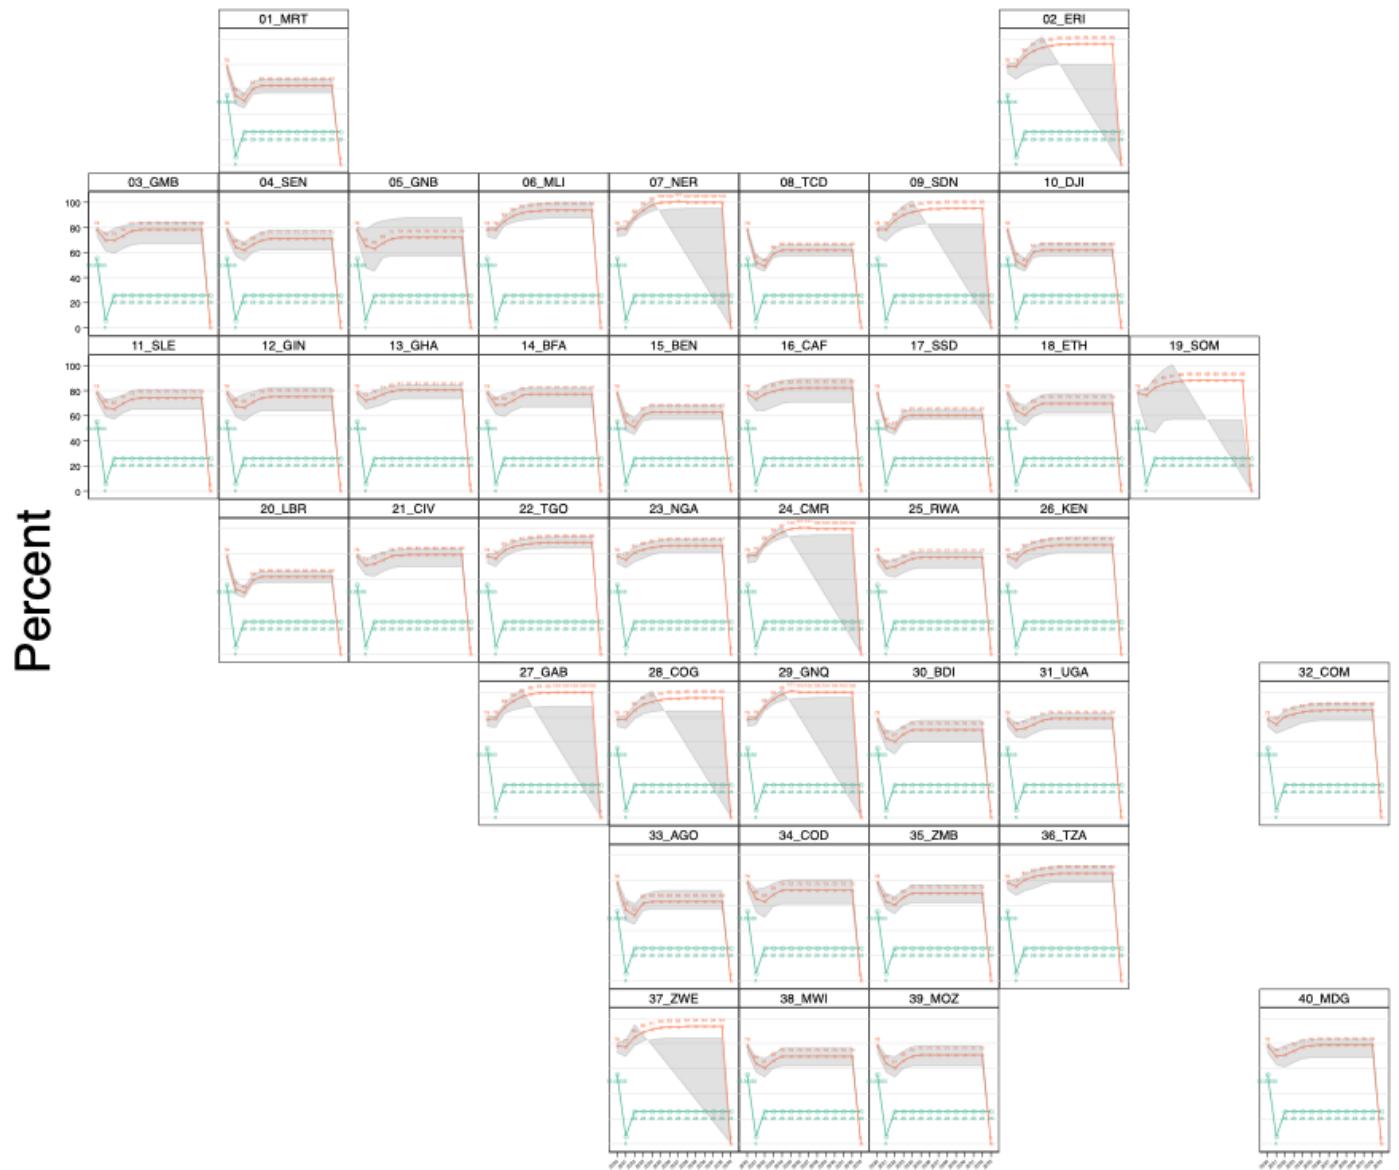

Annual distribution at 23%

Annual distribution at 24%

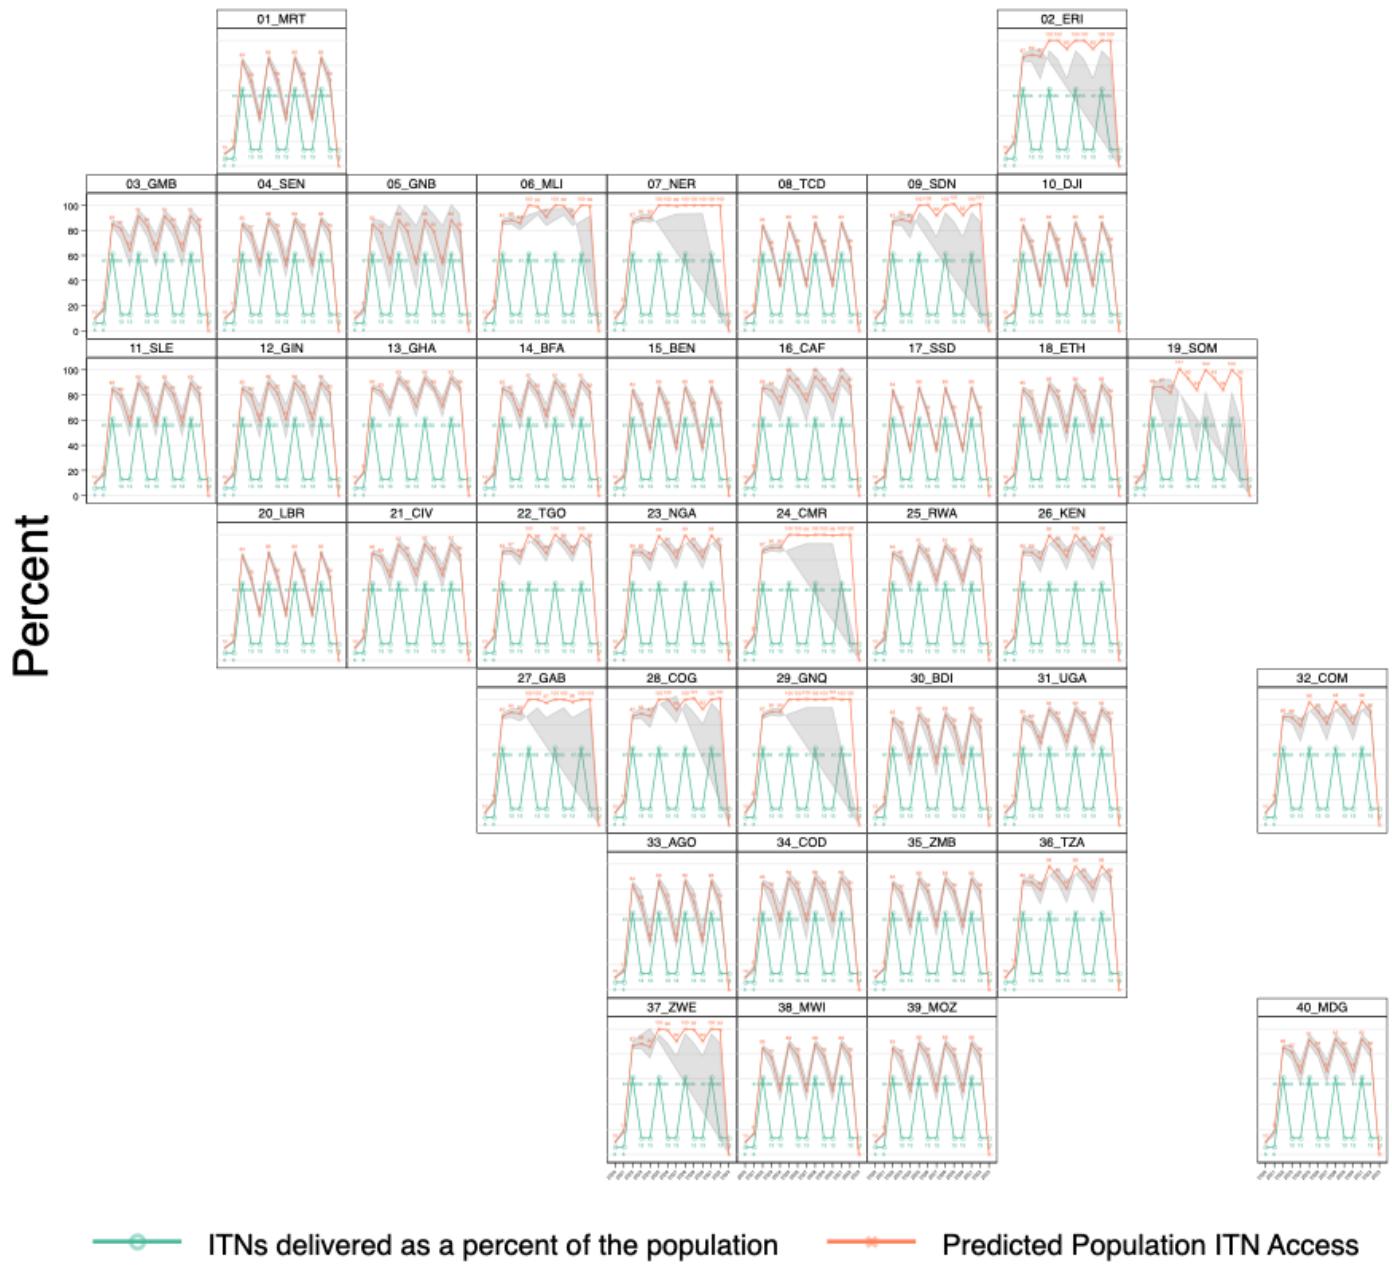

Annual distribution at 25%

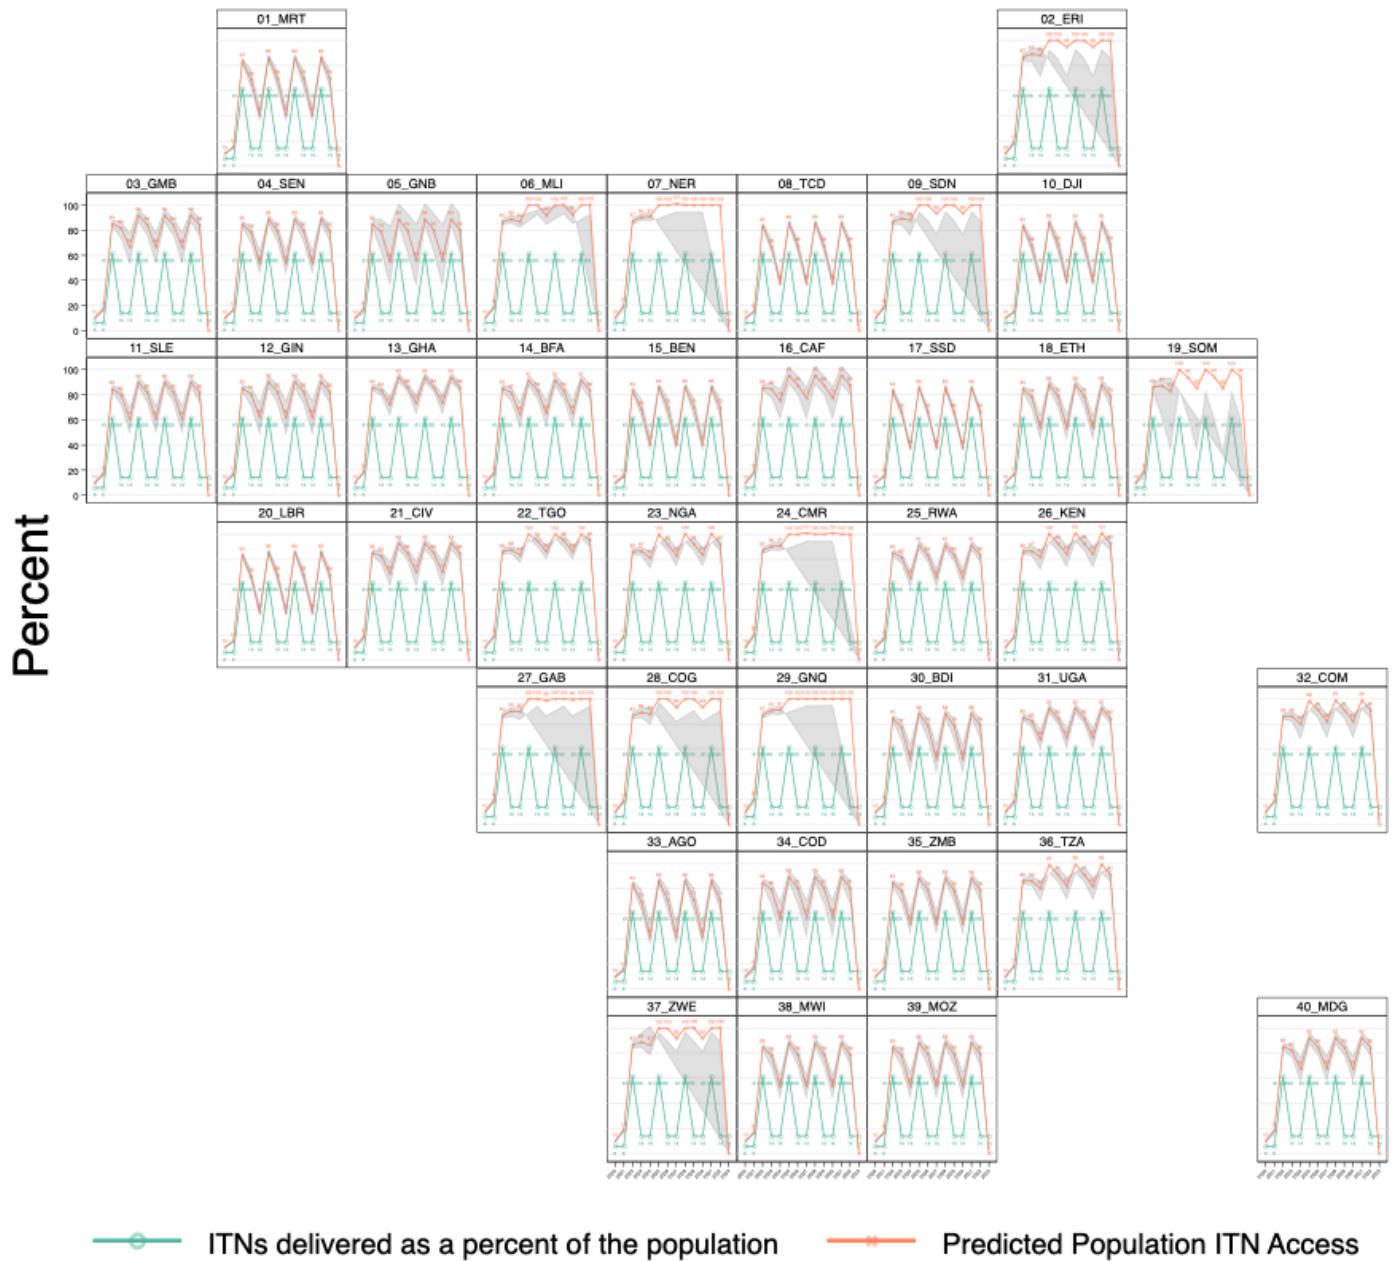

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

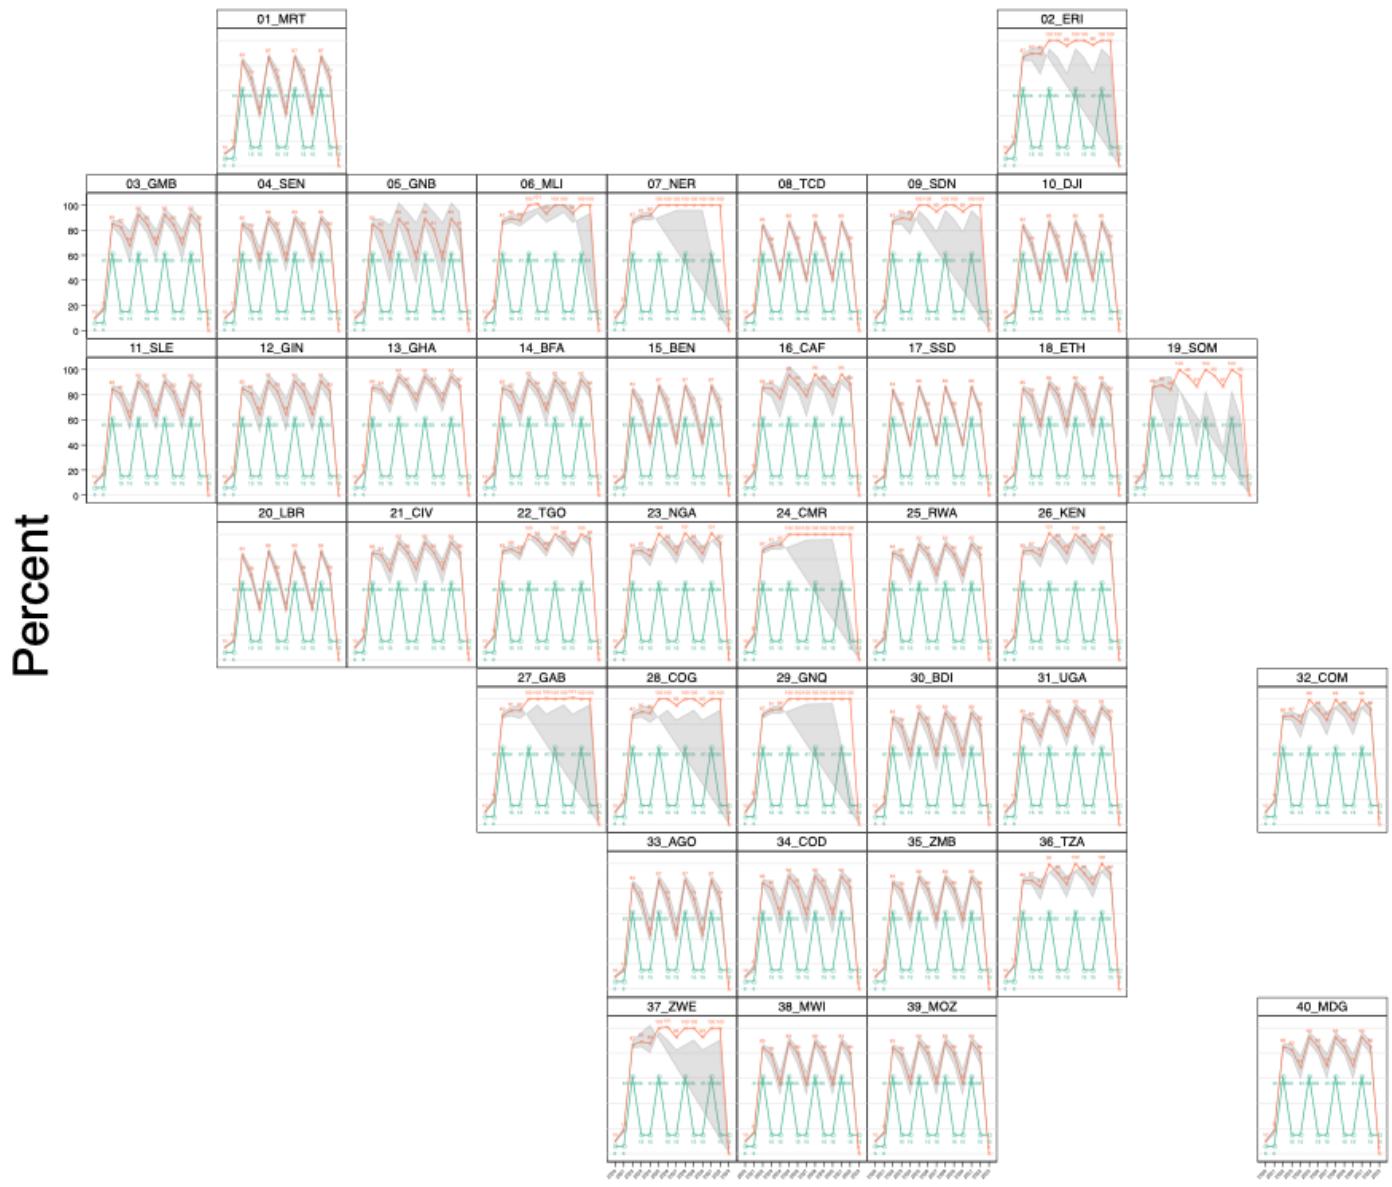

Annual distribution at 26%

3. Projected ITN access from 3 year mass campaigns with 6% ANC-EPI distribution and varying between-campaign annual distributions

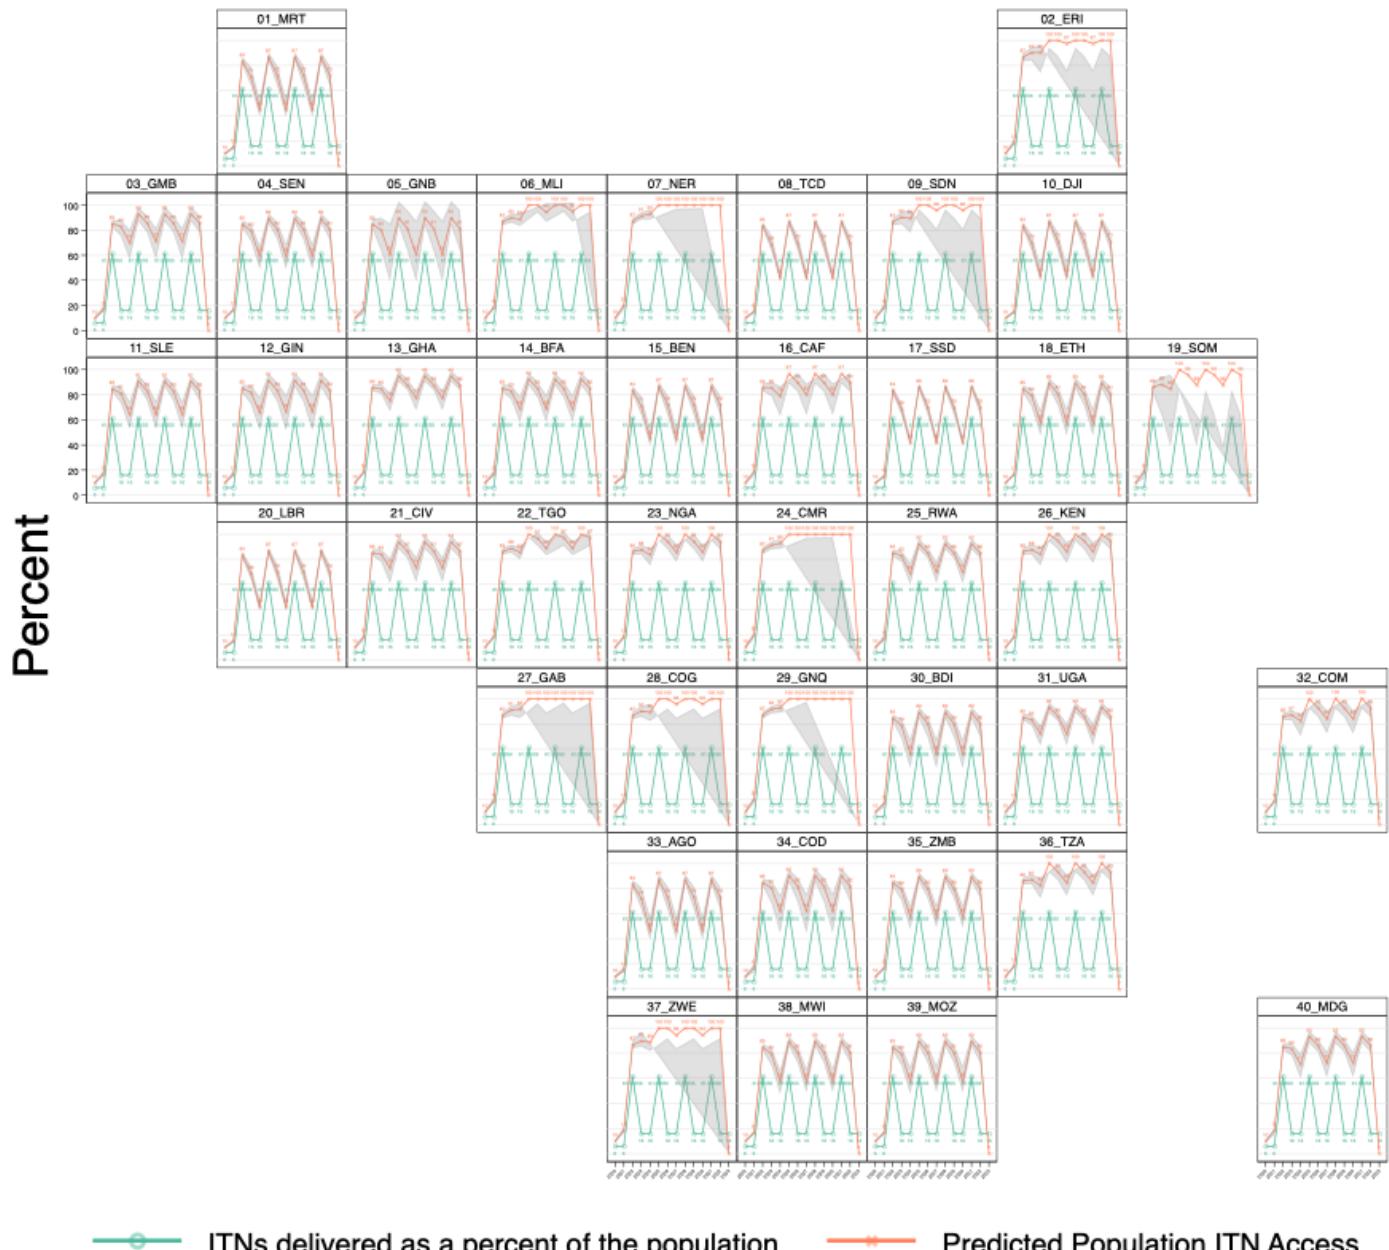

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 8%

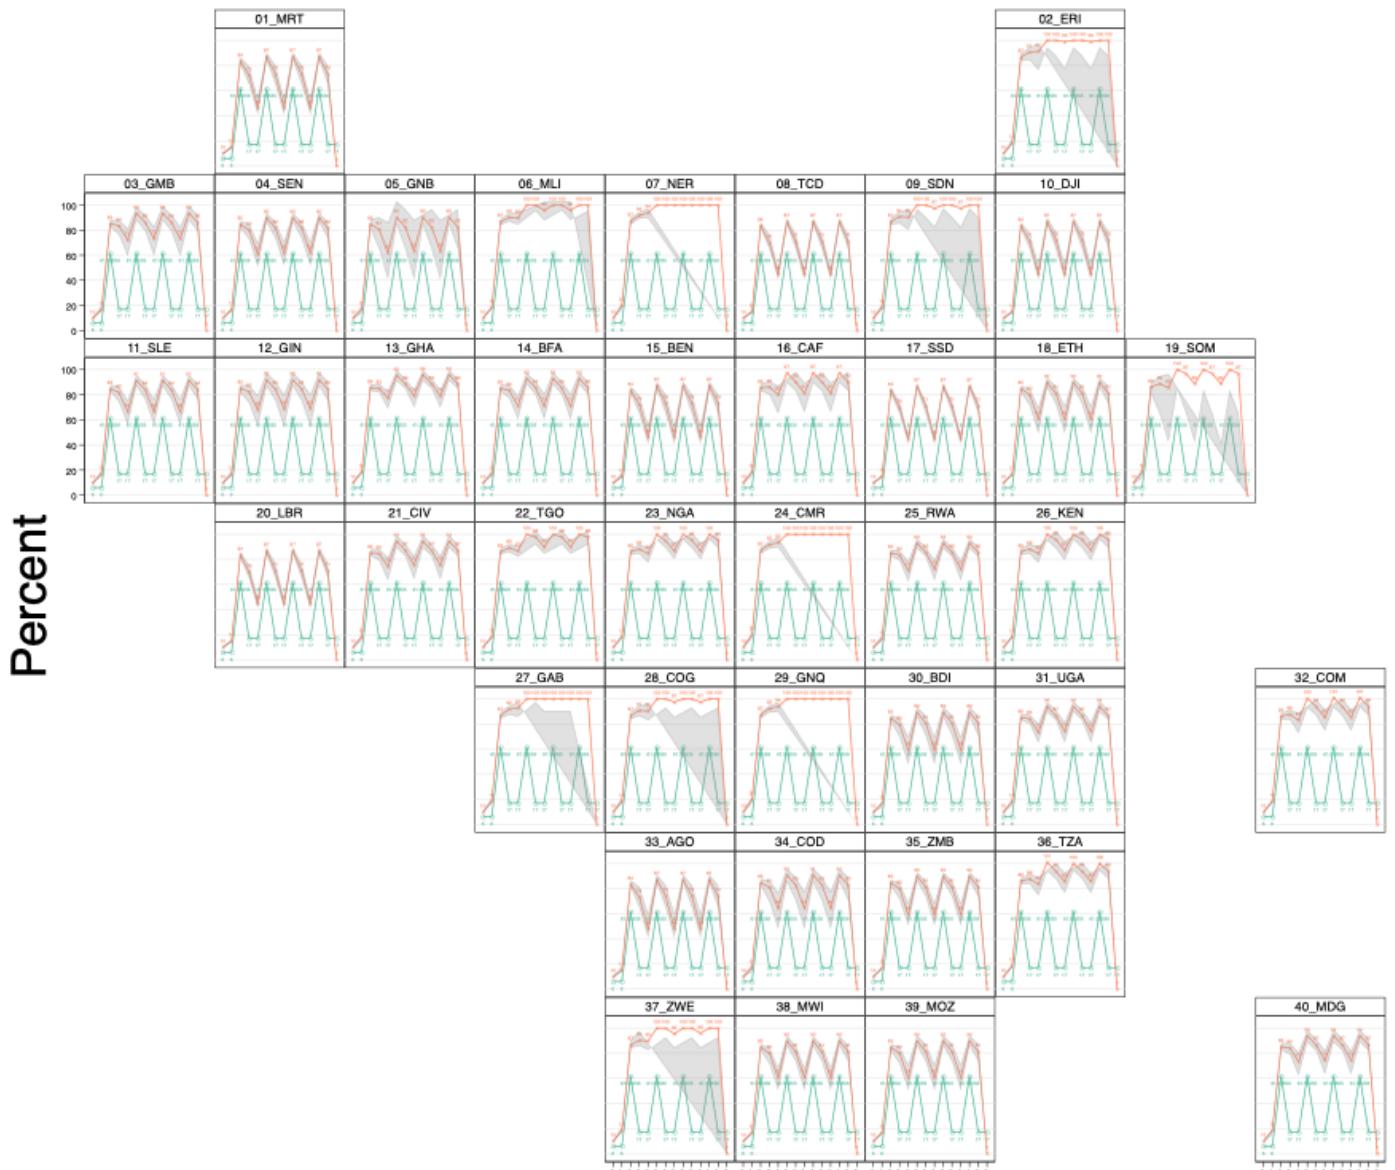

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 9%

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 10%

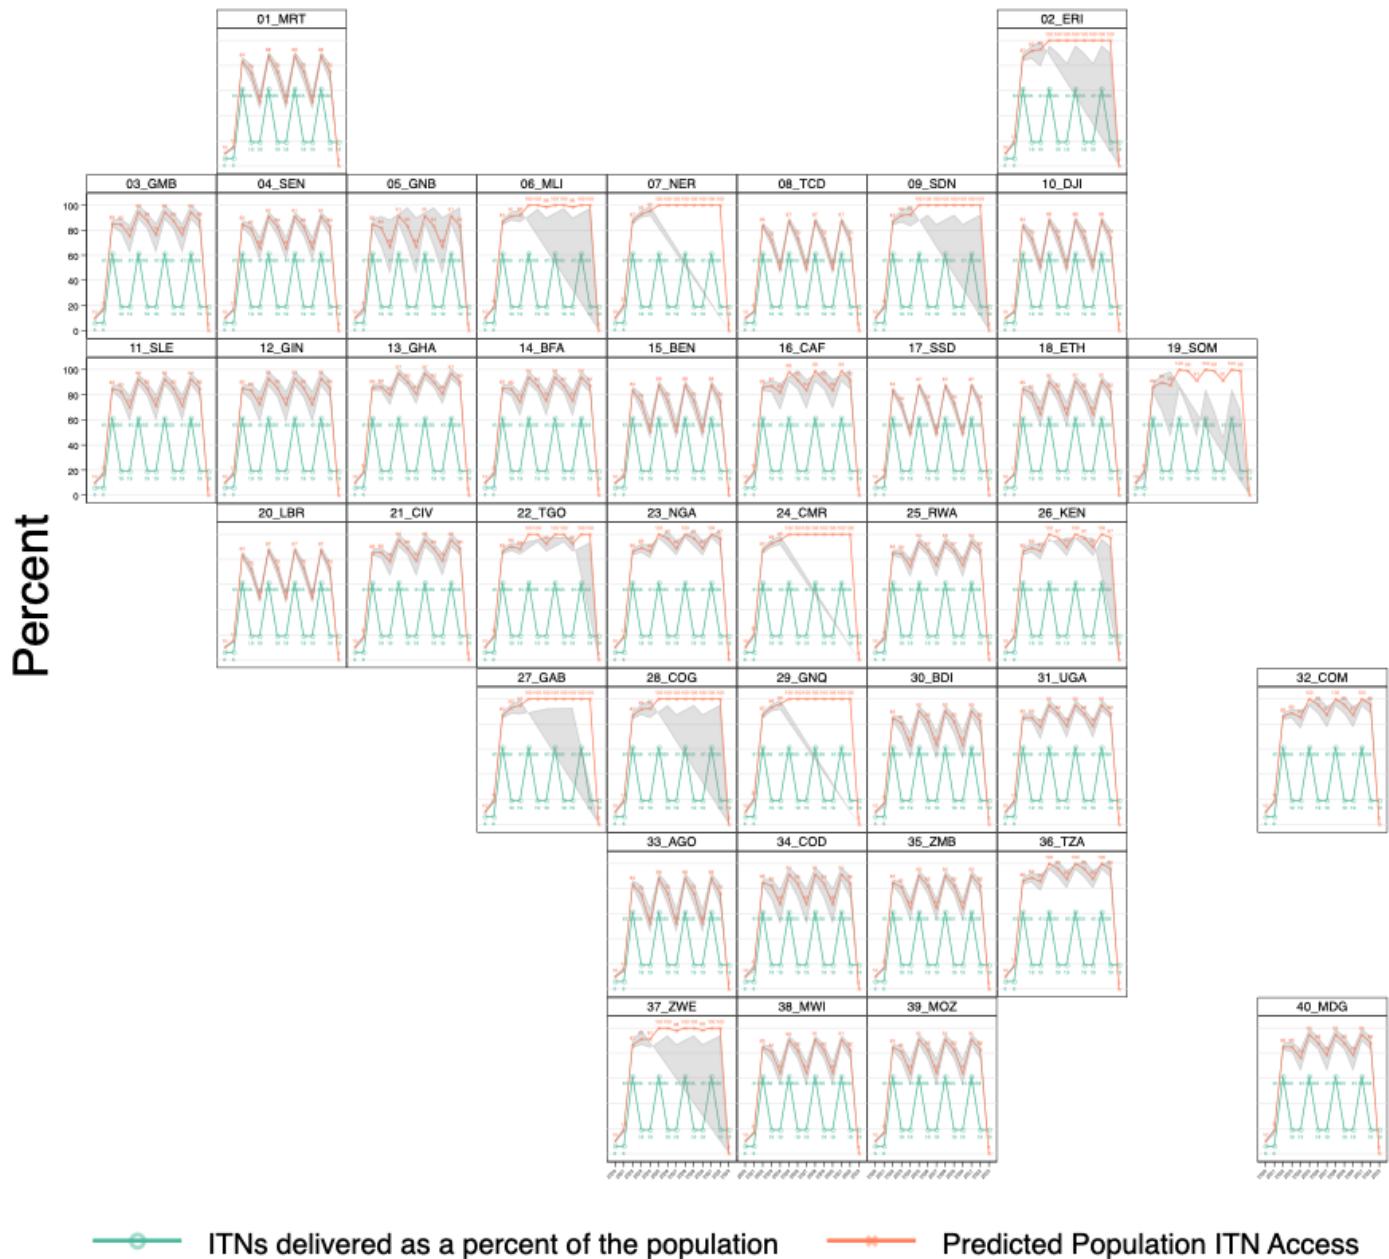

—●— ITNs delivered as a percent of the population —●— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 11%

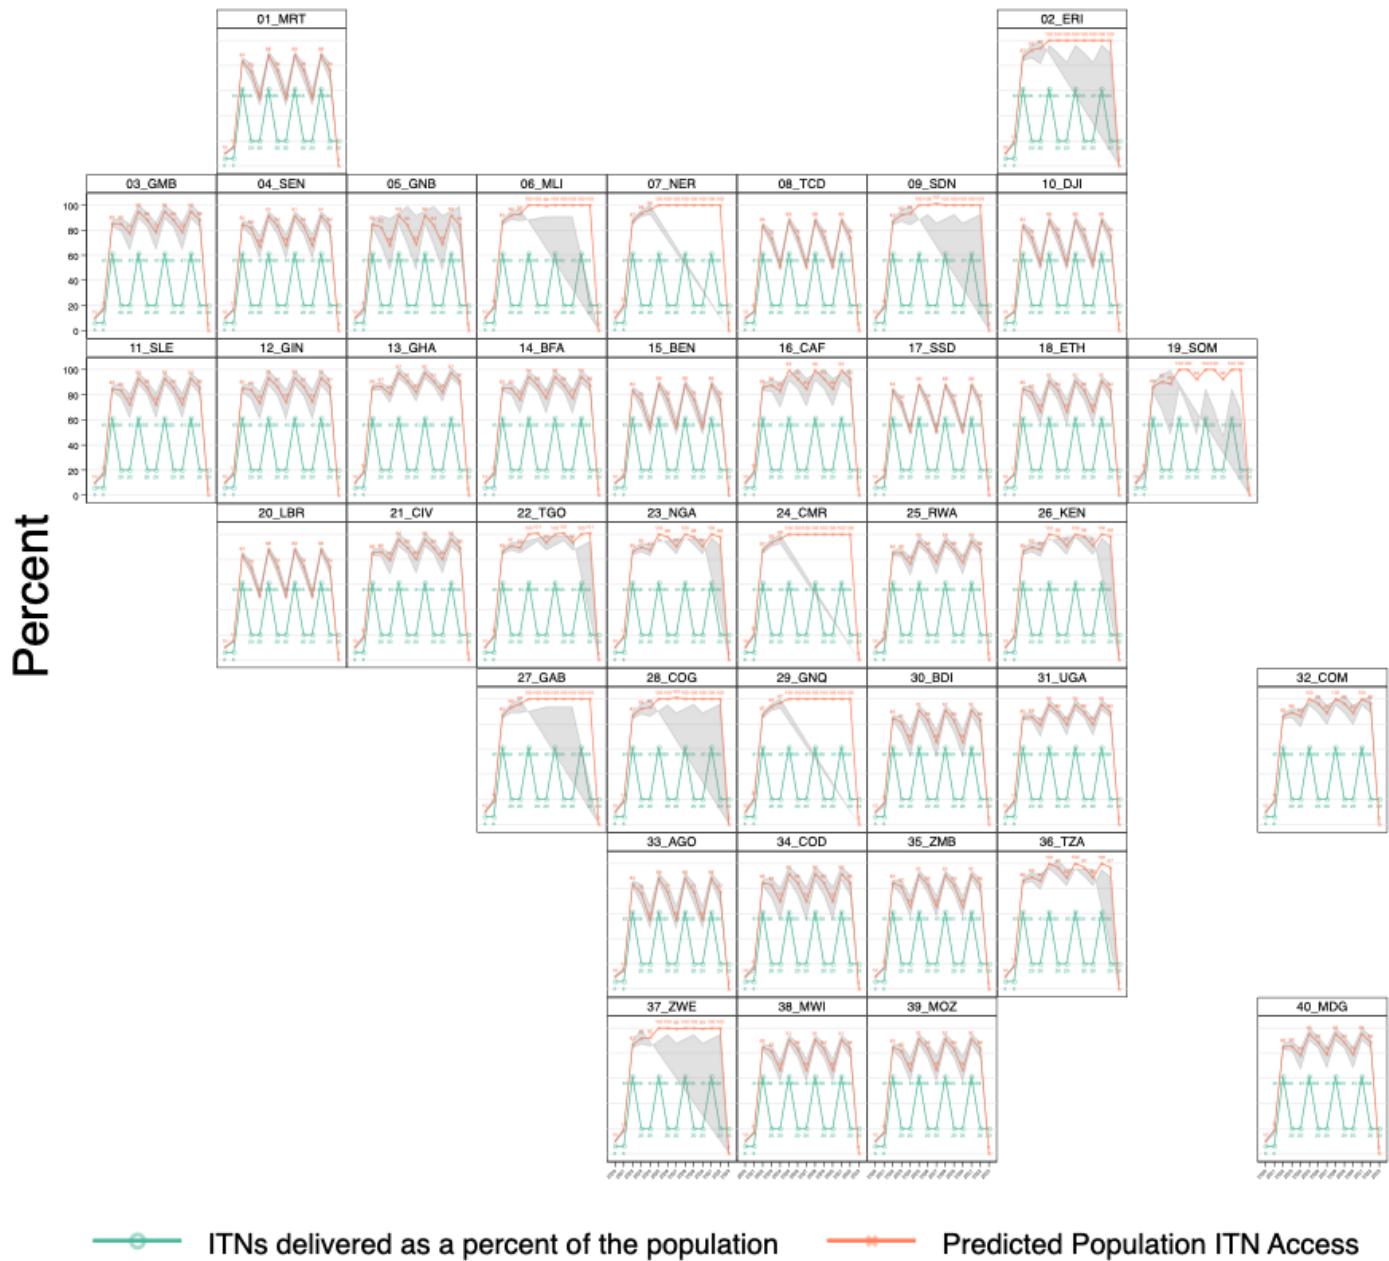

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 12%

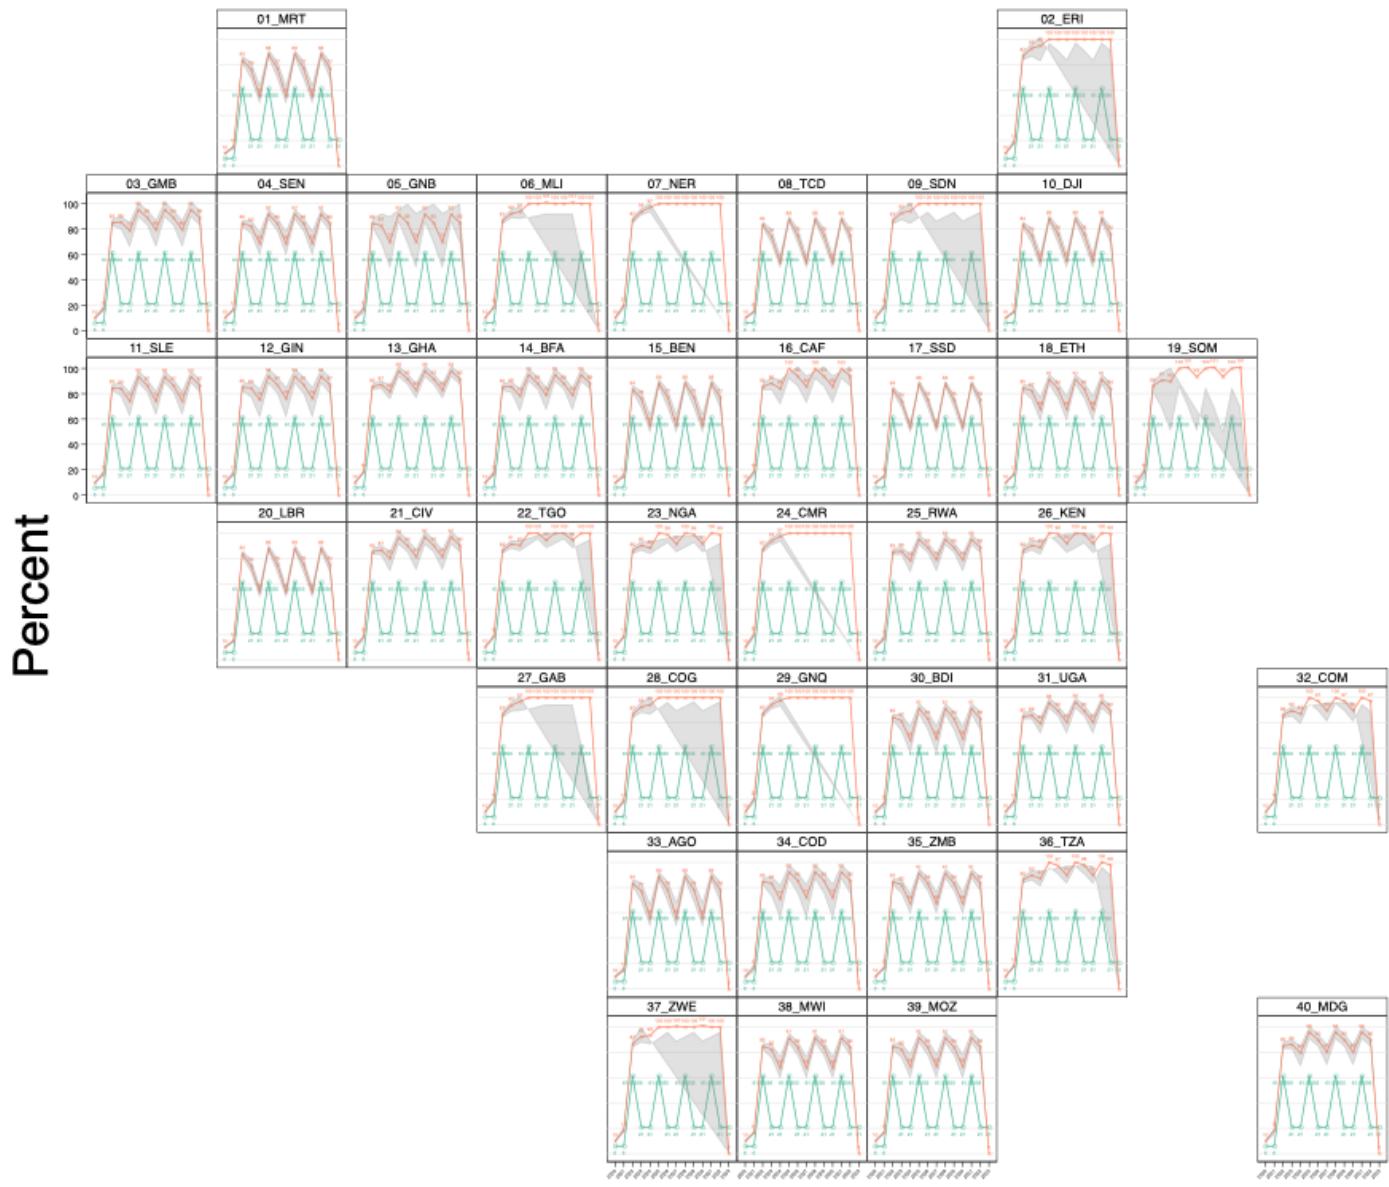

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 13%

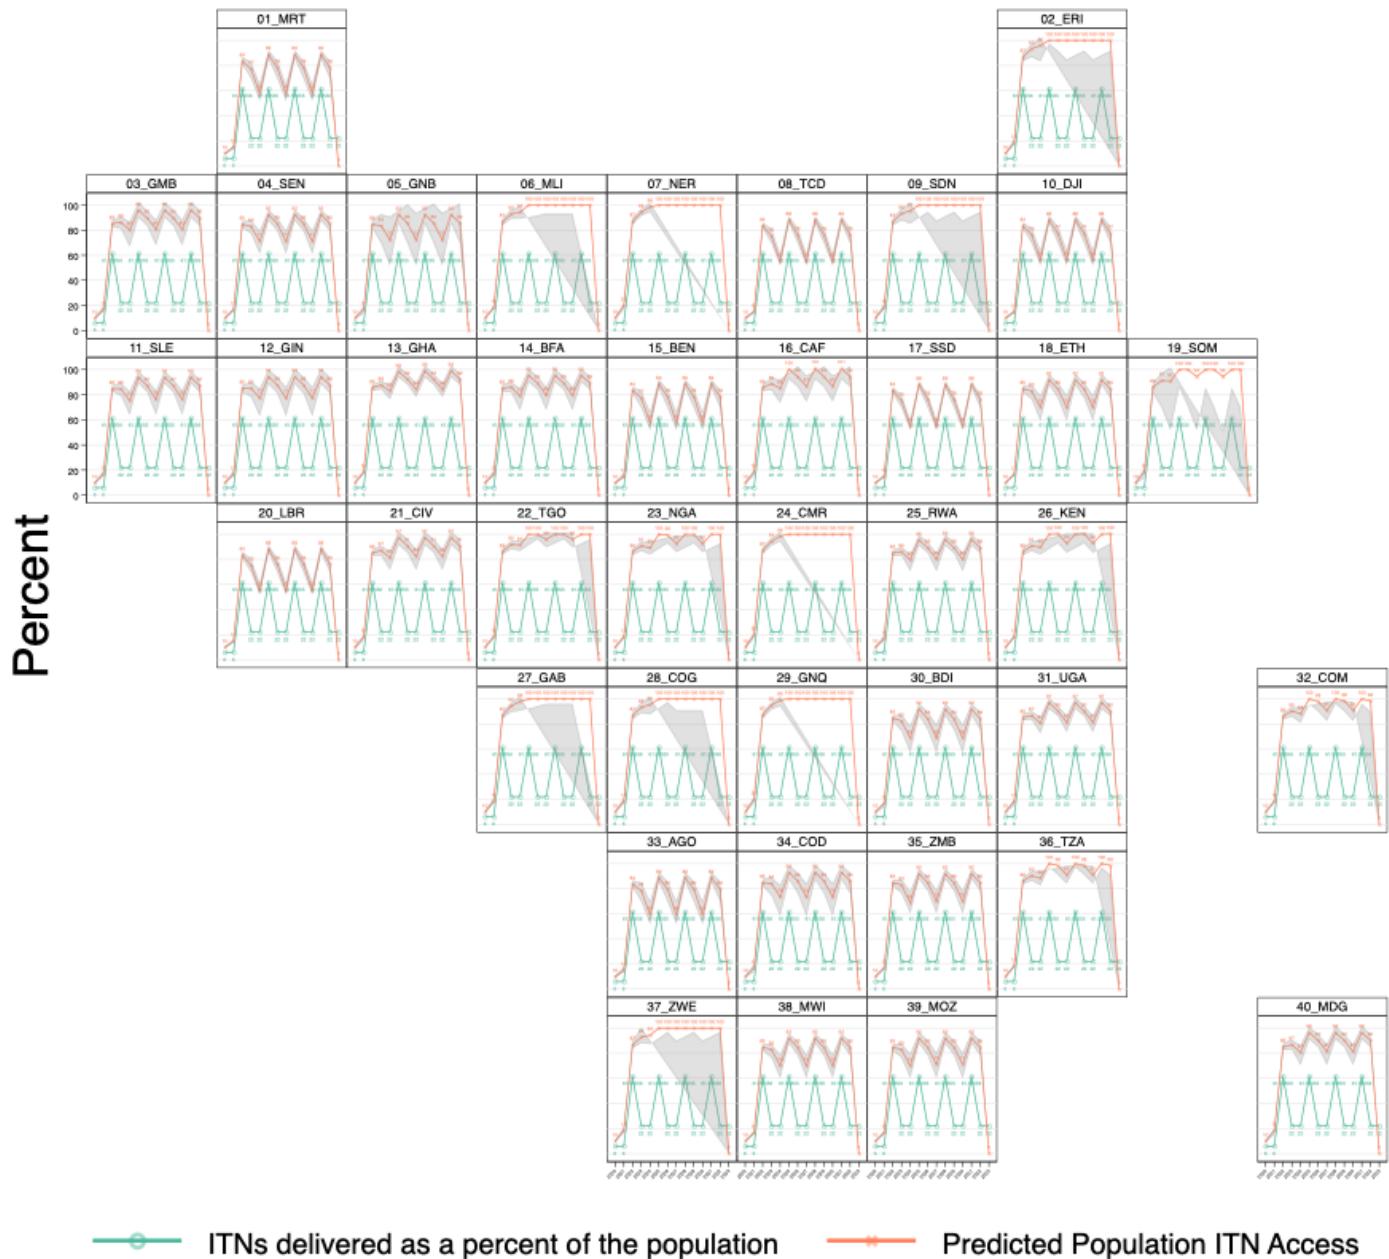

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 14%

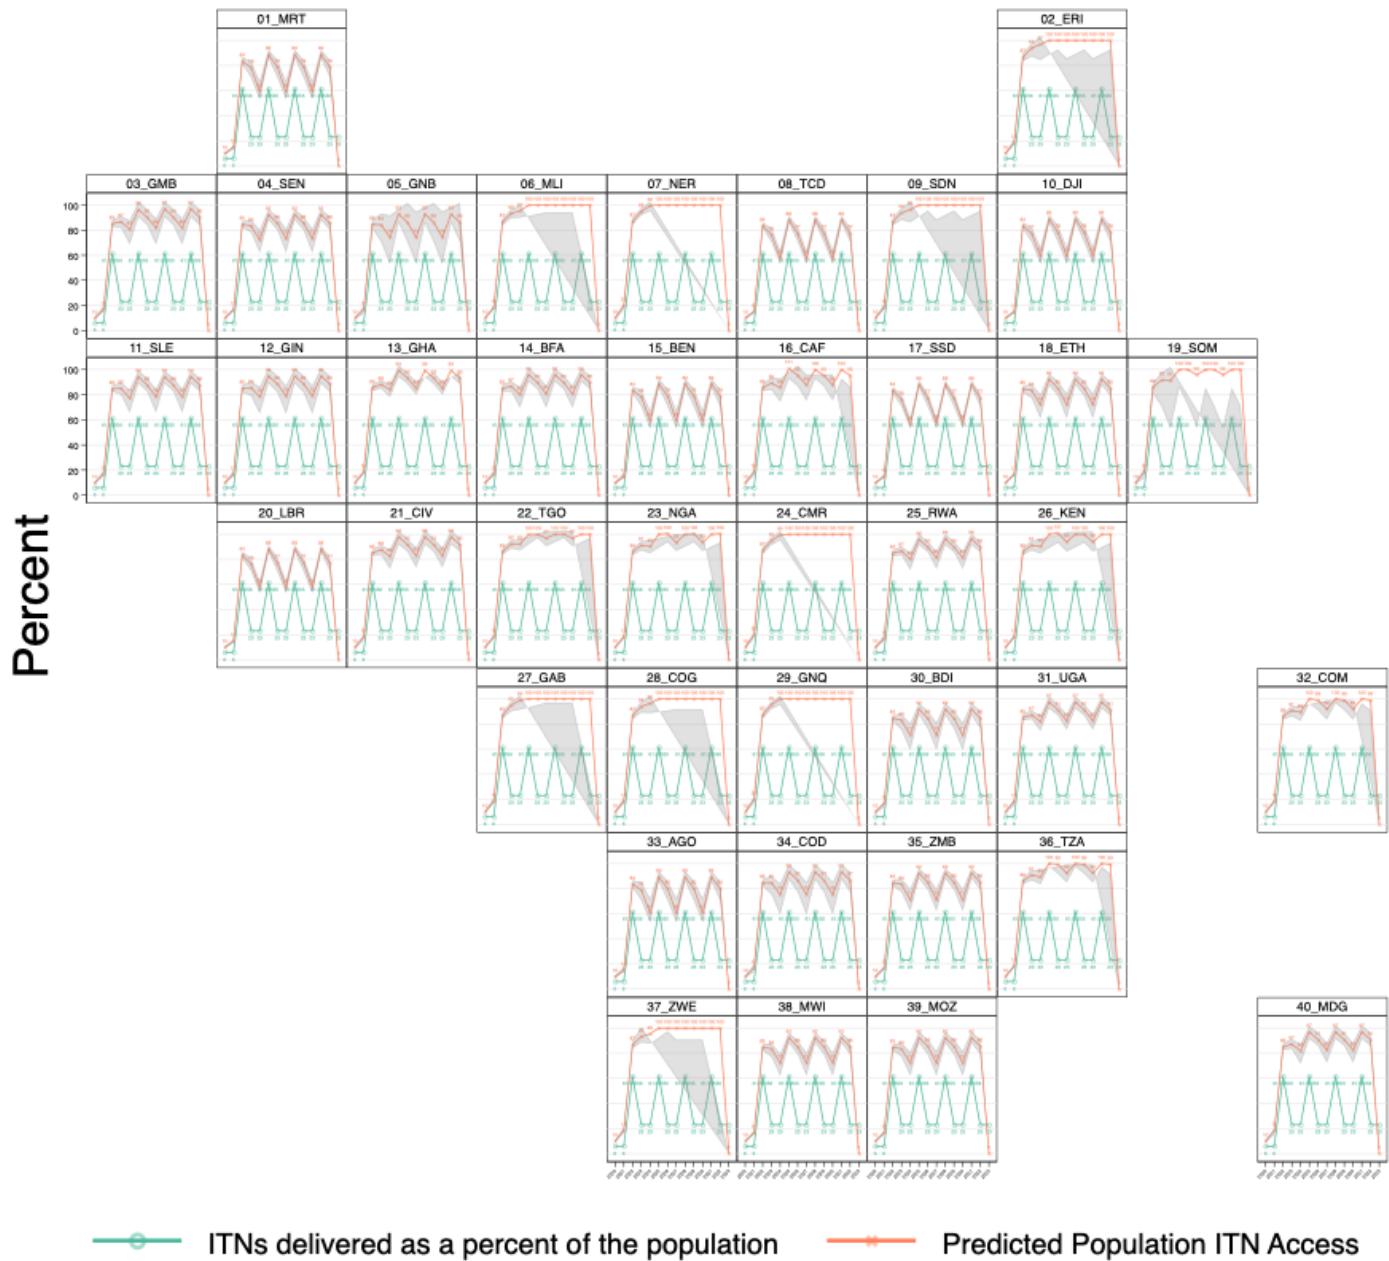

—●— ITNs delivered as a percent of the population —●— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 15%

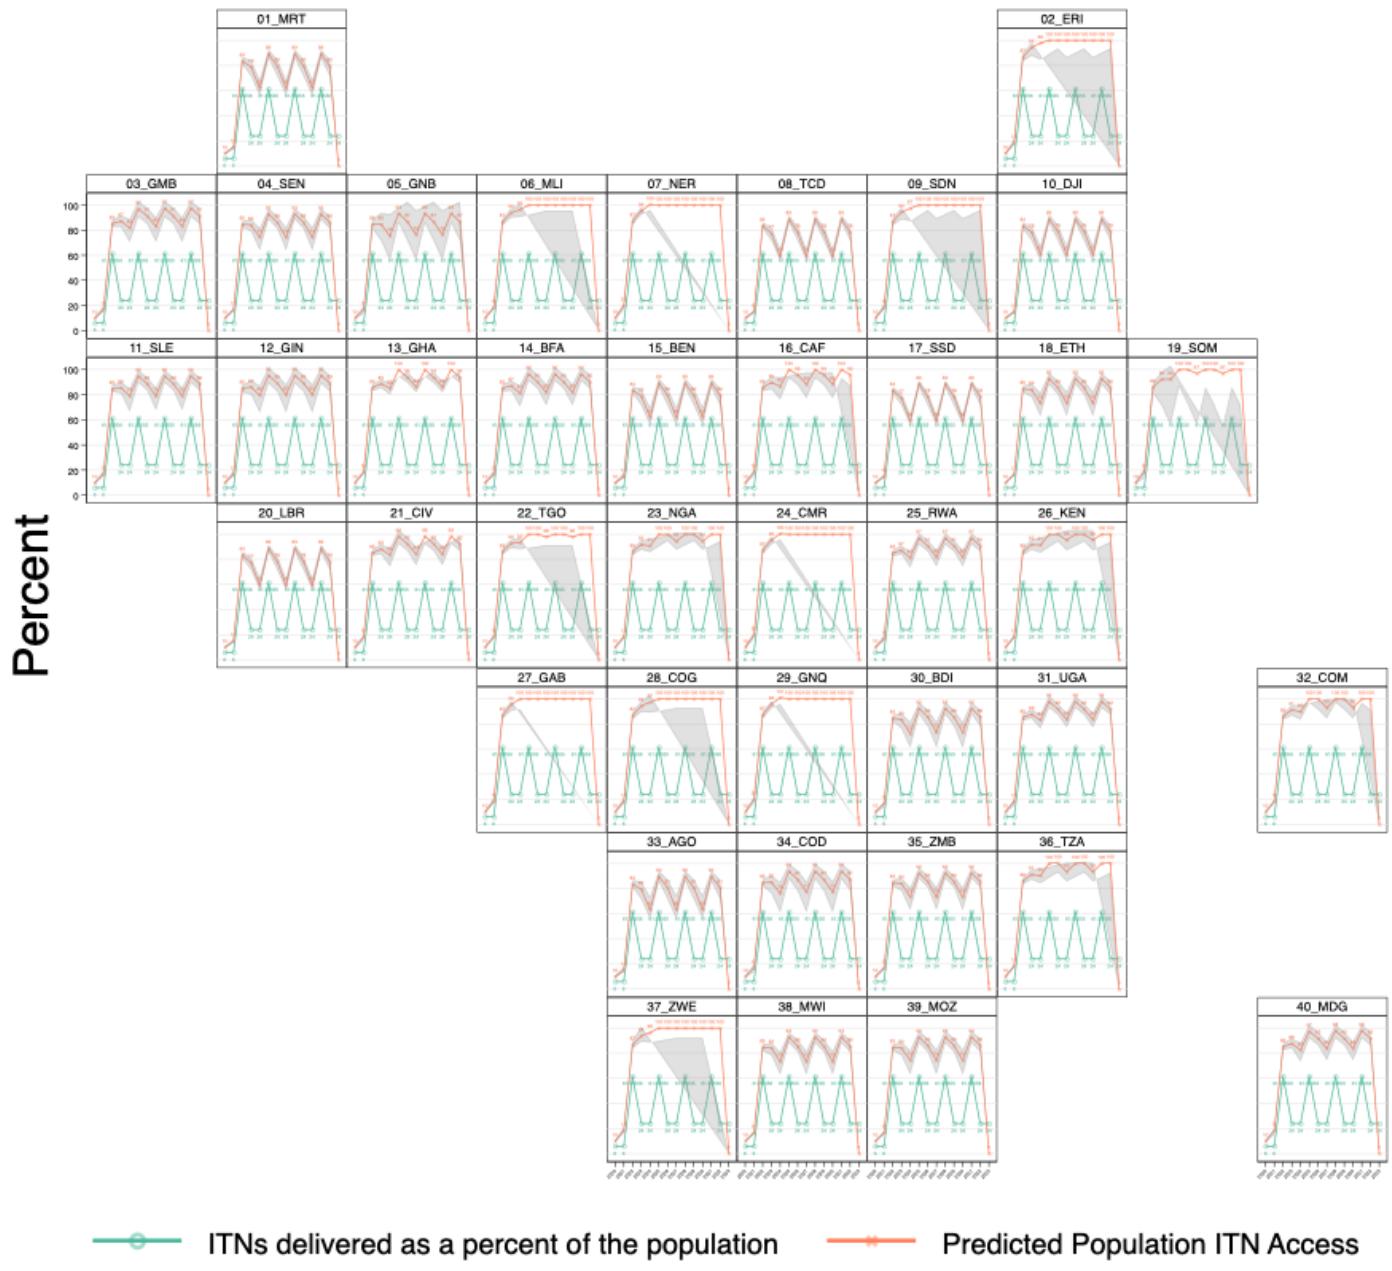

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

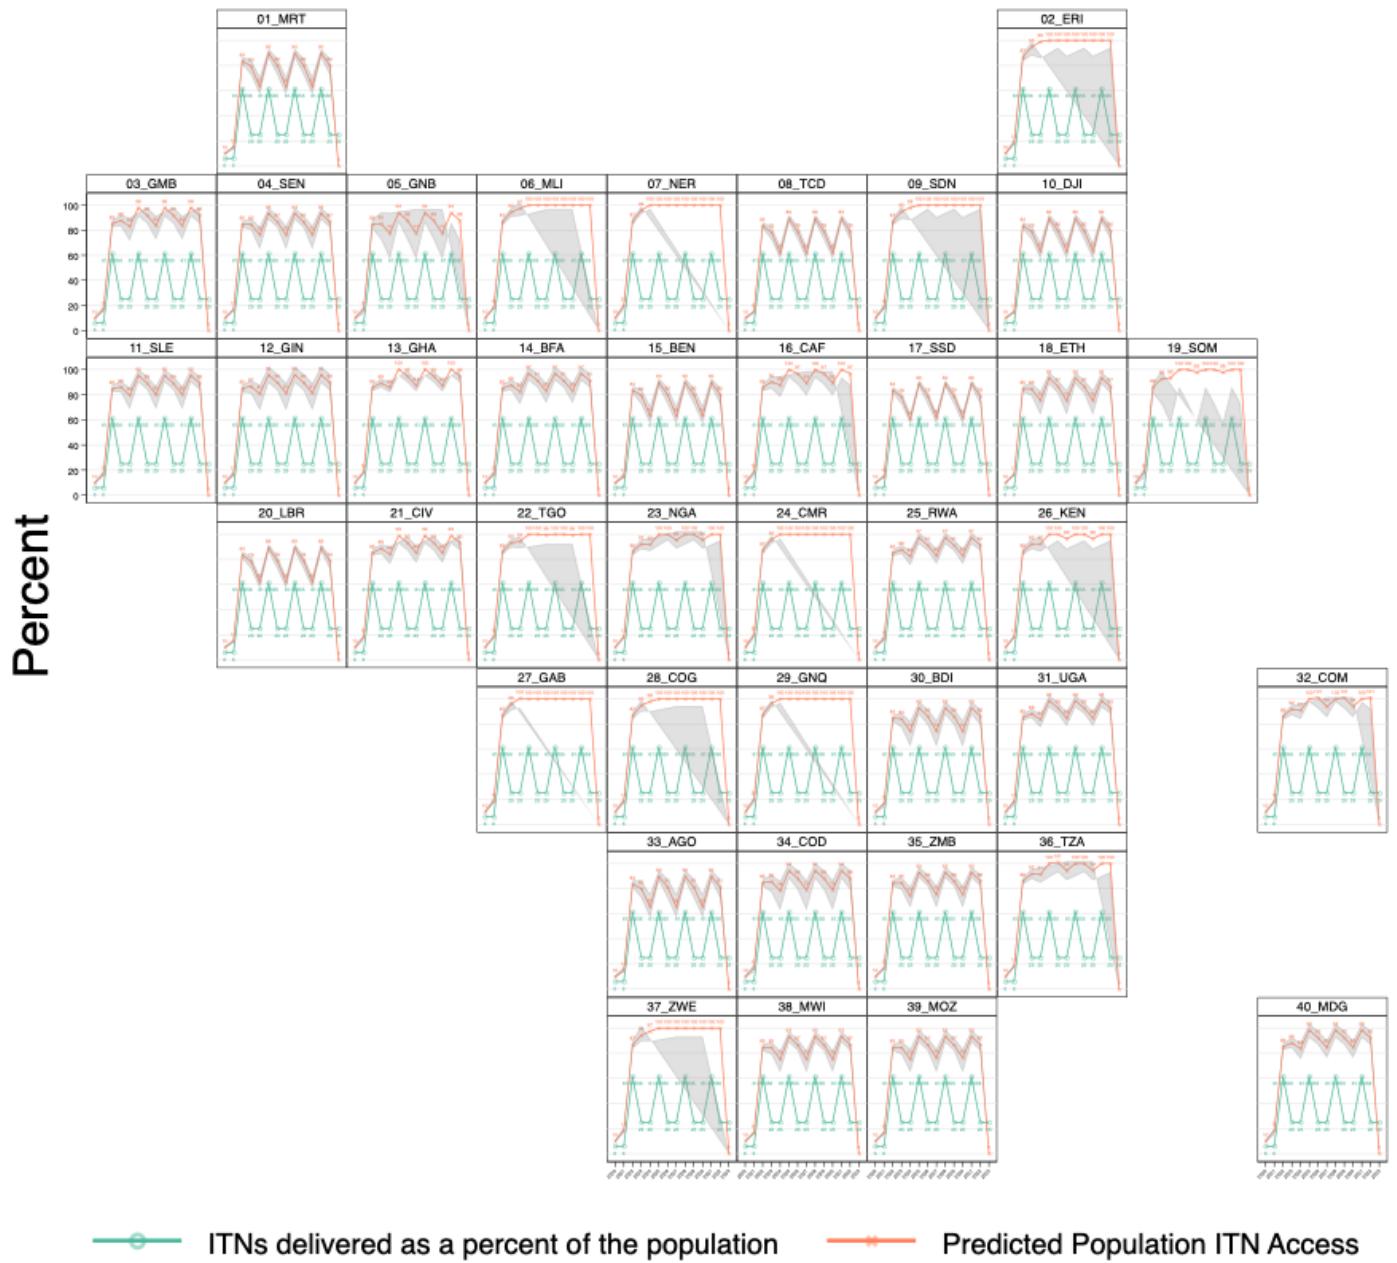

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 16%

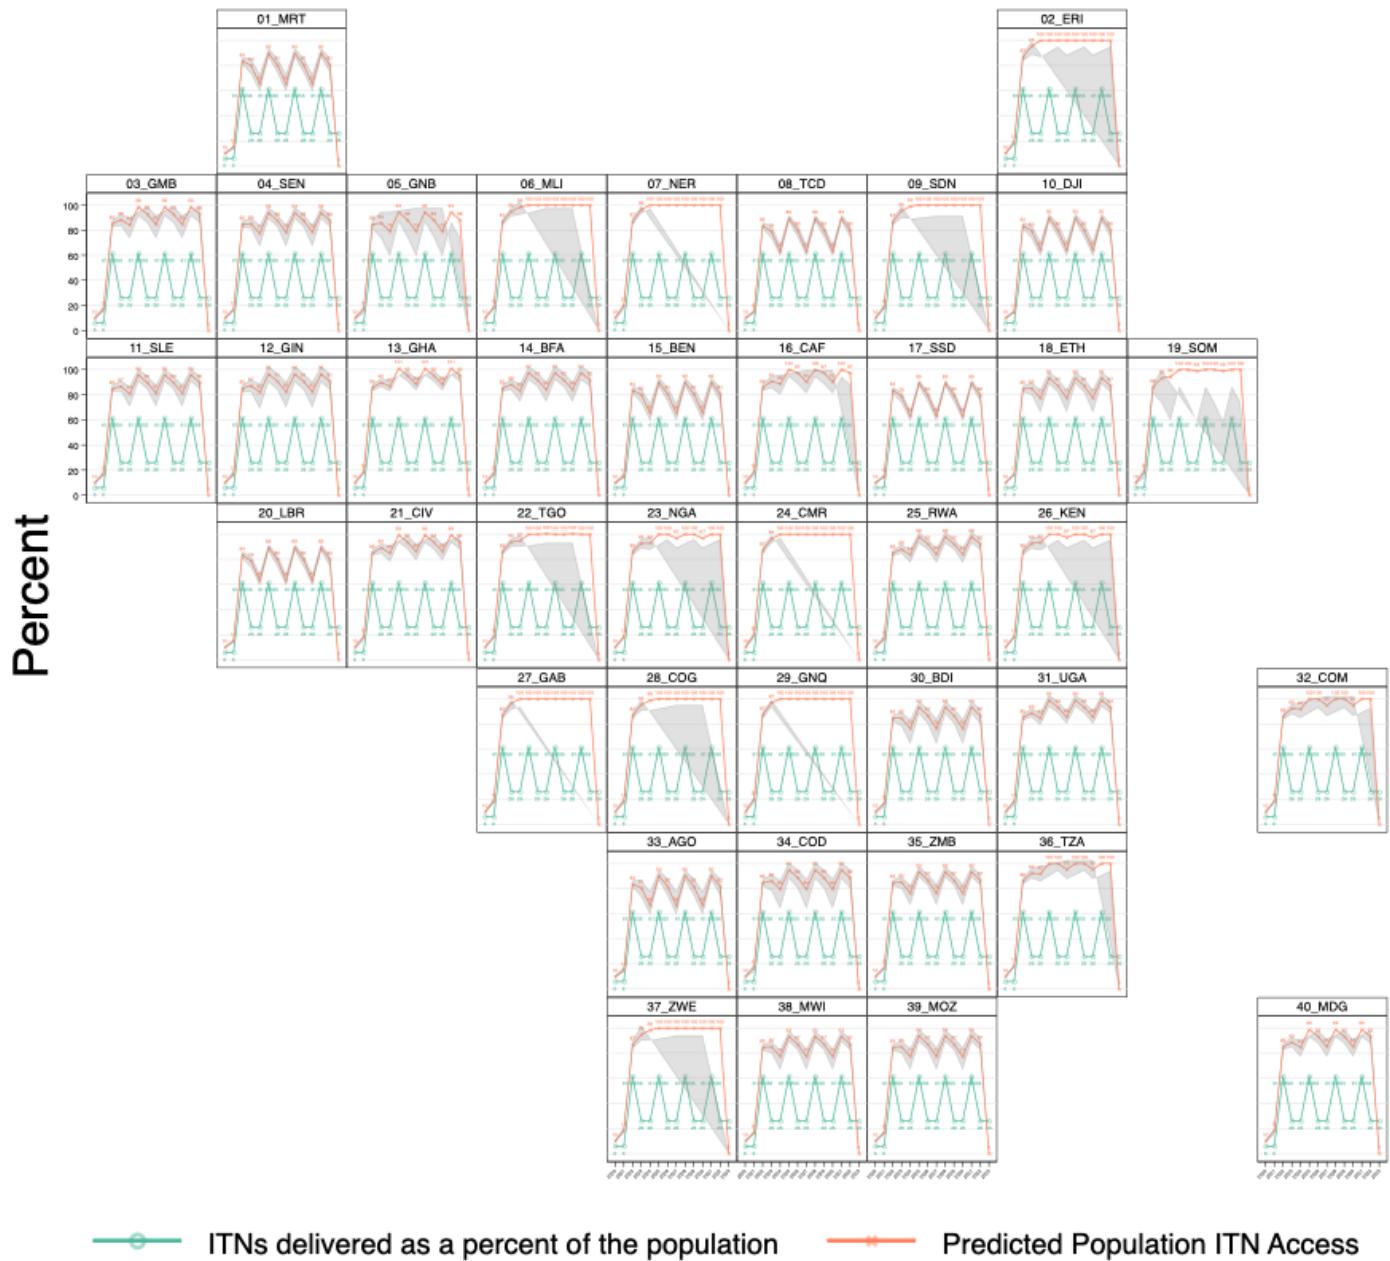

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 17%

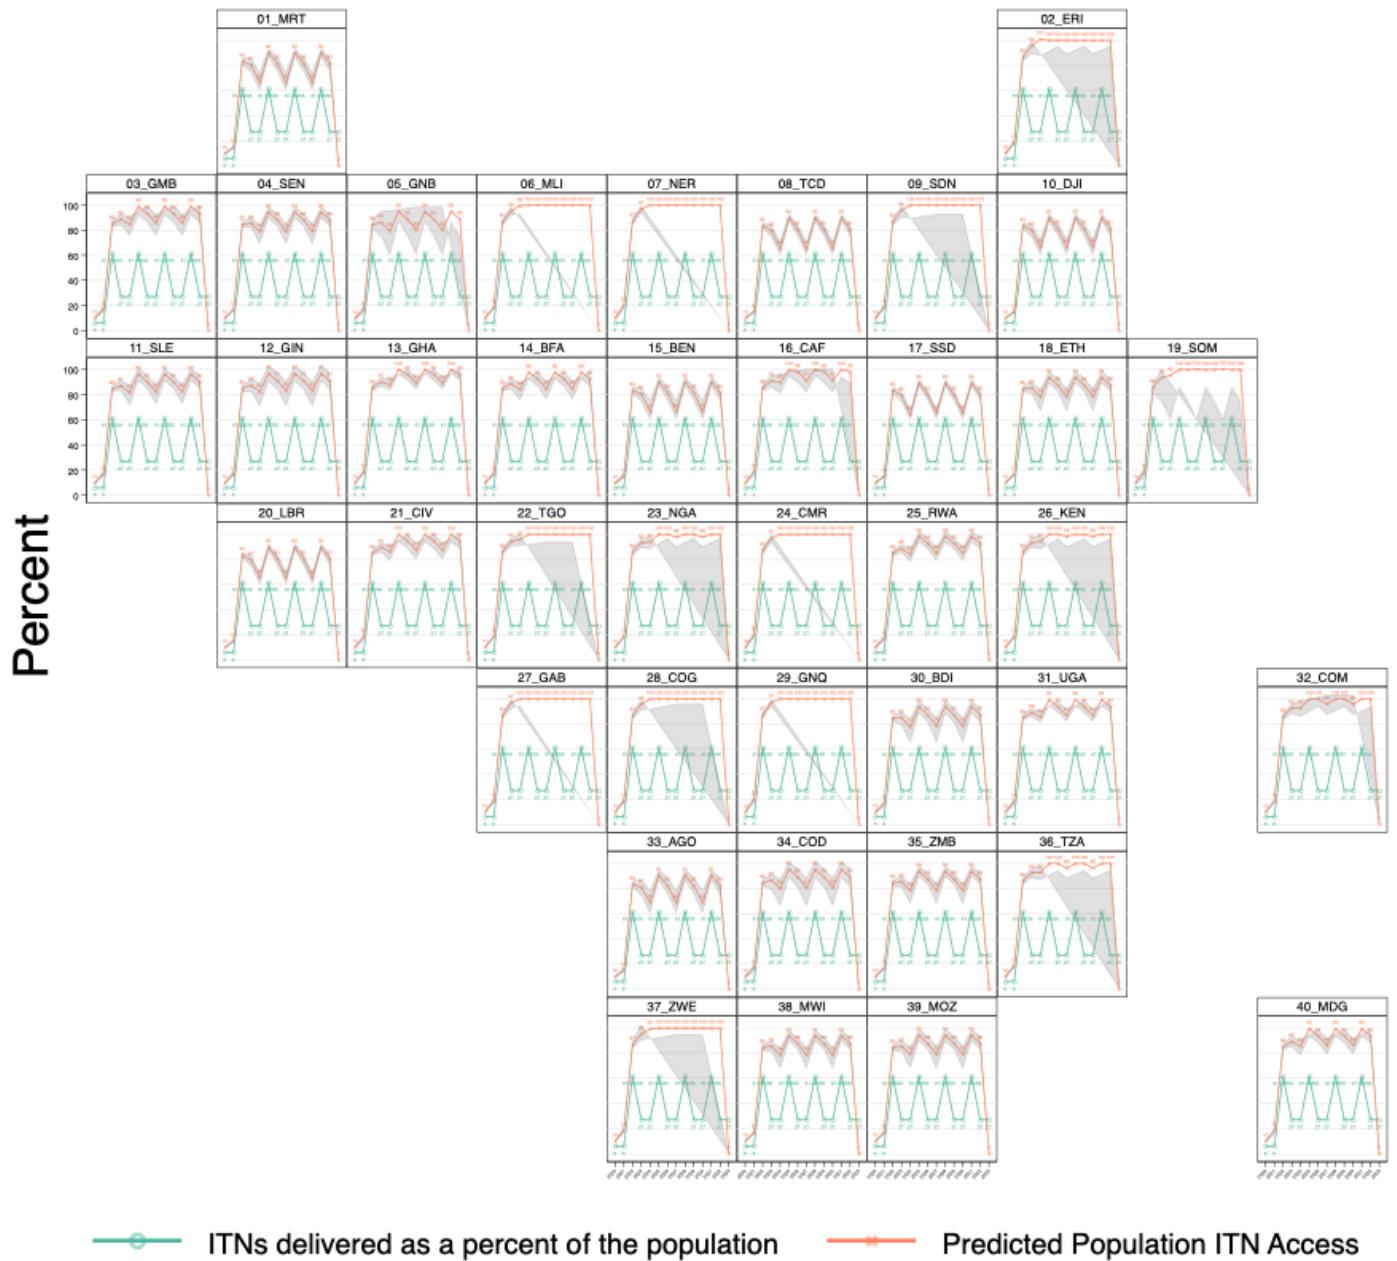

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 18%

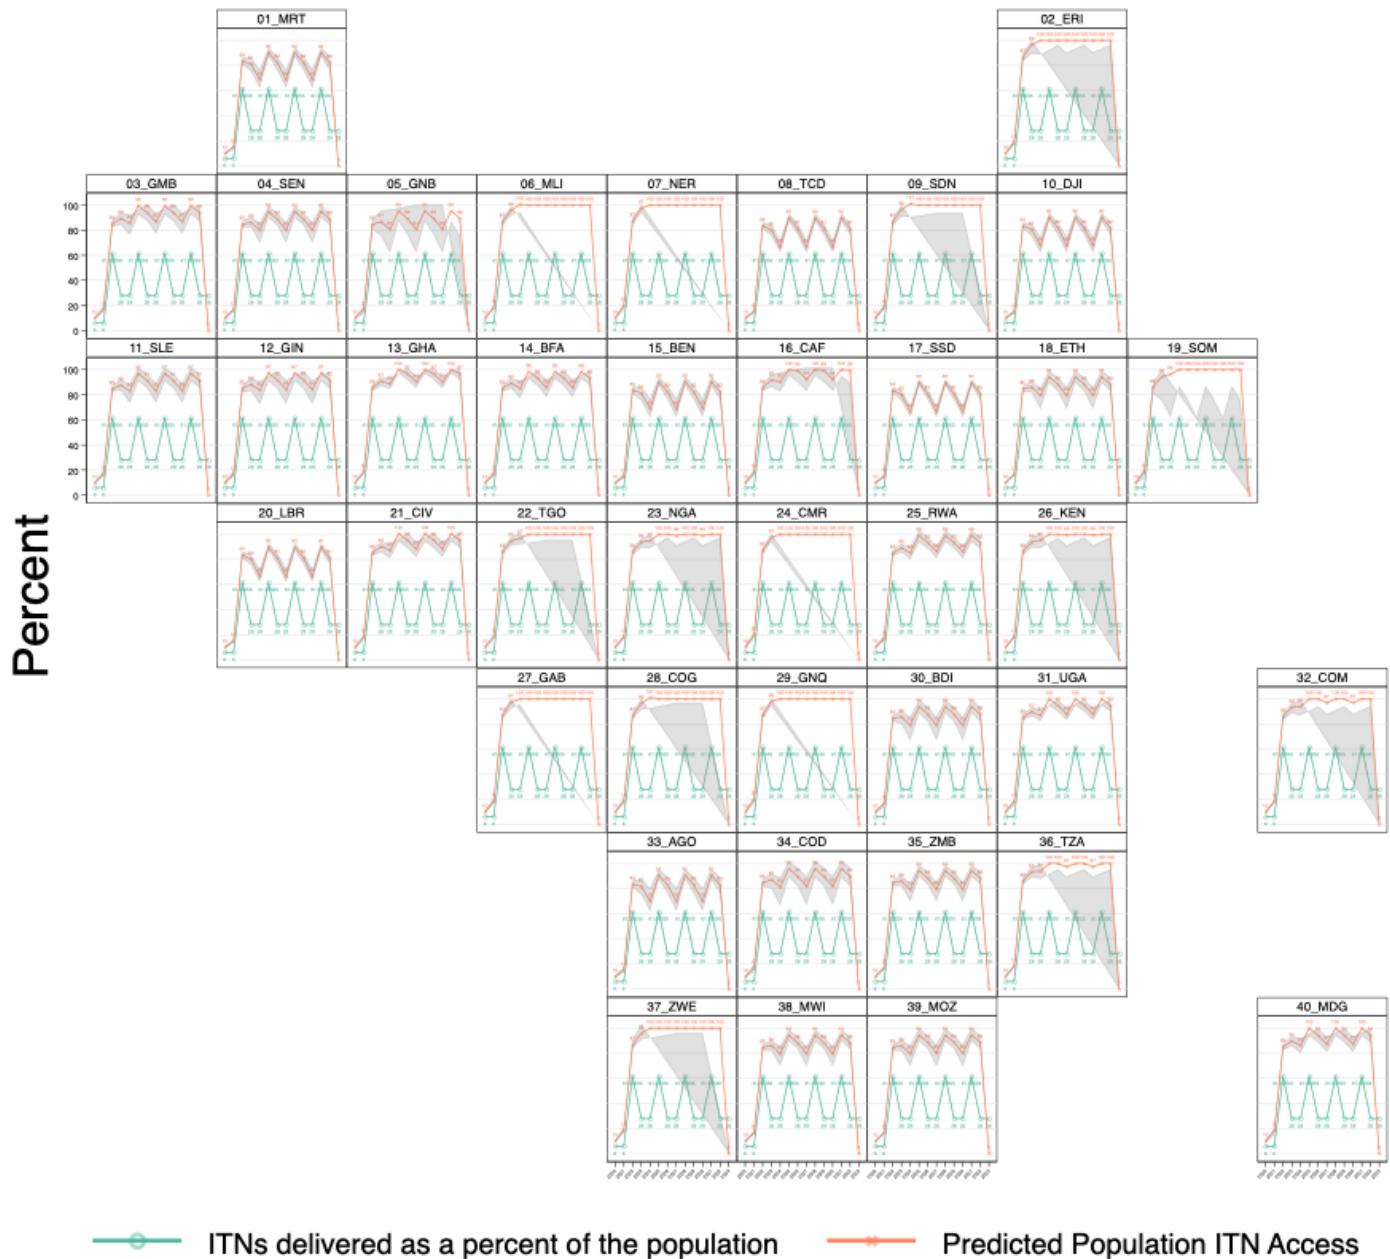

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 19%

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 20%

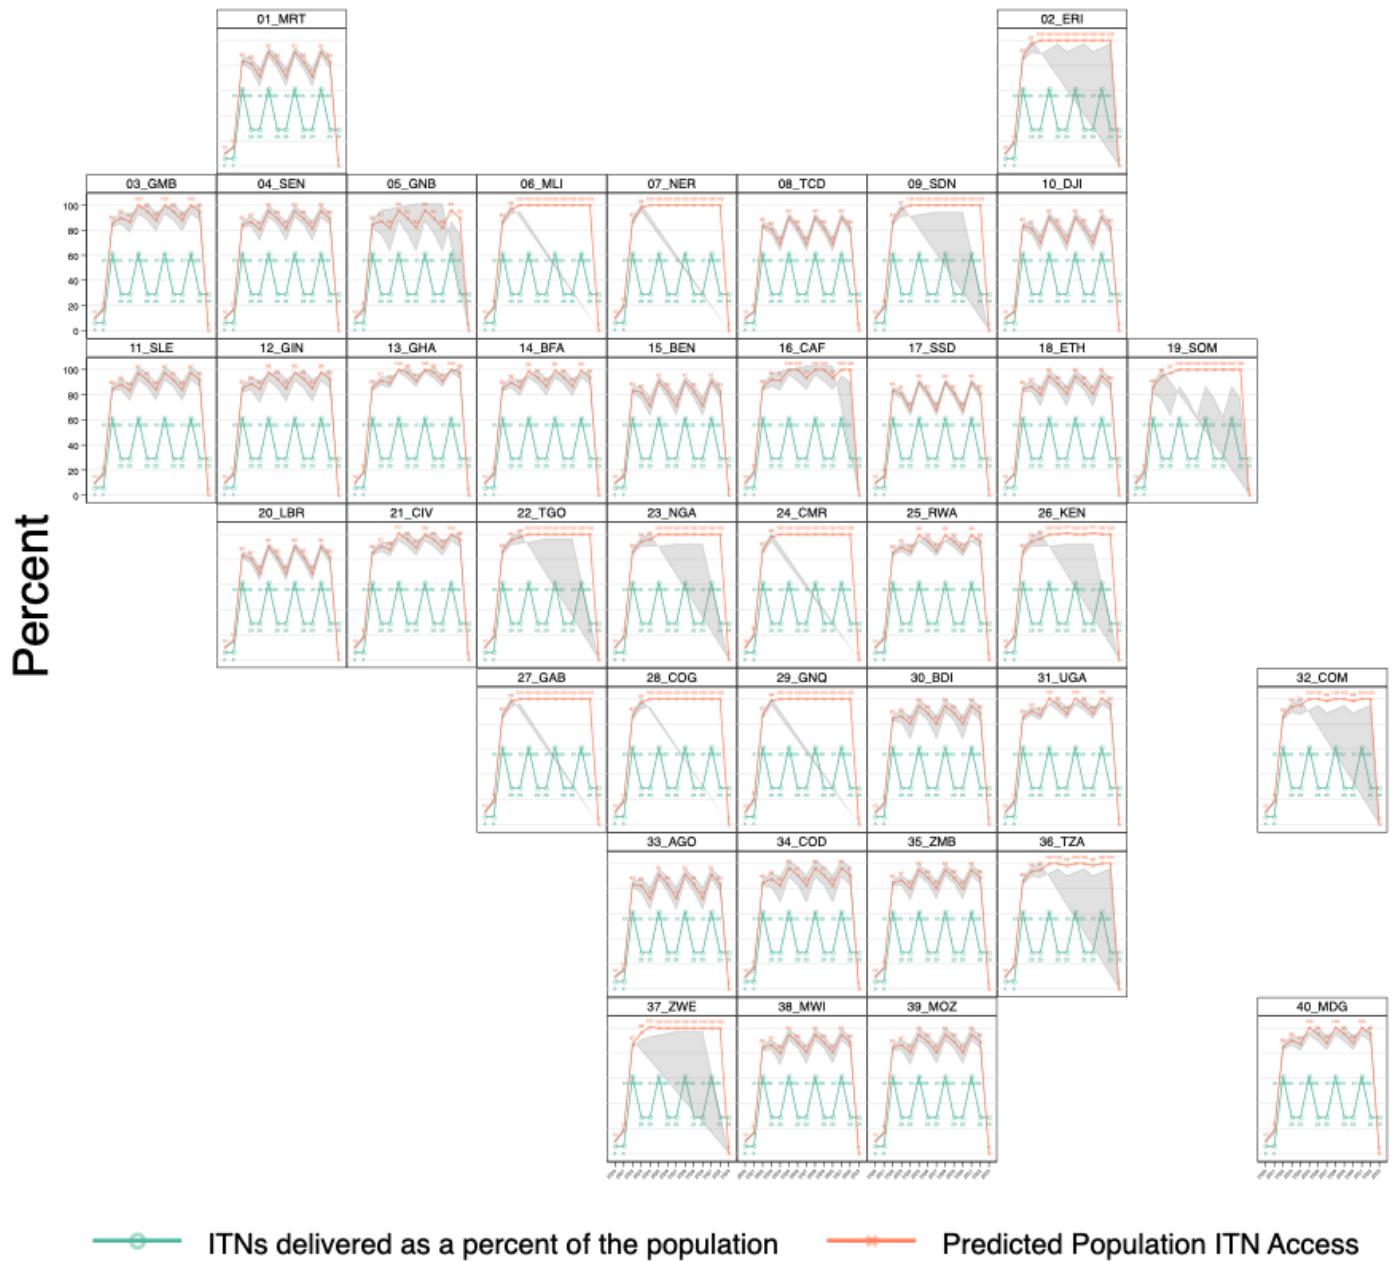

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 21%

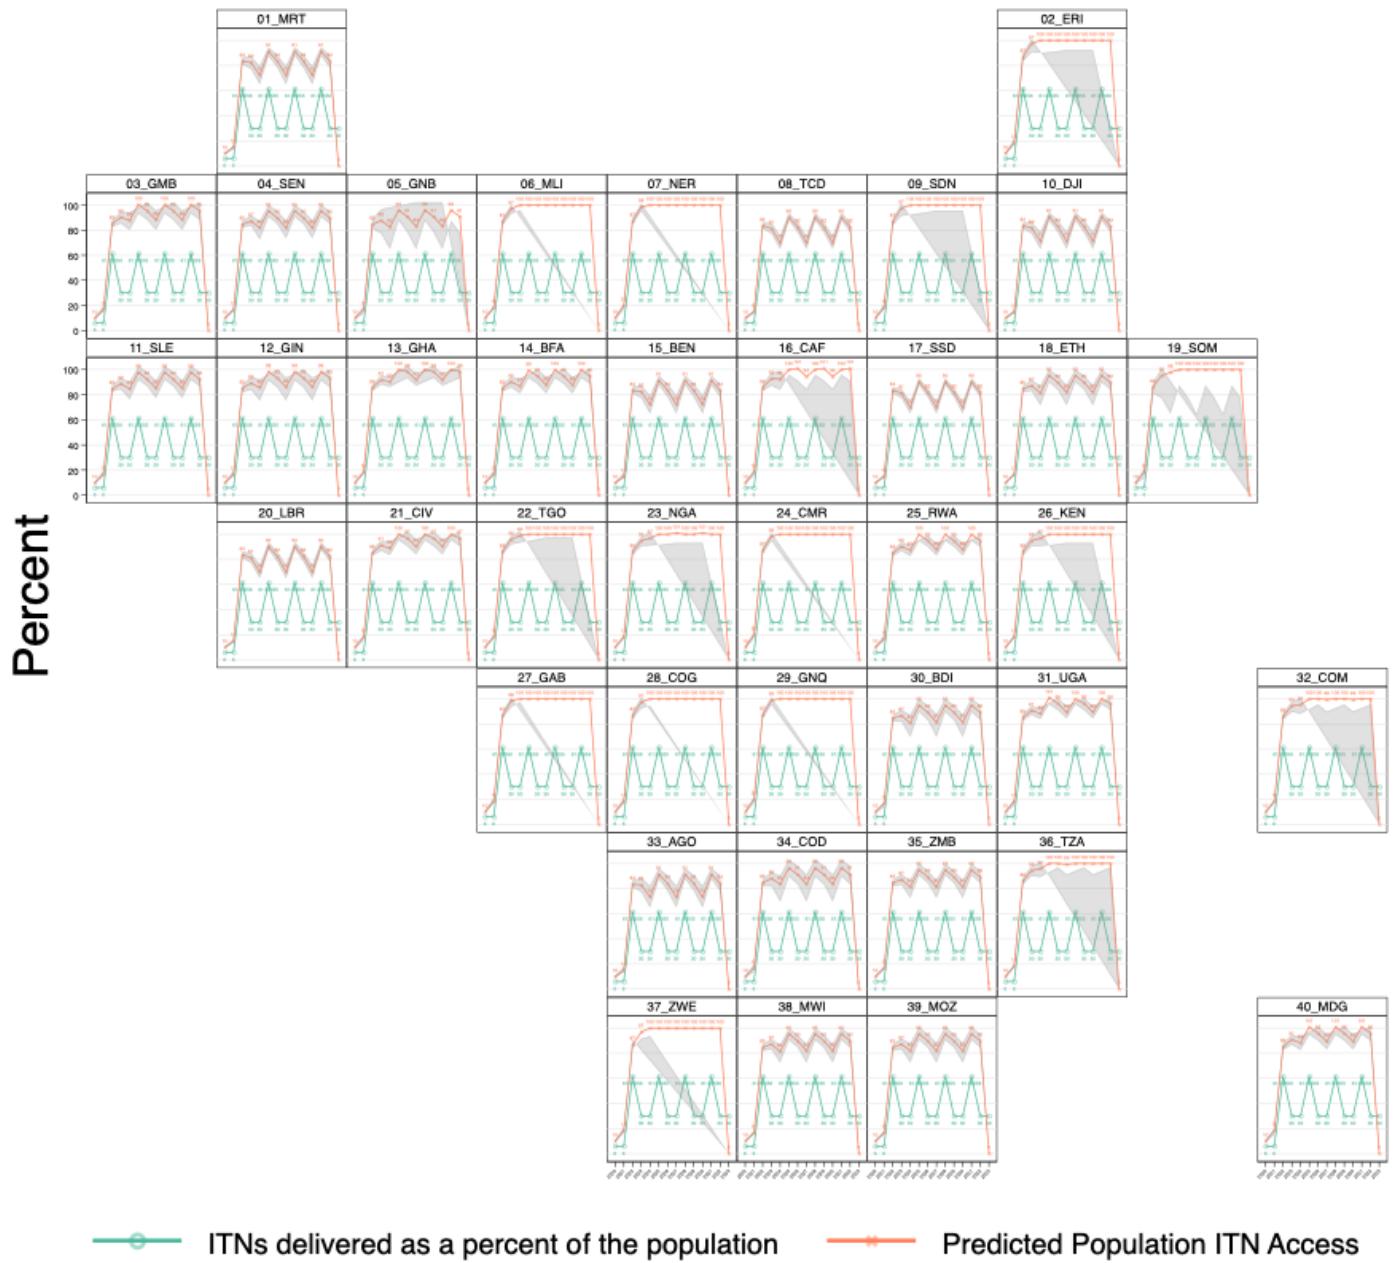

—●— ITNs delivered as a percent of the population —●— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 22%

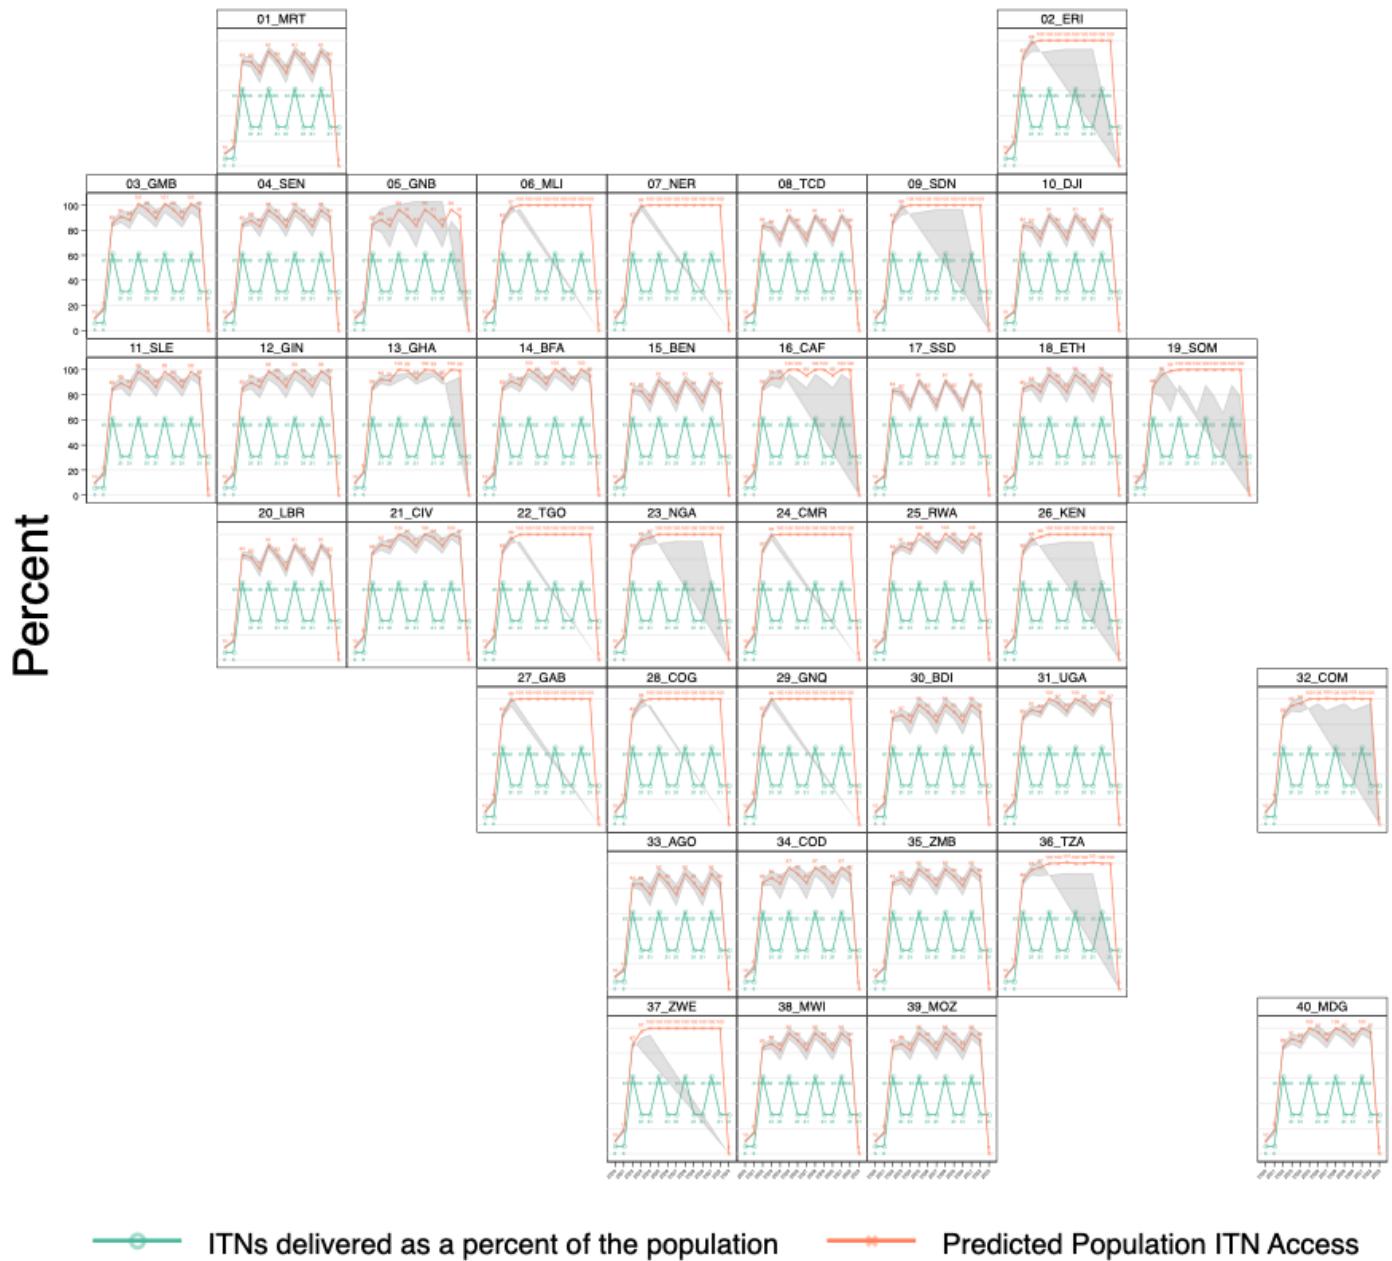

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 23%

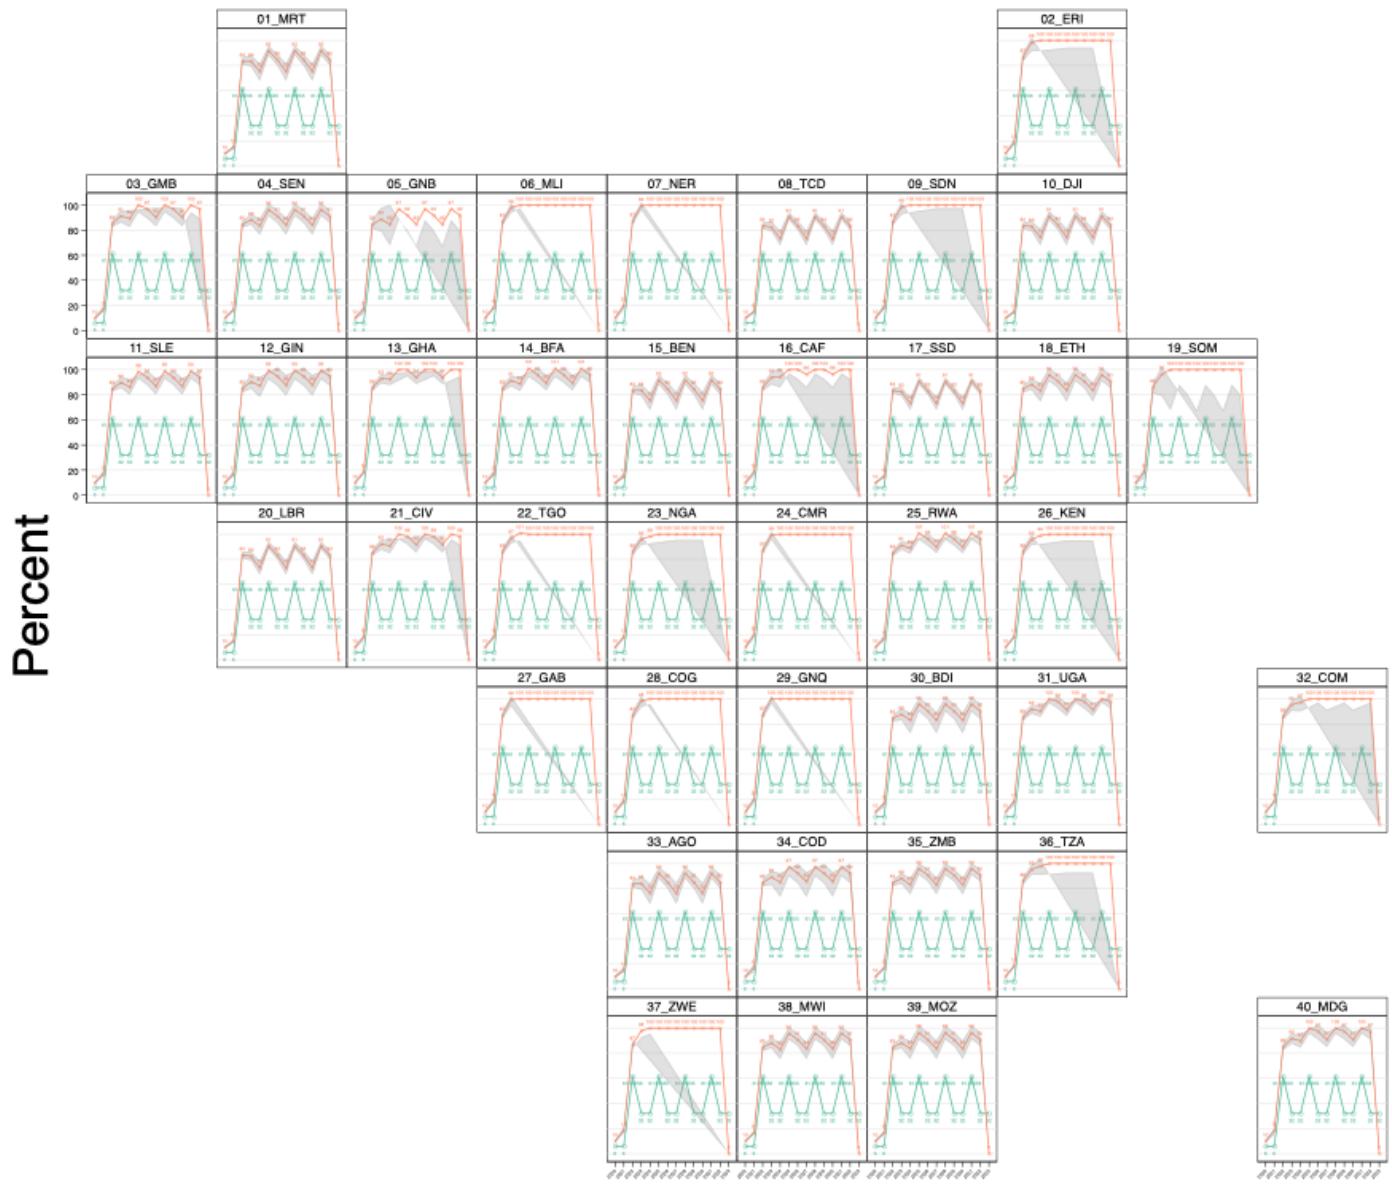

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 24%

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

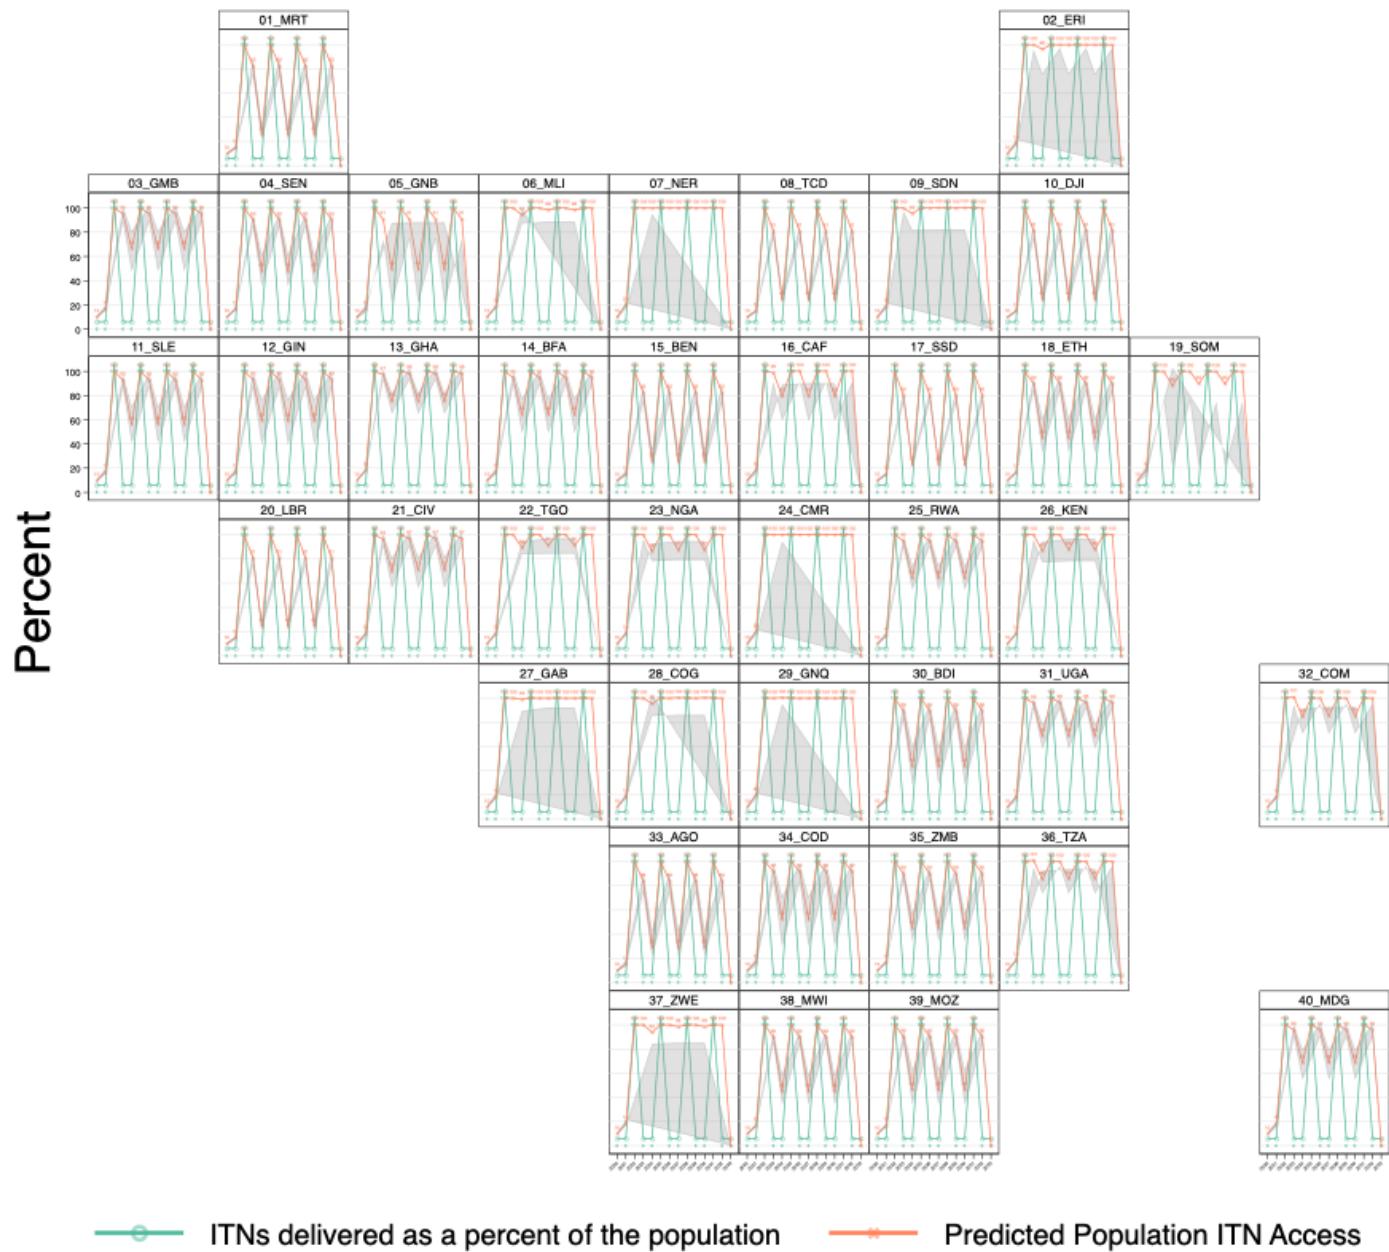

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 25%

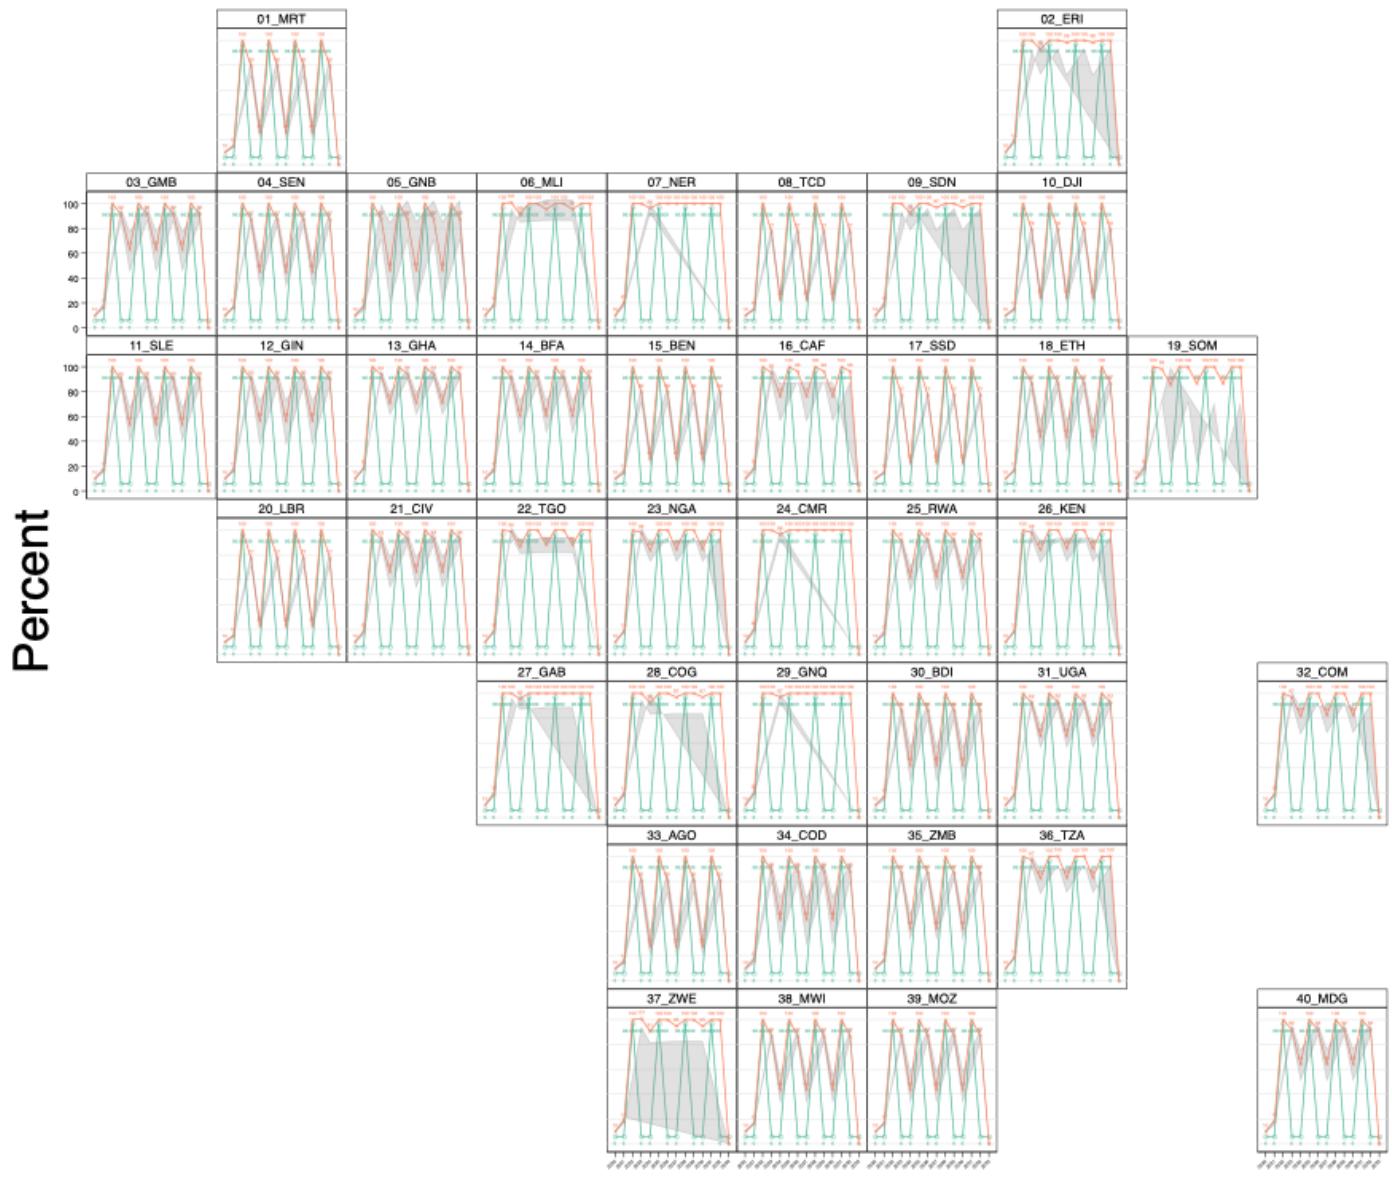

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6% and between-campaign distribution at 26%

4. Projected ITN access from 3 year mass campaigns with varying quantifiers and 6% ANC-EPI distribution

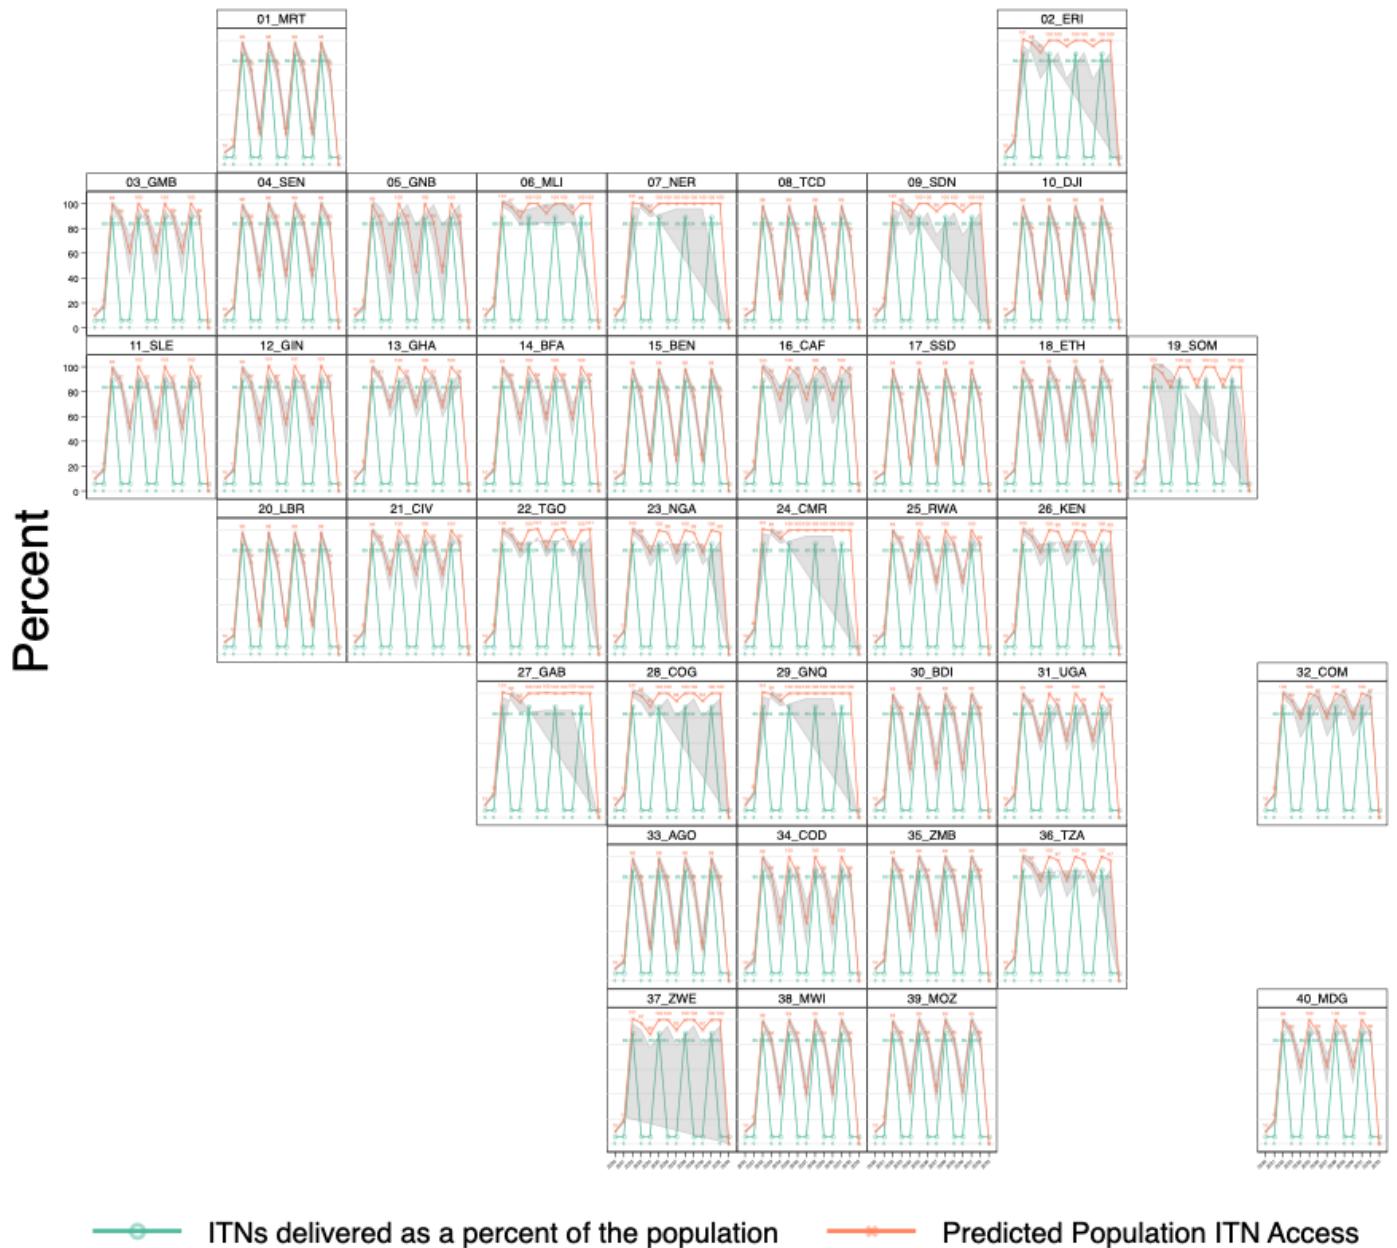

3-year mass campaigns with annual ANC-EPI at 6%; population/1

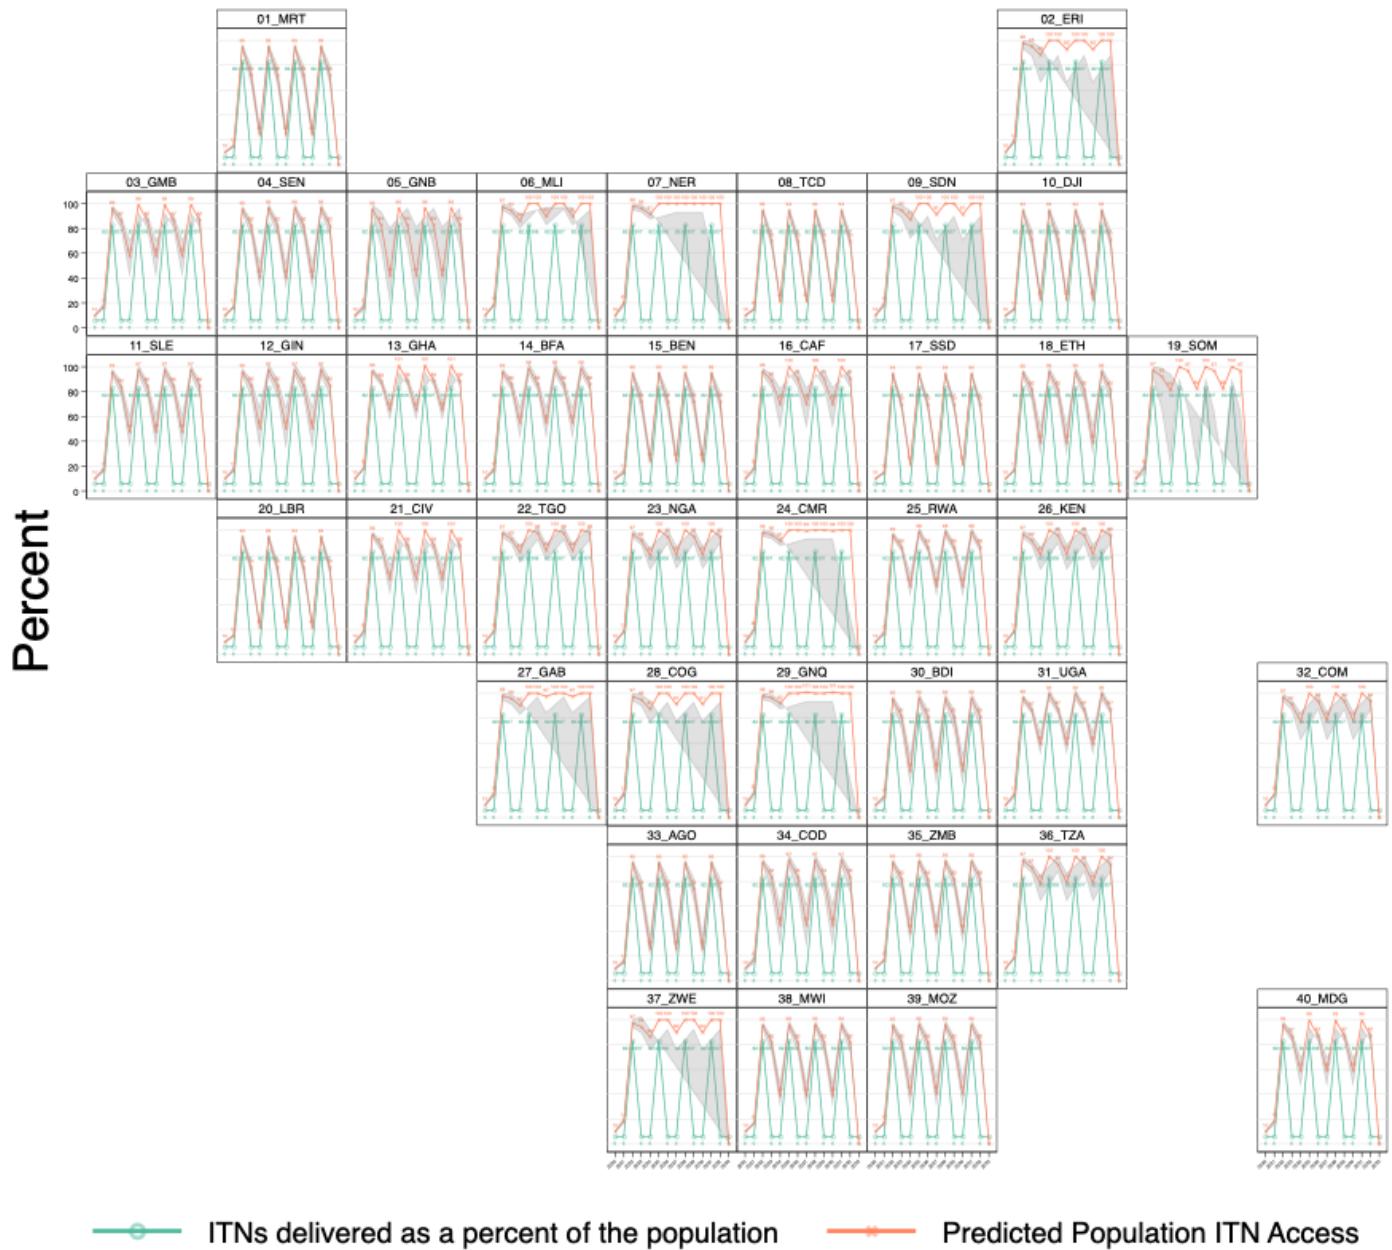

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6%; population/1.1

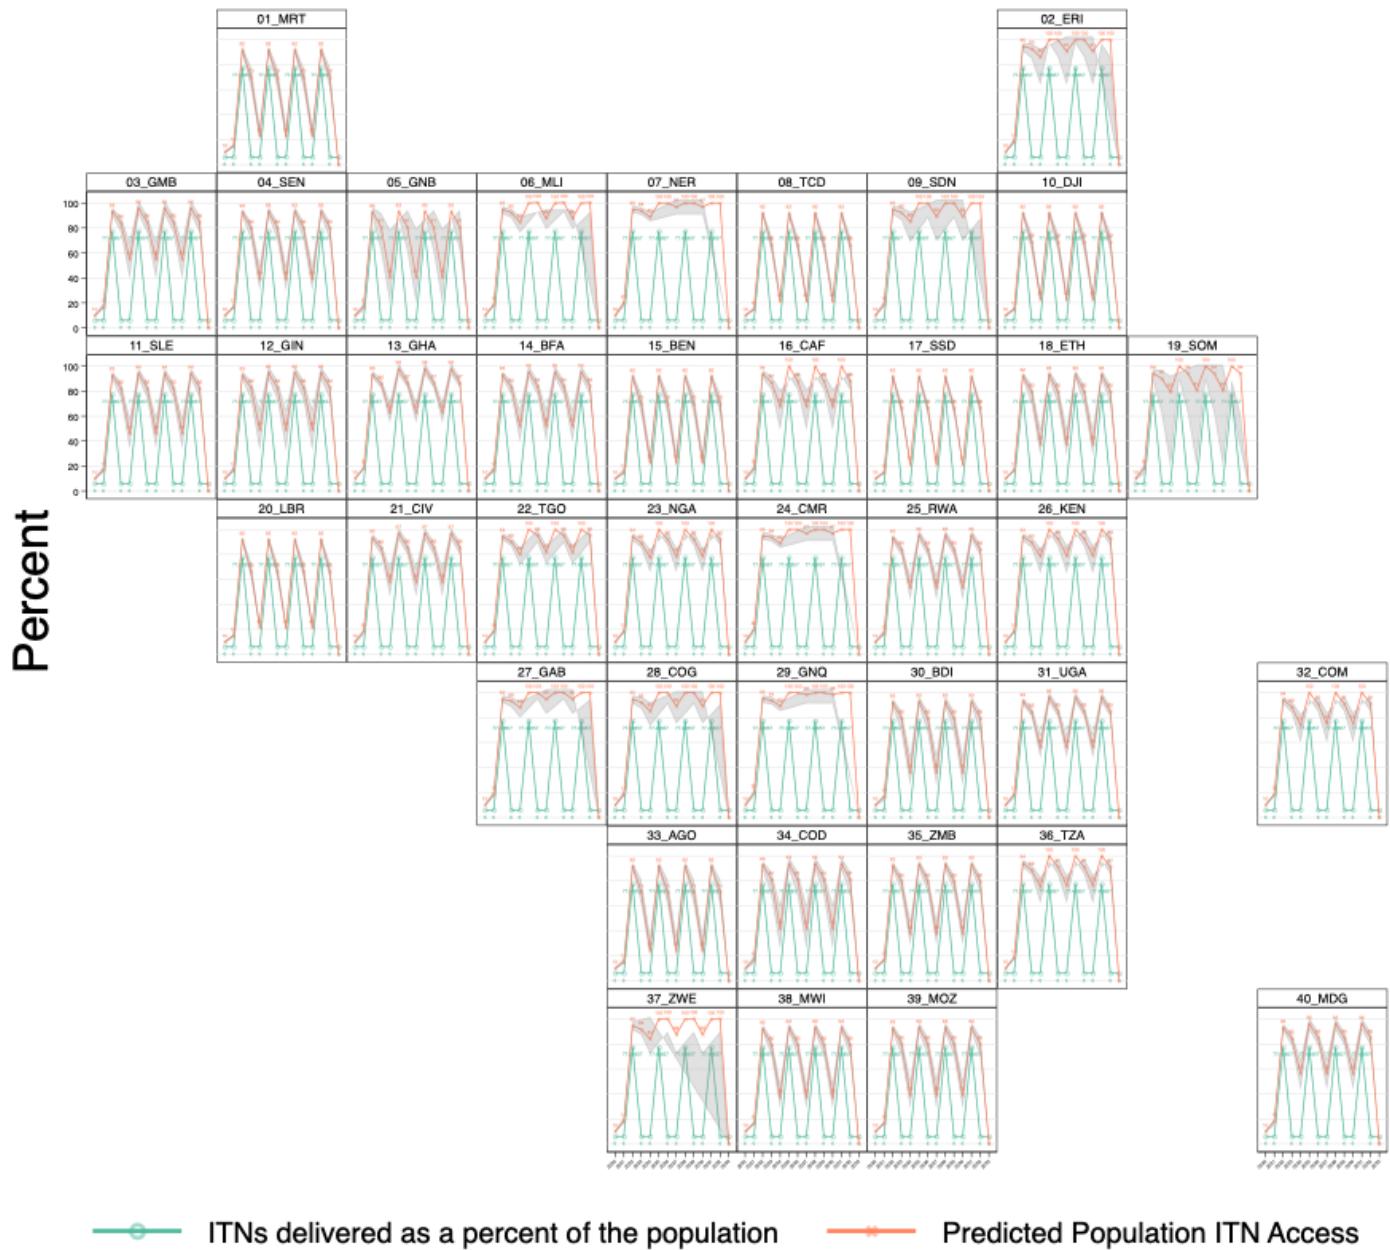

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6%; population/1.2

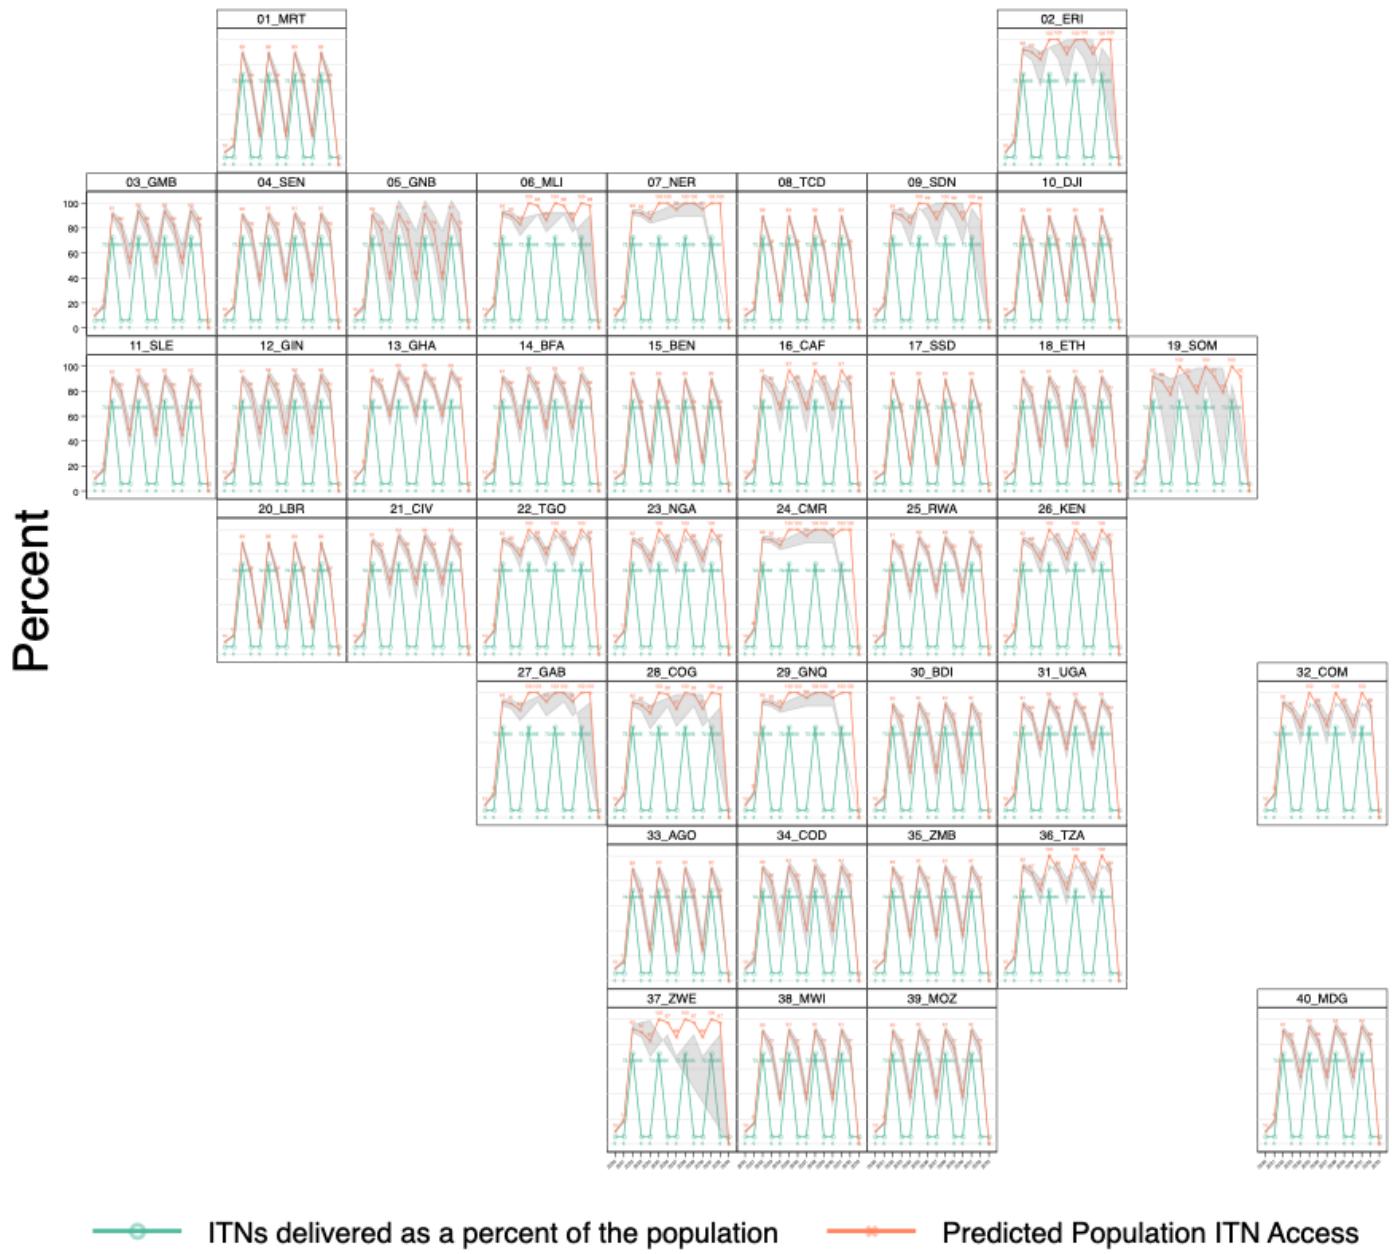

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6%; population/1.3

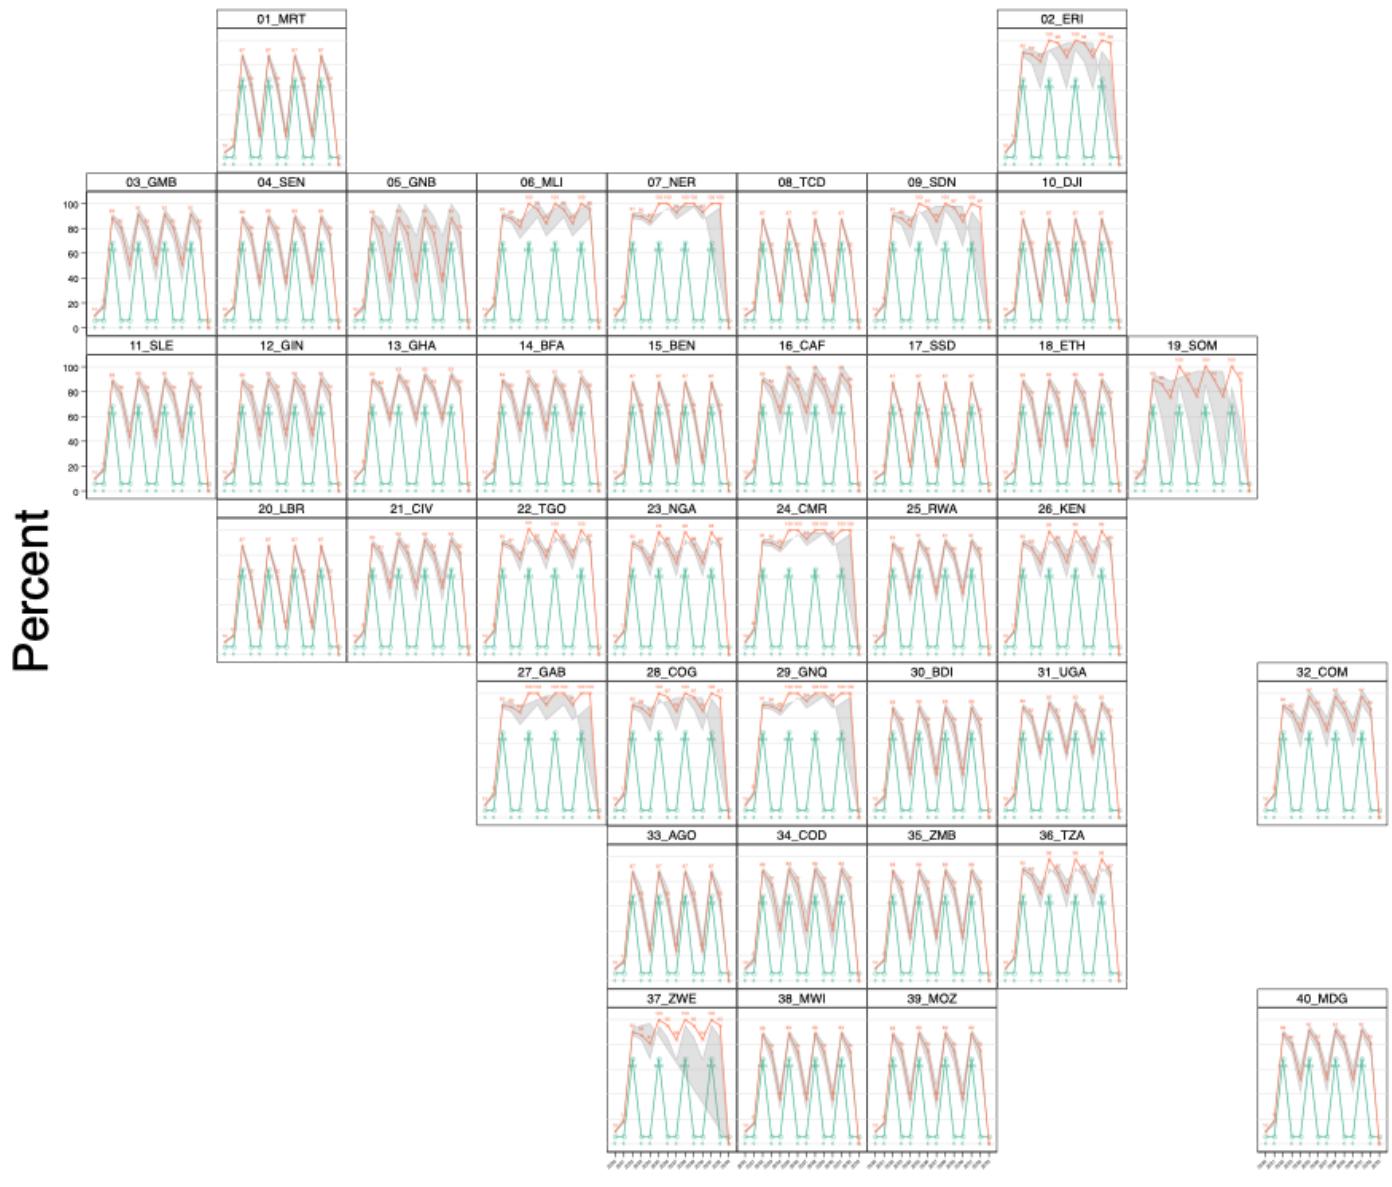

3-year mass campaigns with annual ANC-EPI at 6%; population/1.4

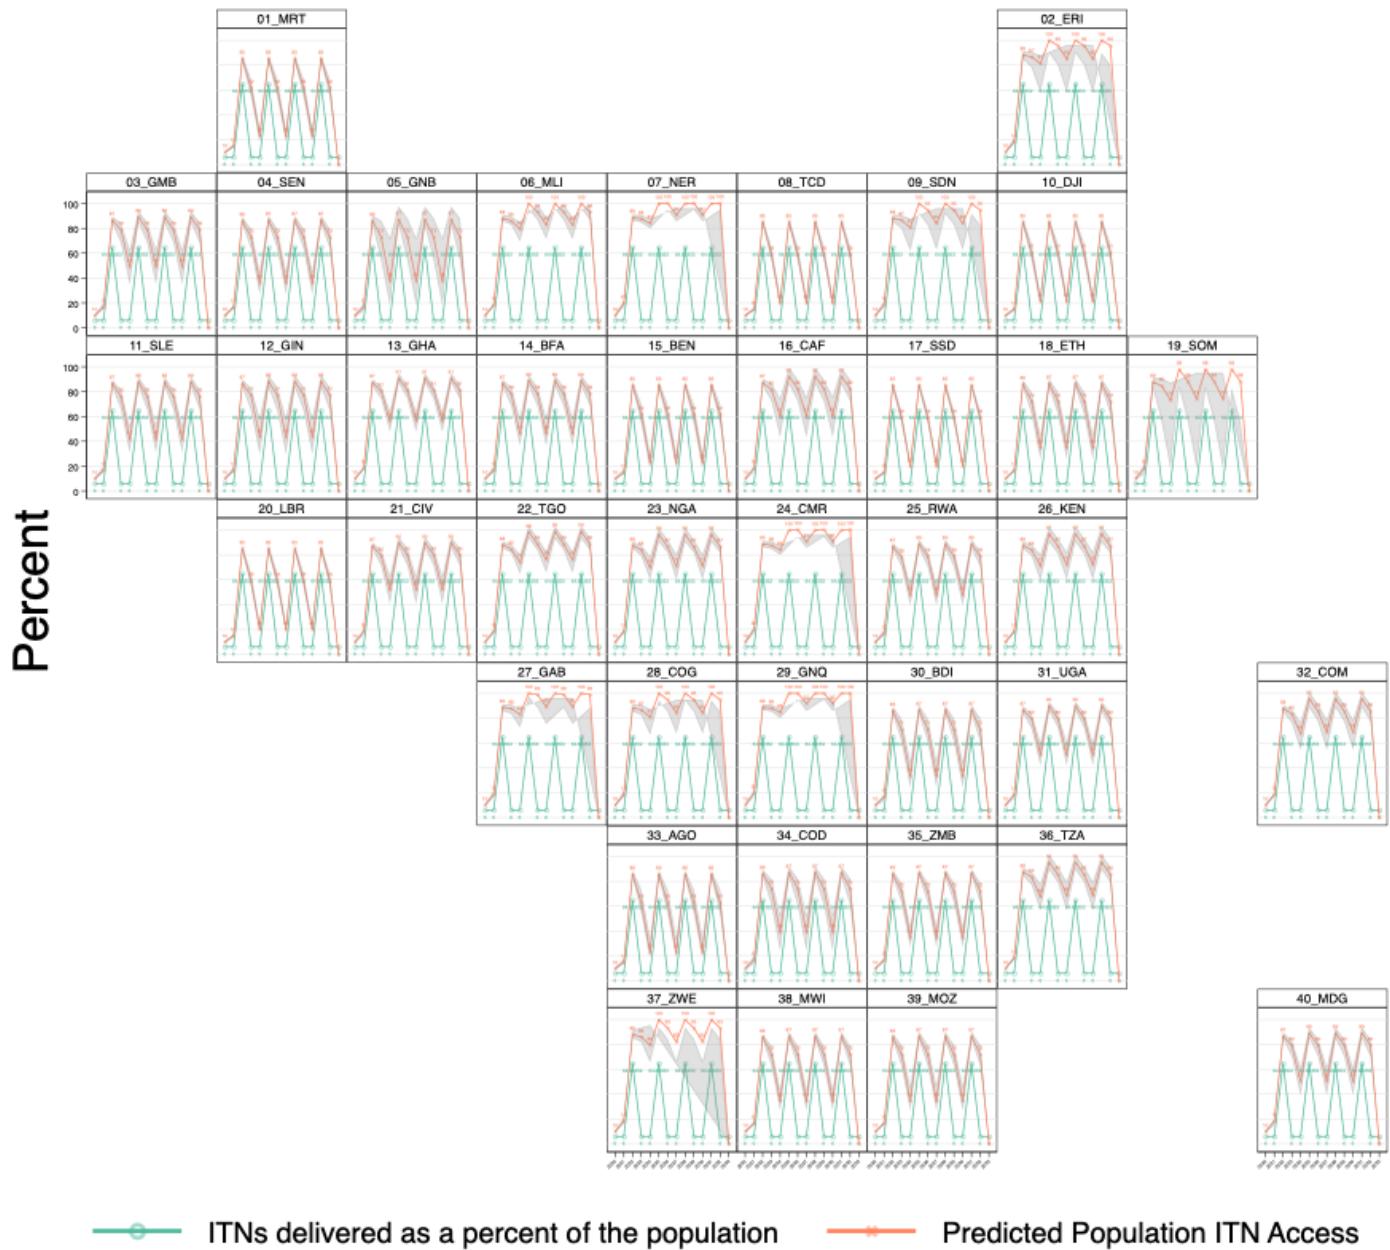

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6%; population/1.5

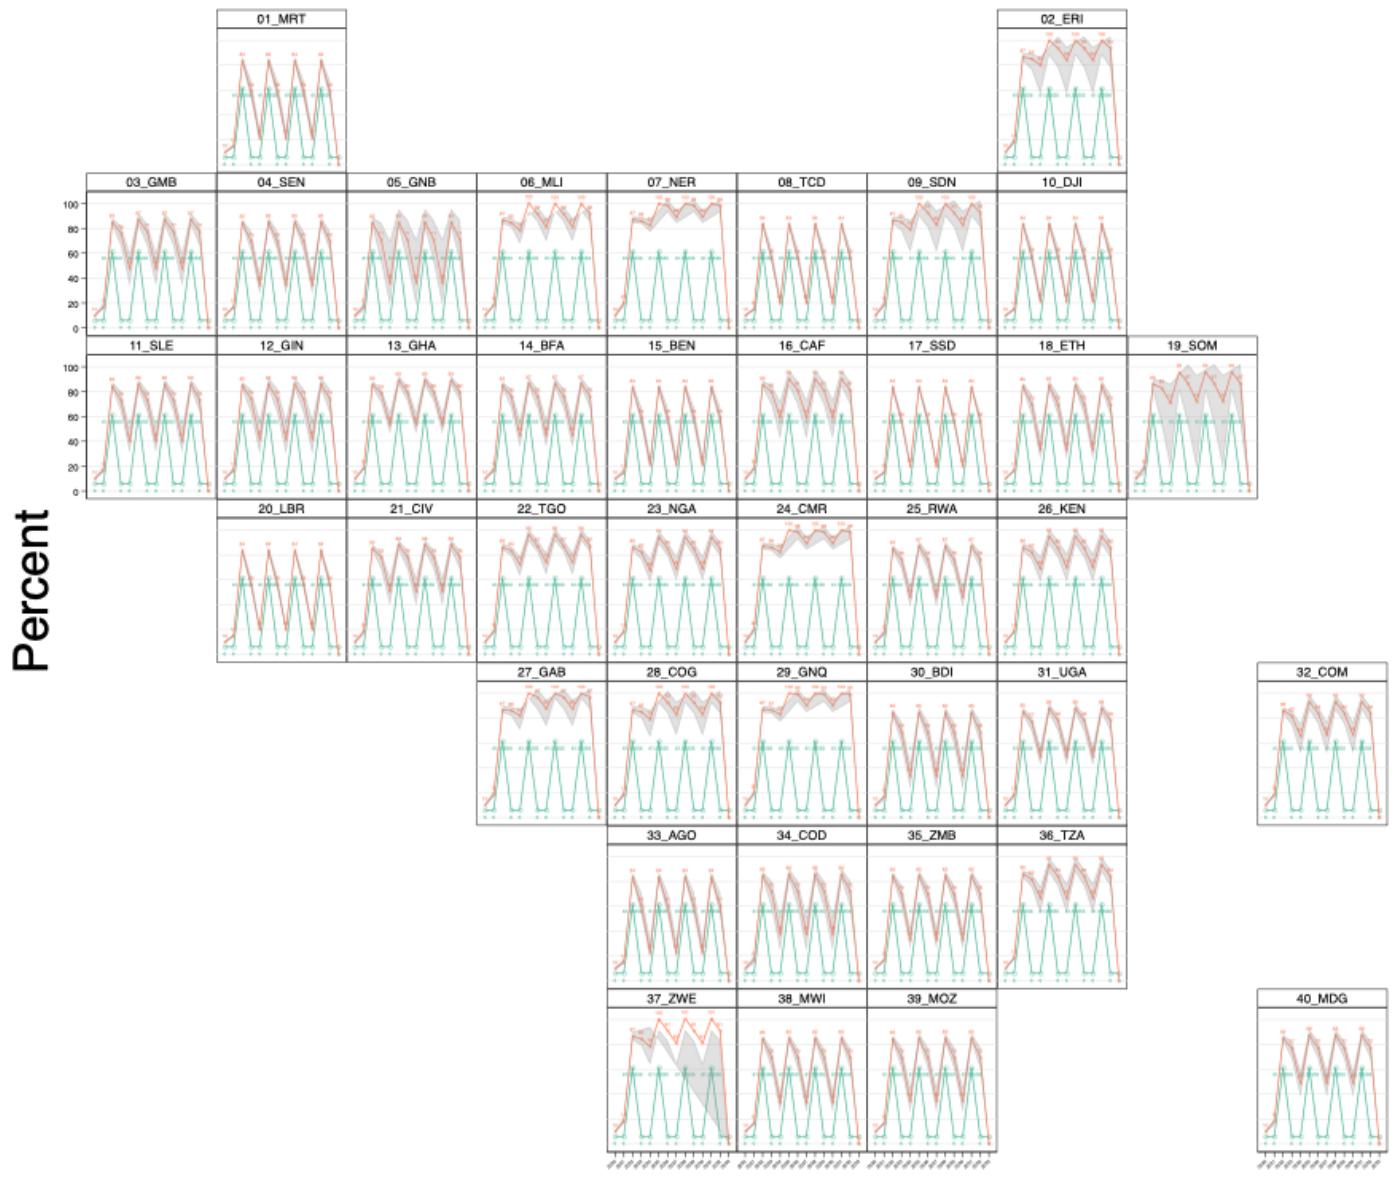

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6%; population/1.6

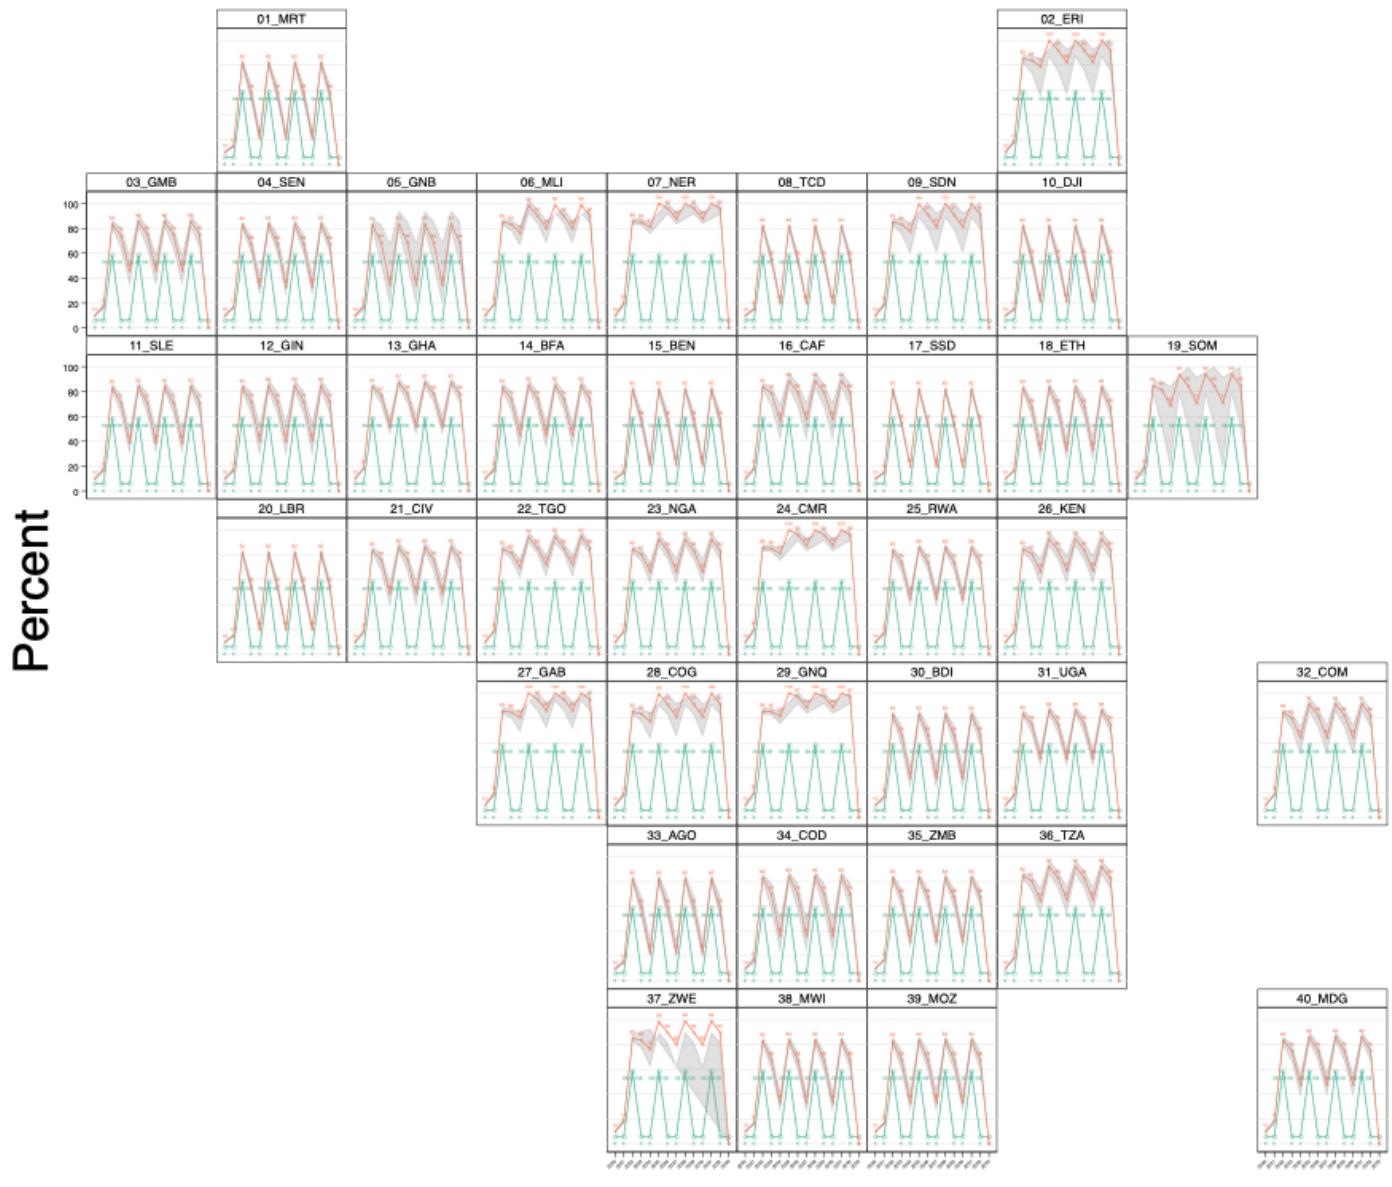

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6%; population/1.7

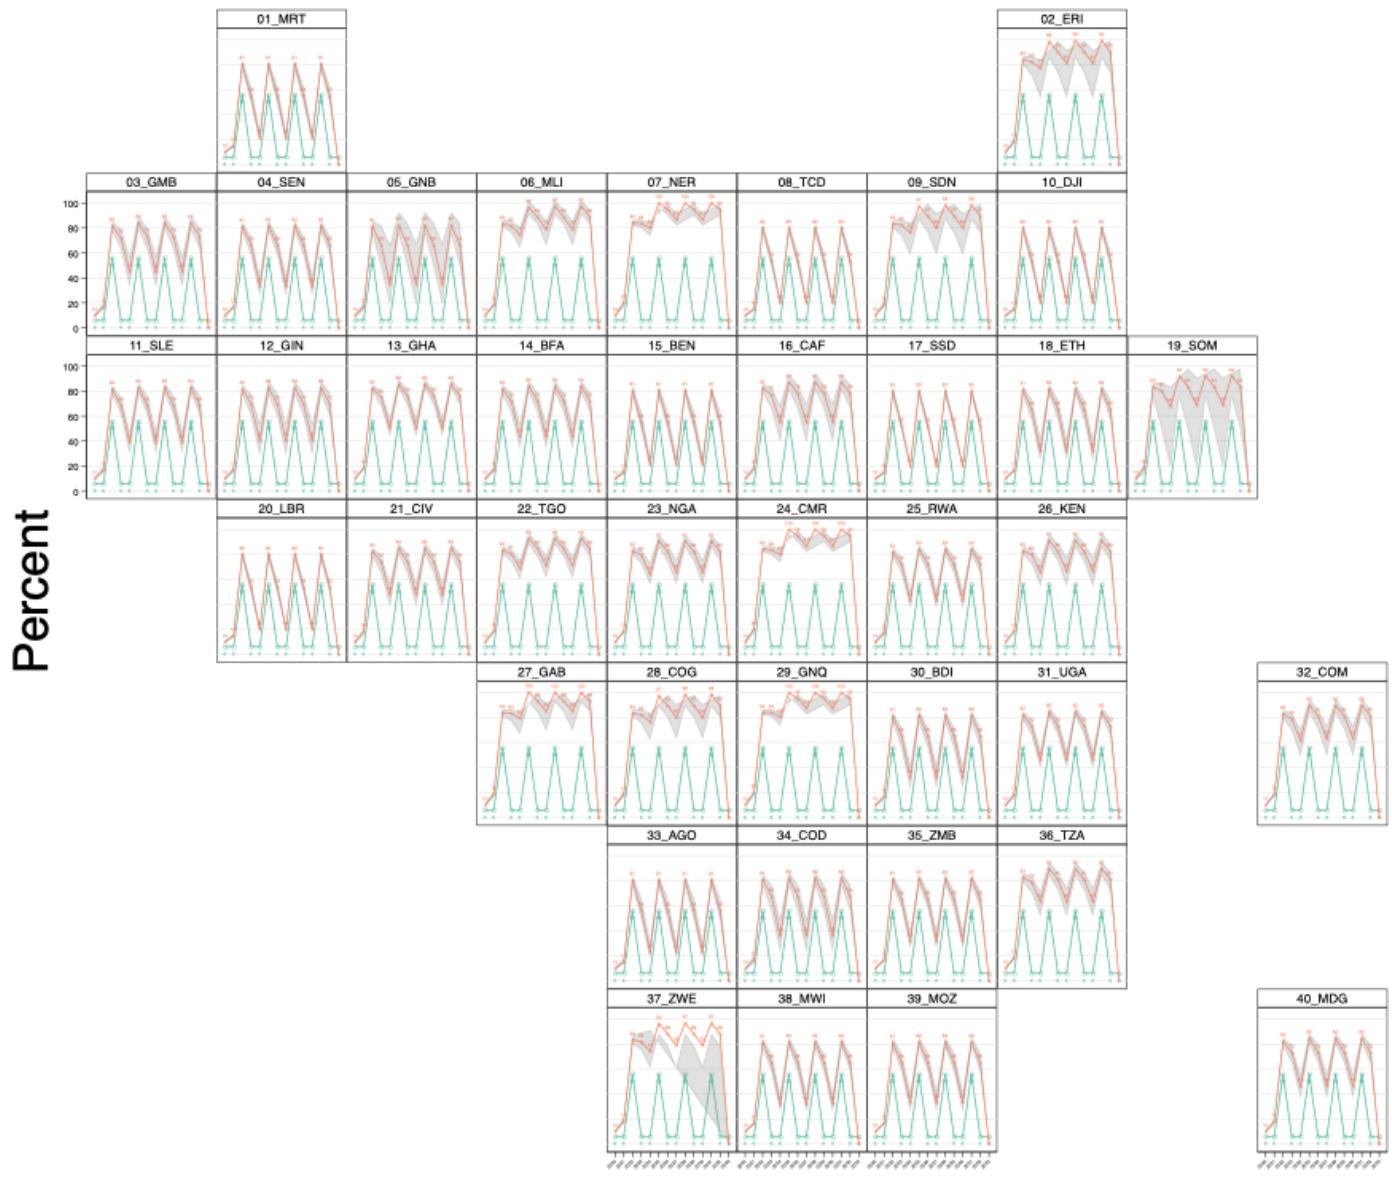

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6%; population/1.8

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

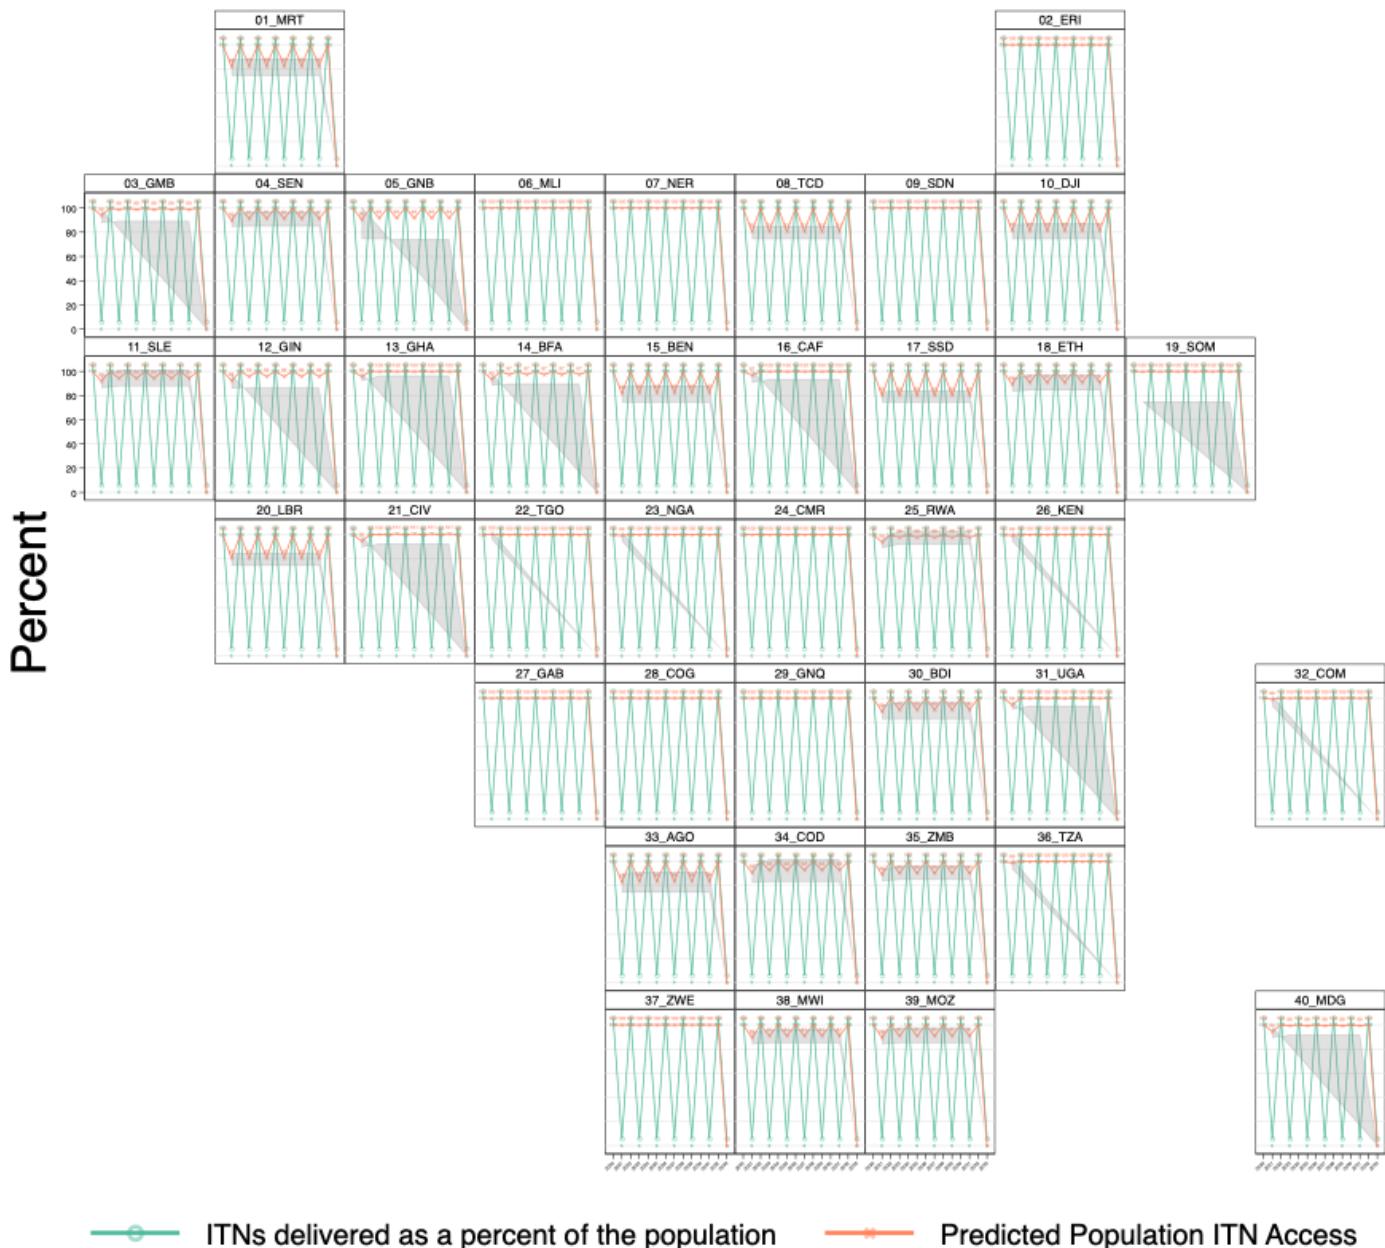

3-year mass campaigns with annual ANC-EPI at 6%; population/1.9

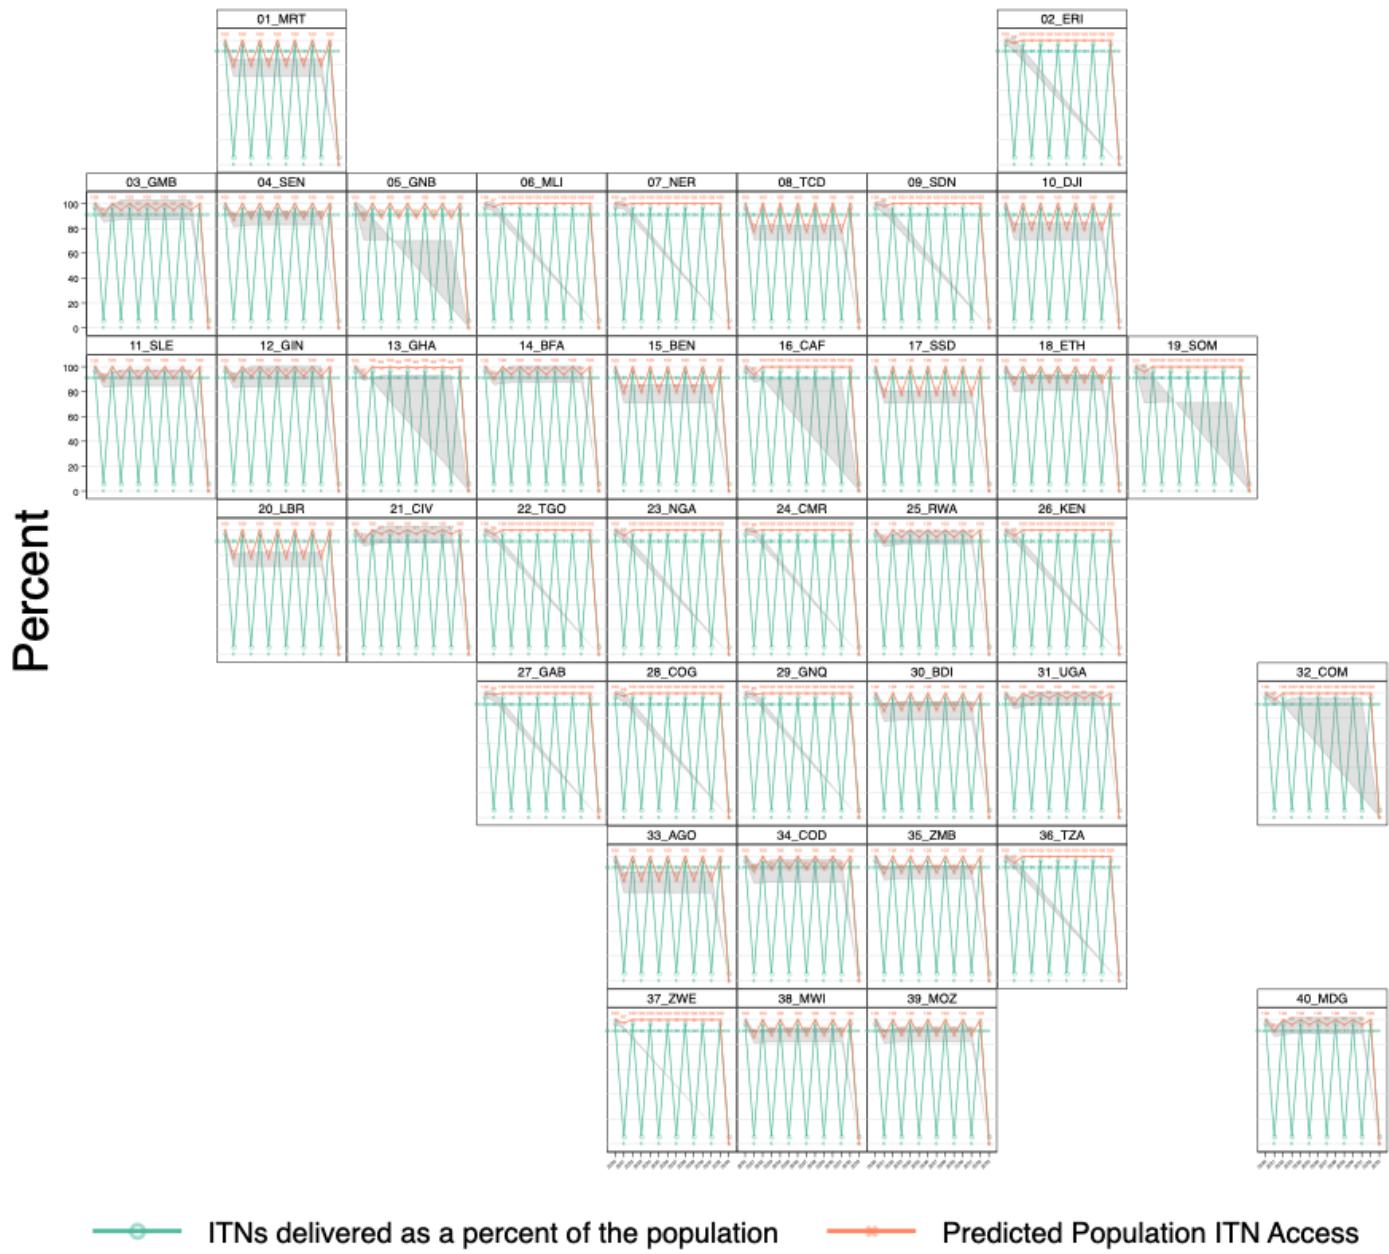

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

3-year mass campaigns with annual ANC-EPI at 6%; population/2

5. Projected ITN access from 2 year mass campaigns with varying quantifiers and 6% ANC-EPI distribution

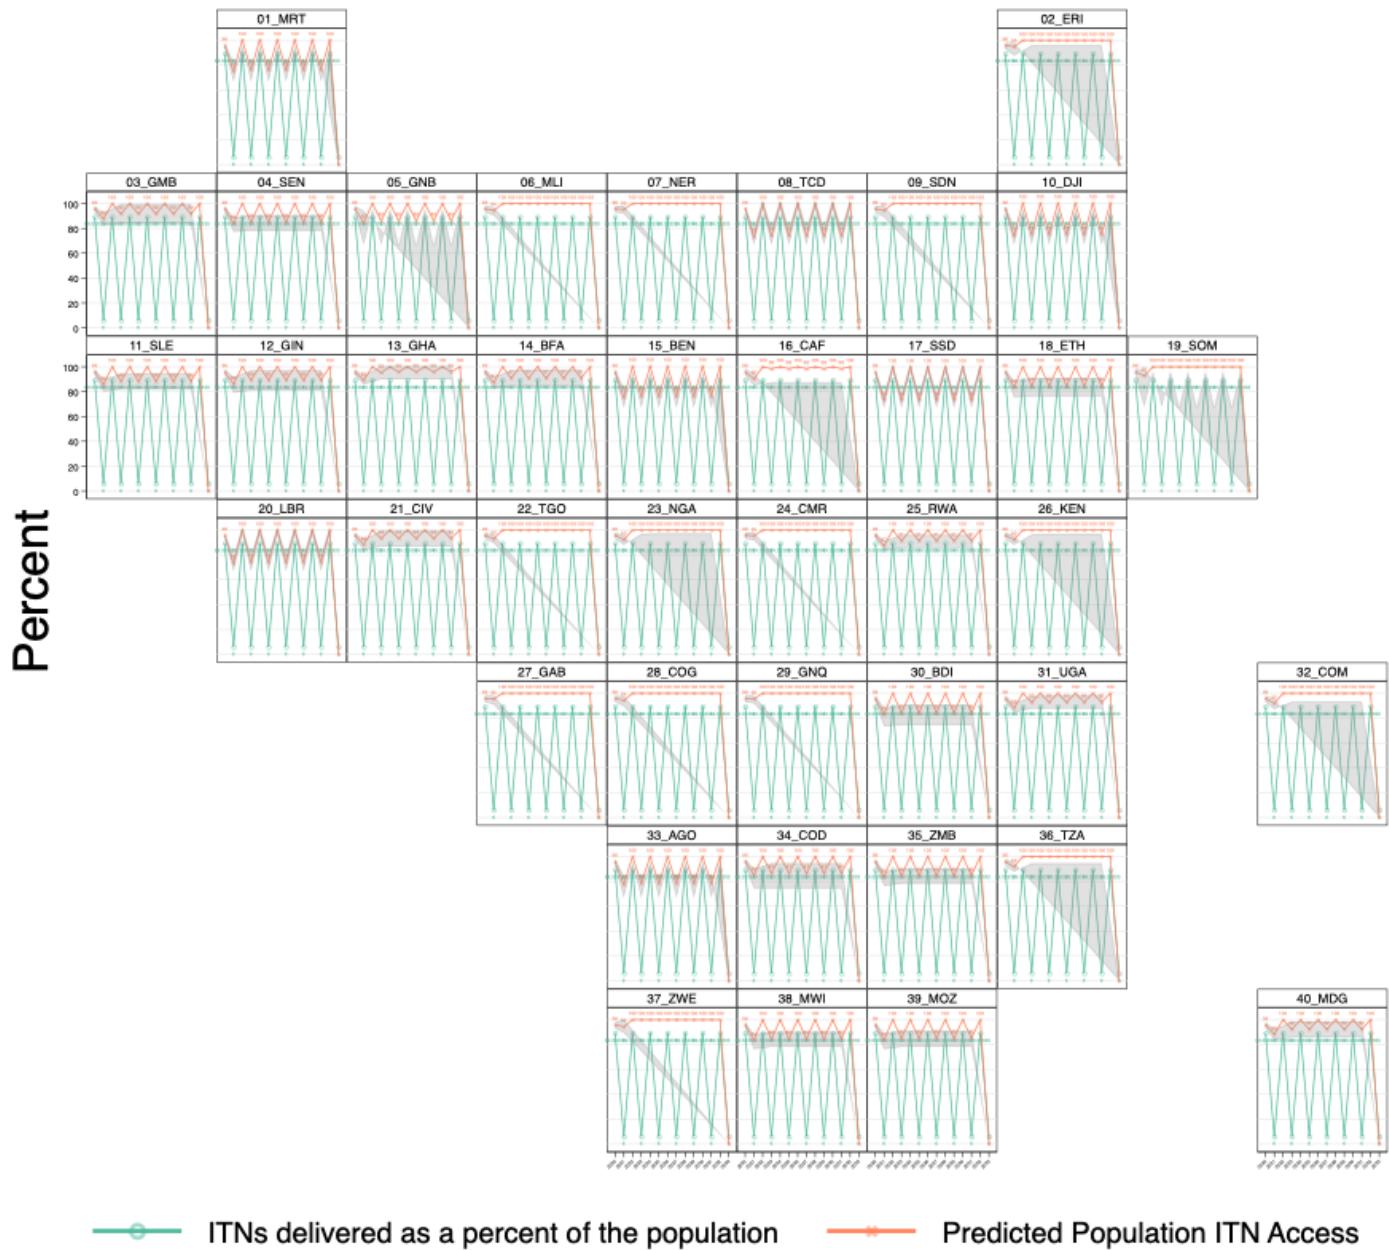

2-year mass campaigns with annual ANC-EPI at 6%; population/1

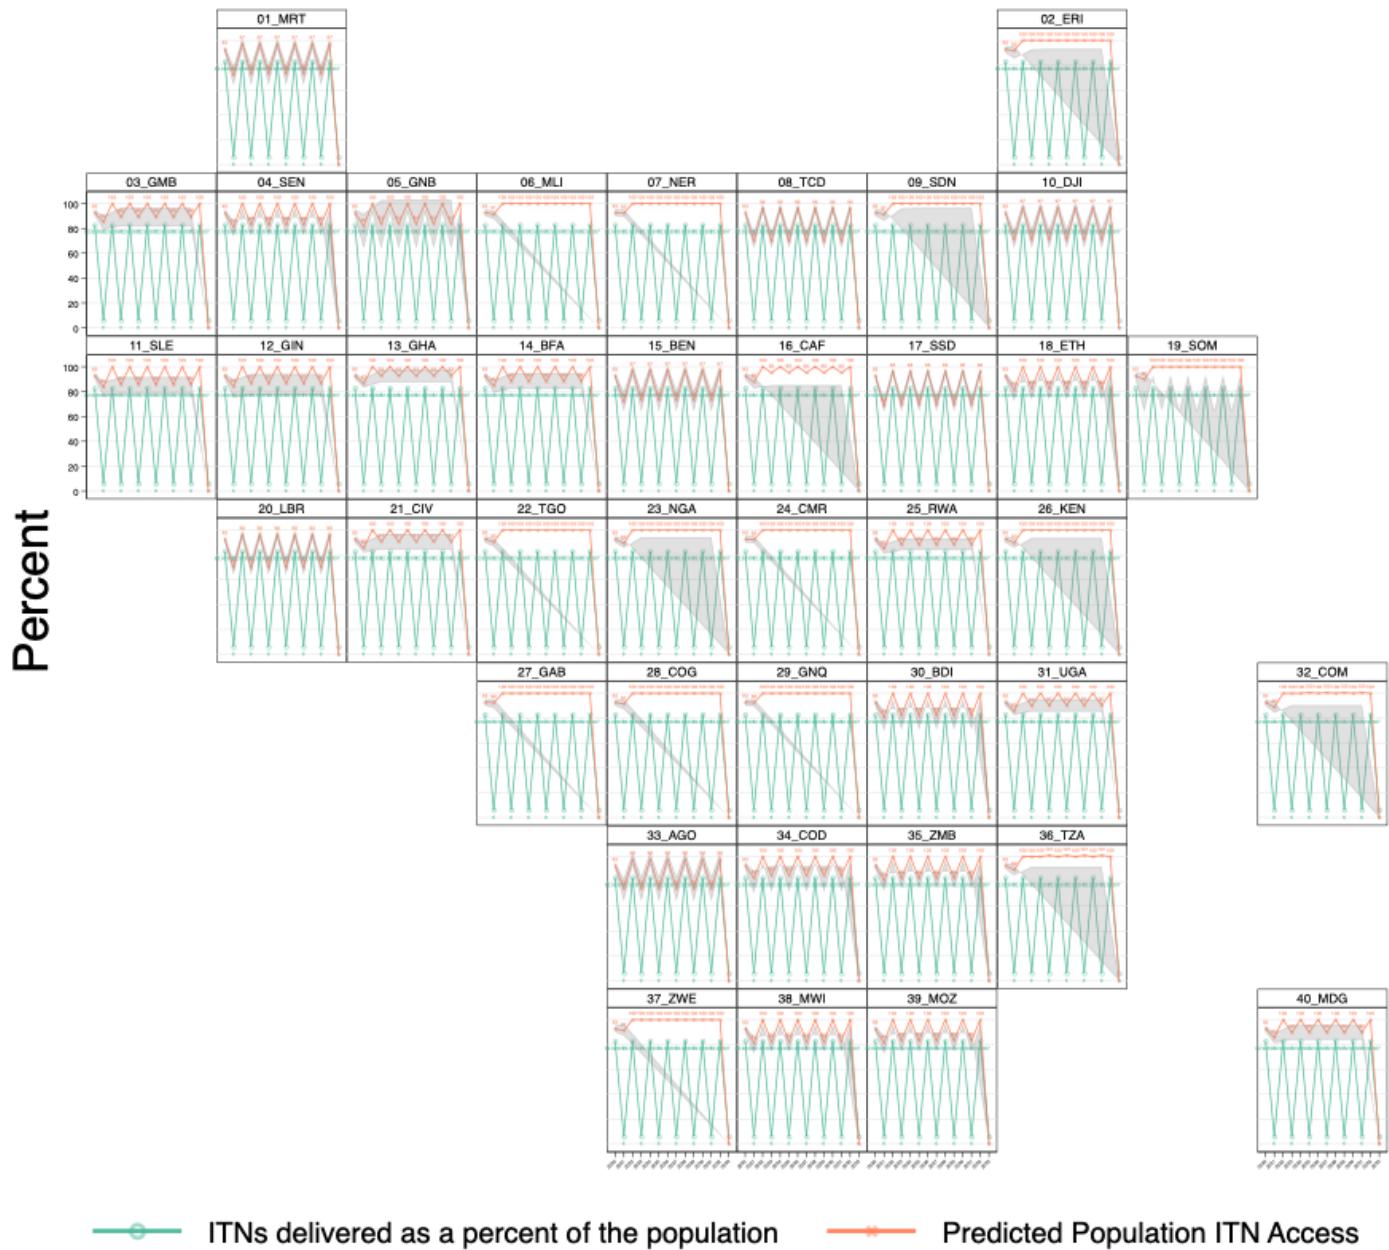

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

2-year mass campaigns with annual ANC-EPI at 6%; population/1.1

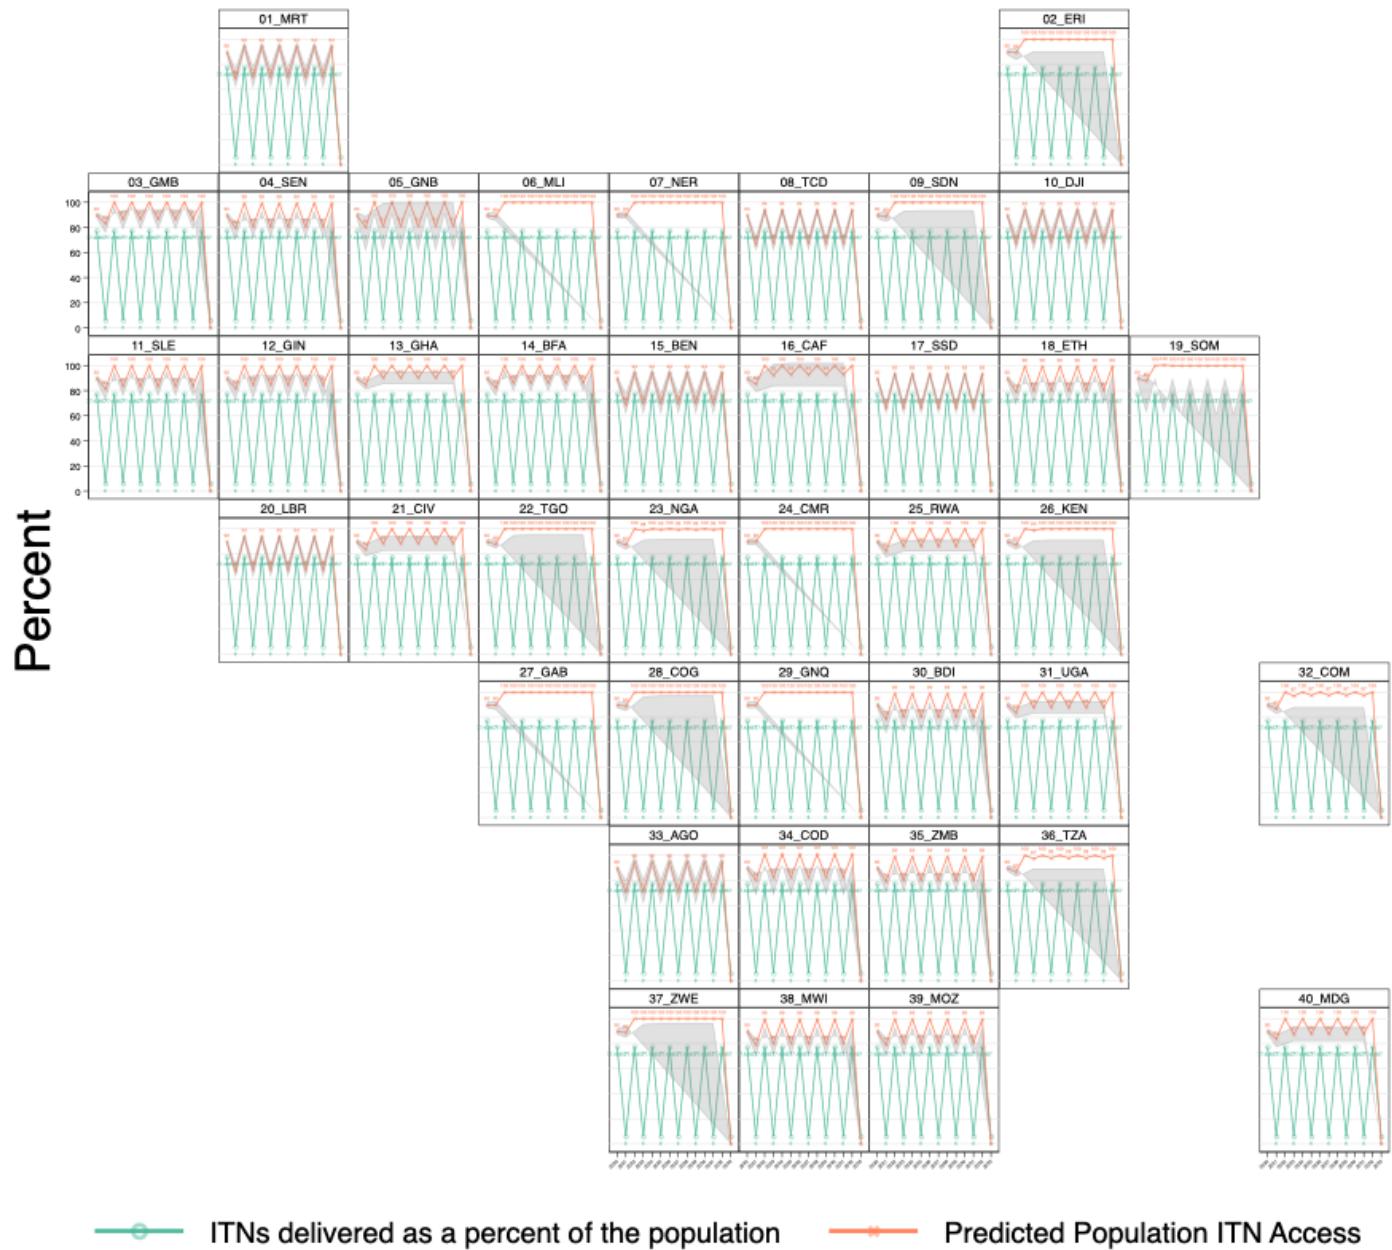

2-year mass campaigns with annual ANC-EPI at 6%; population/1.2

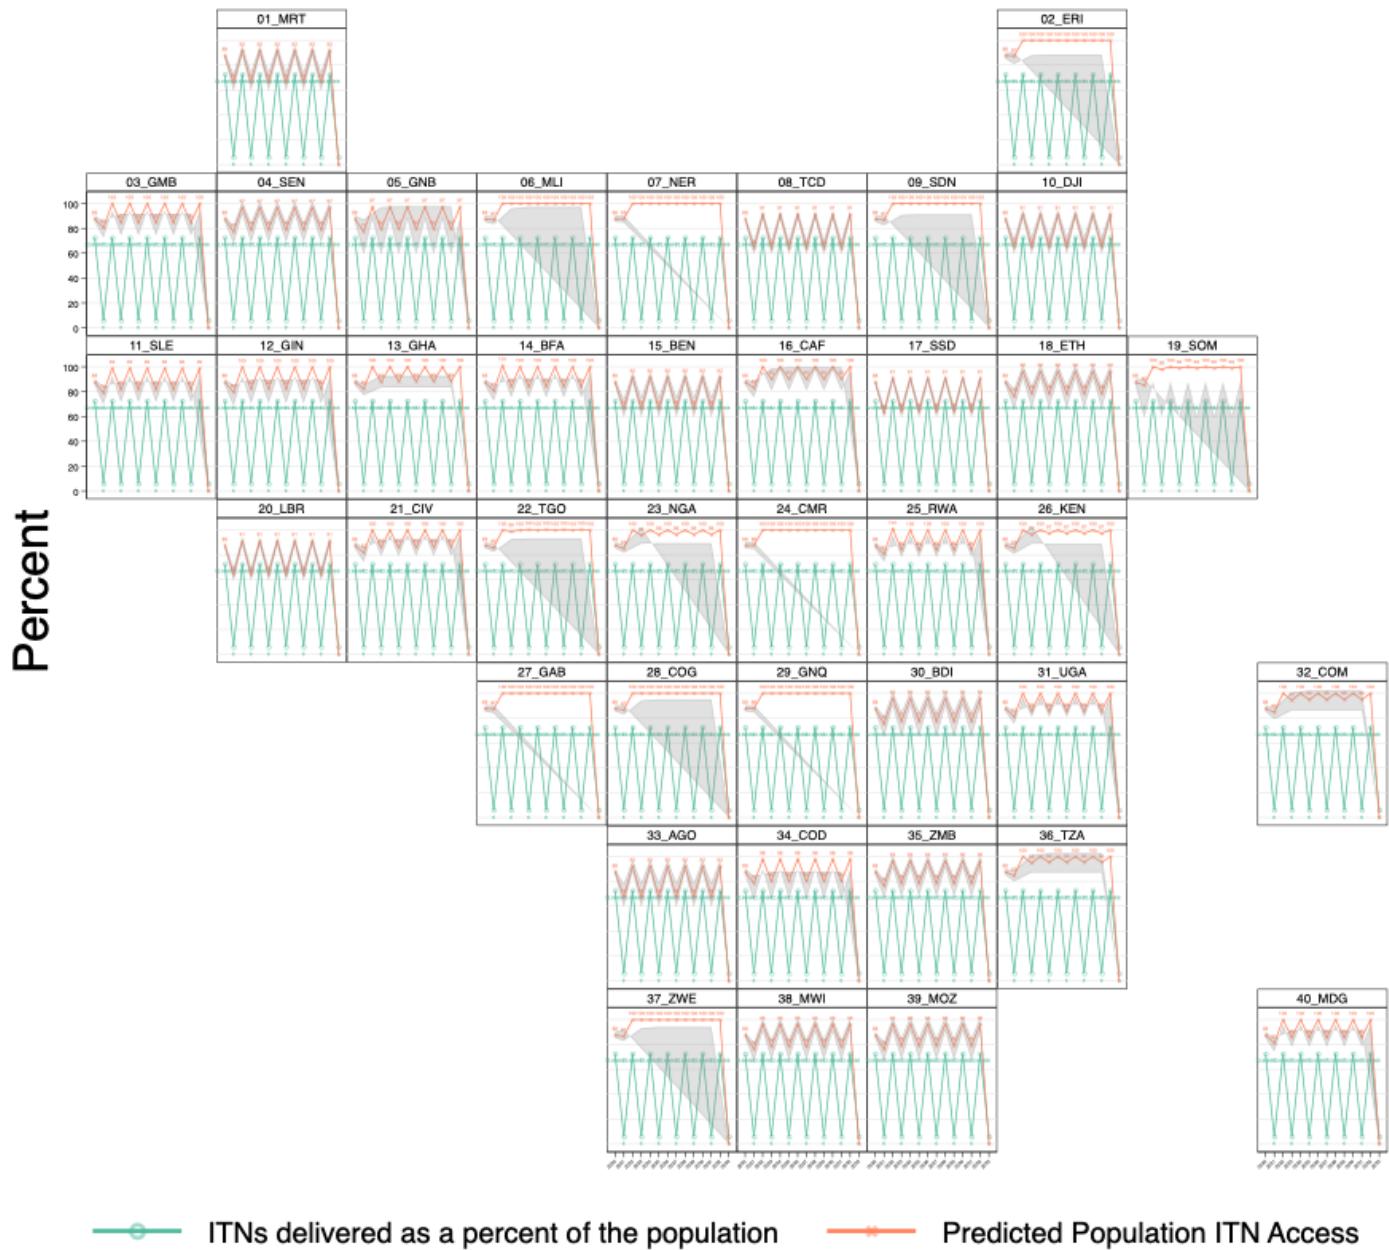

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

2-year mass campaigns with annual ANC-EPI at 6%; population/1.3

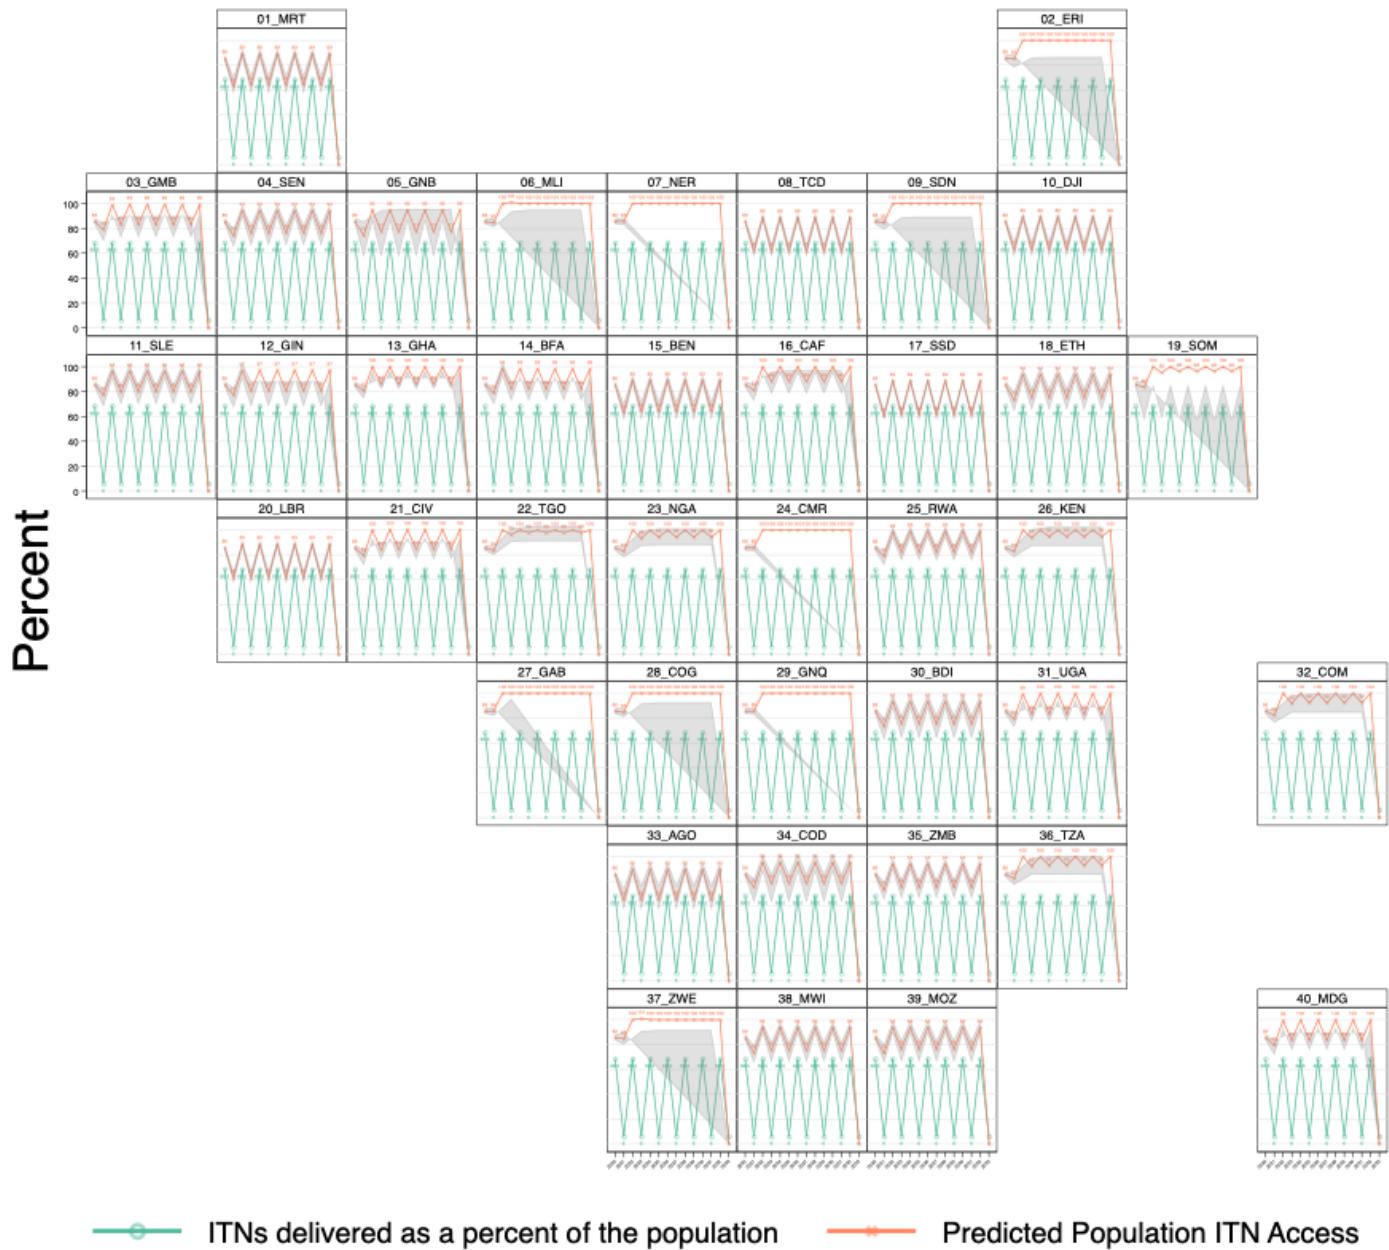

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

2-year mass campaigns with annual ANC-EPI at 6%; population/1.4

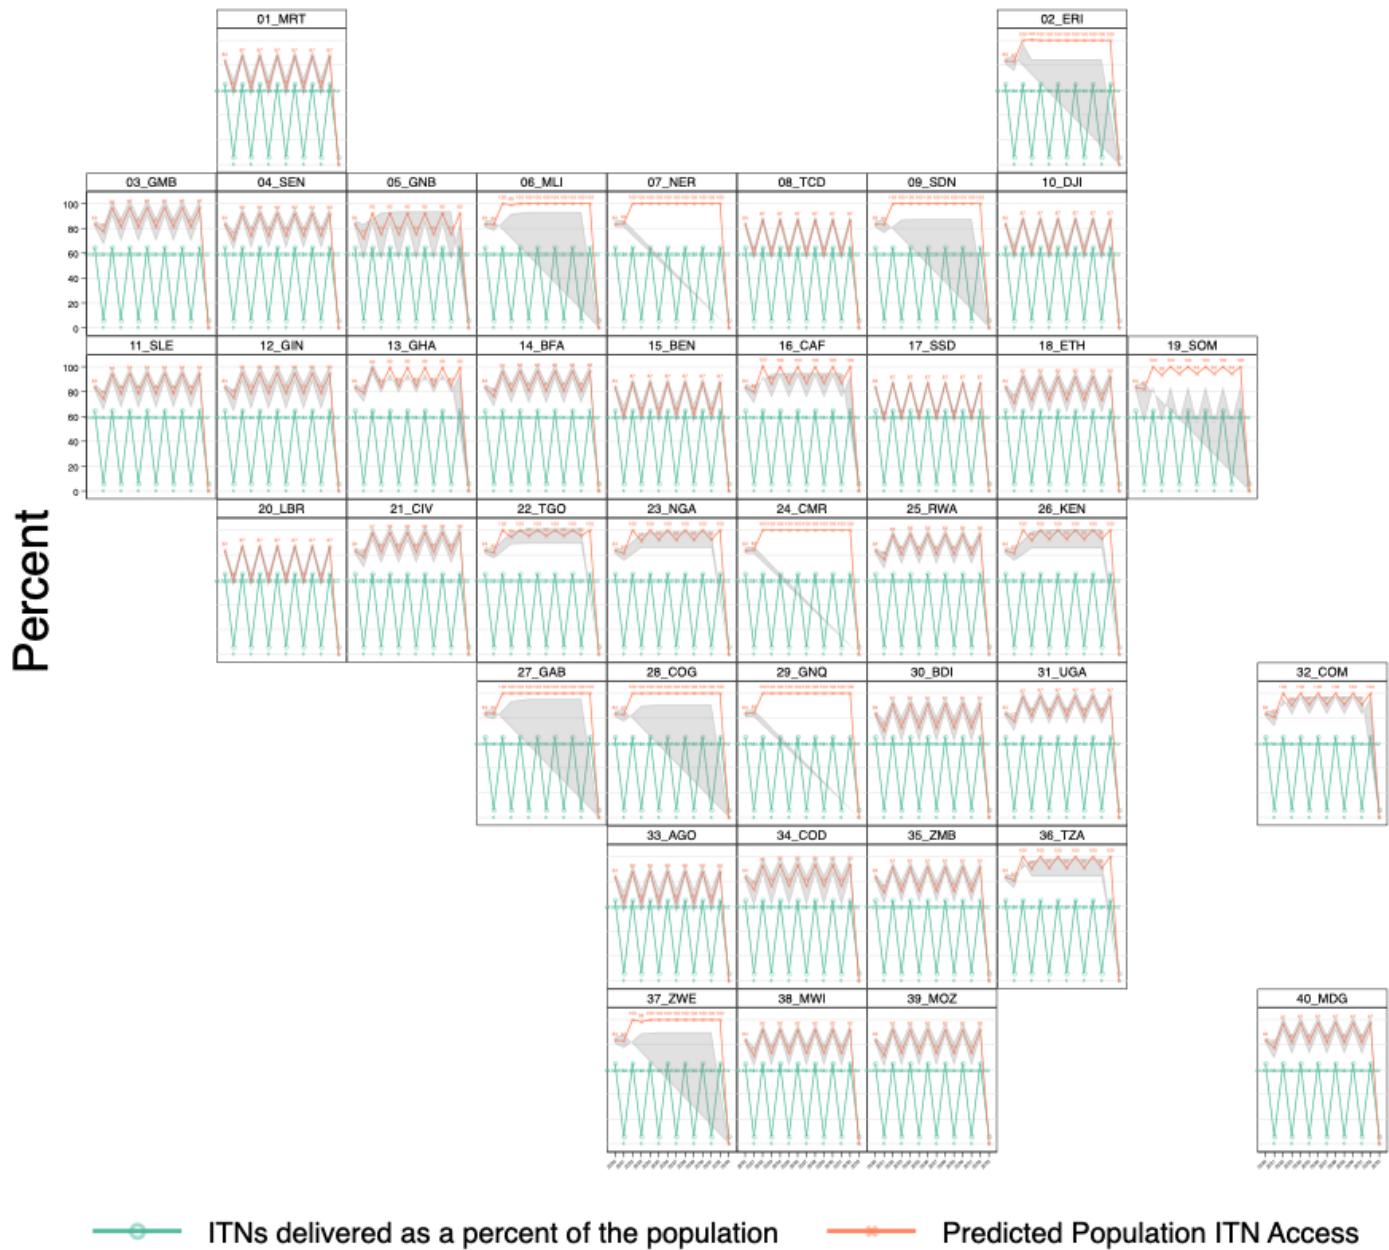

2-year mass campaigns with annual ANC-EPI at 6%; population/1.5

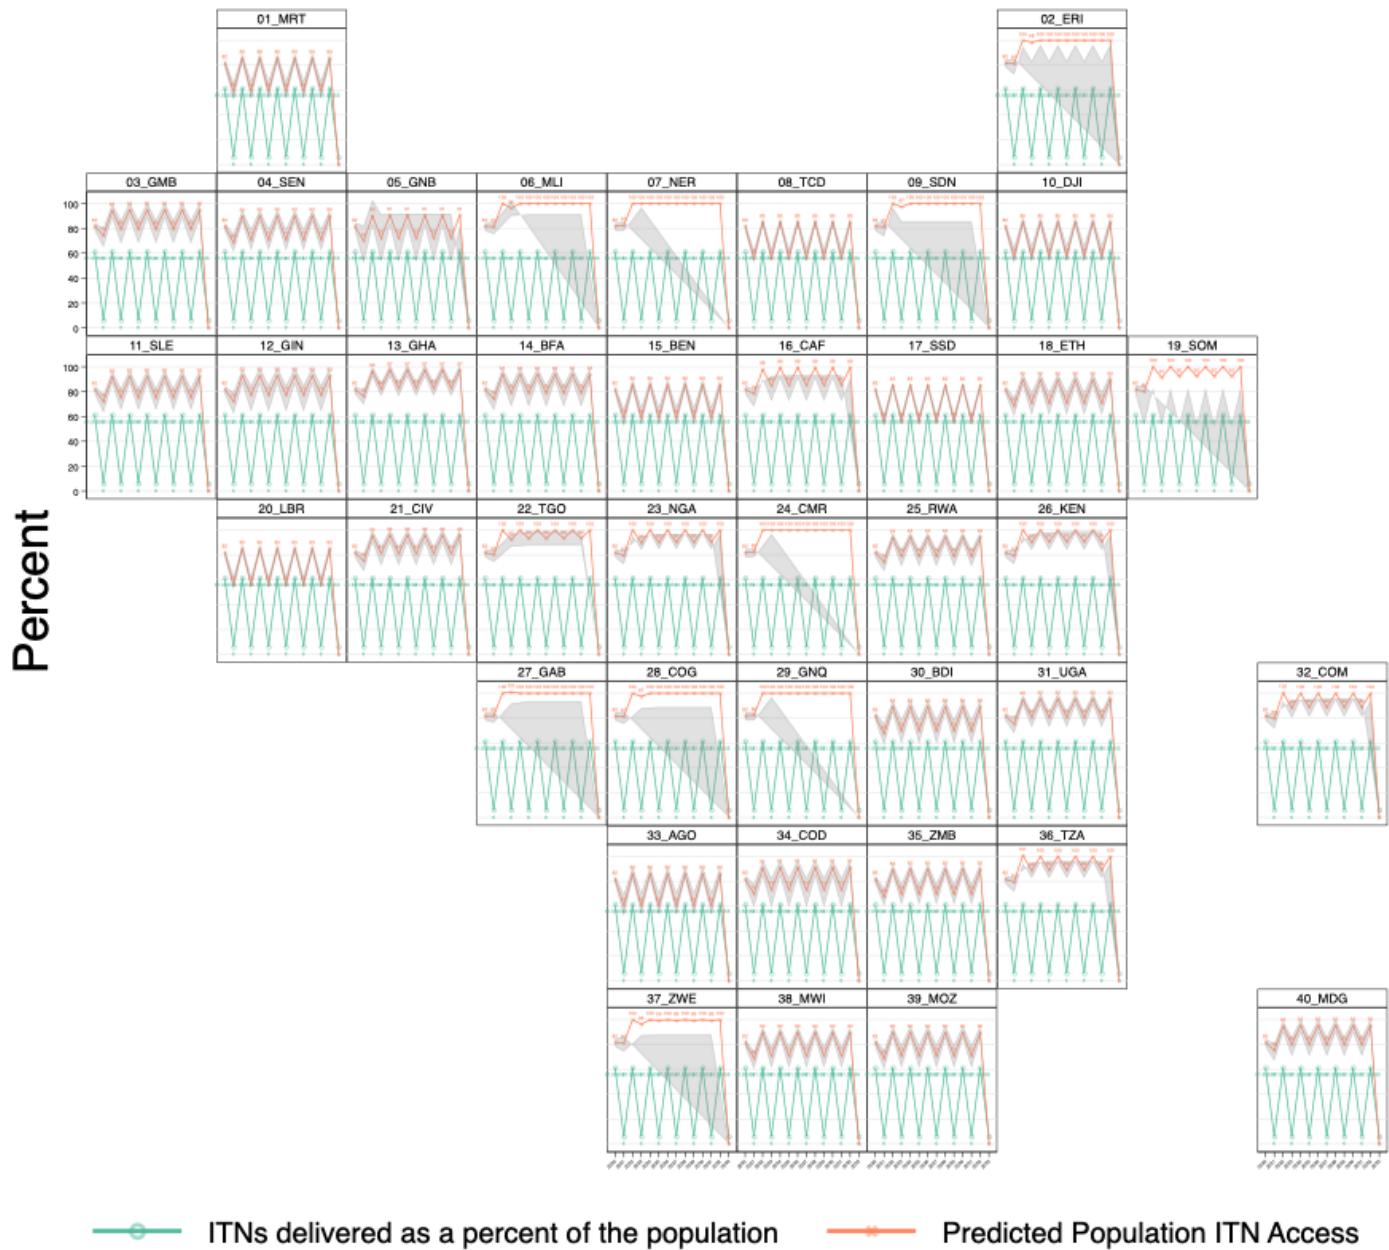

—●— ITNs delivered as a percent of the population —◆— Predicted Population ITN Access

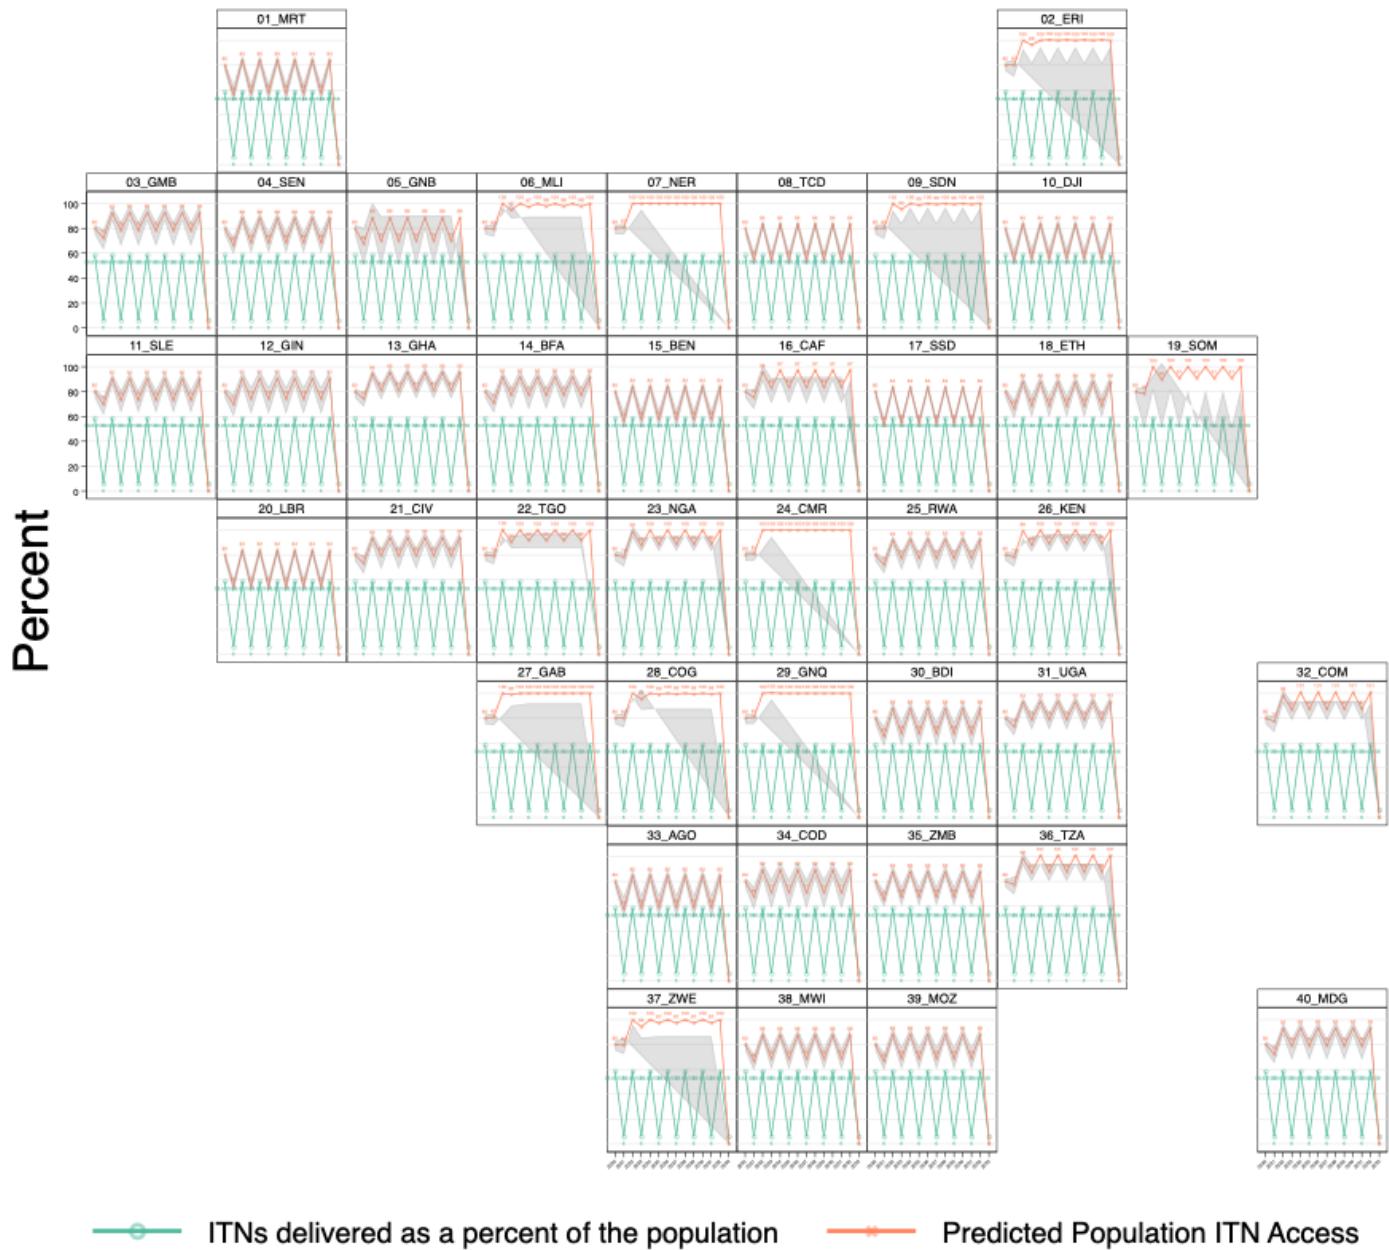

2-year mass campaigns with annual ANC-EPI at 6%; population/1.6

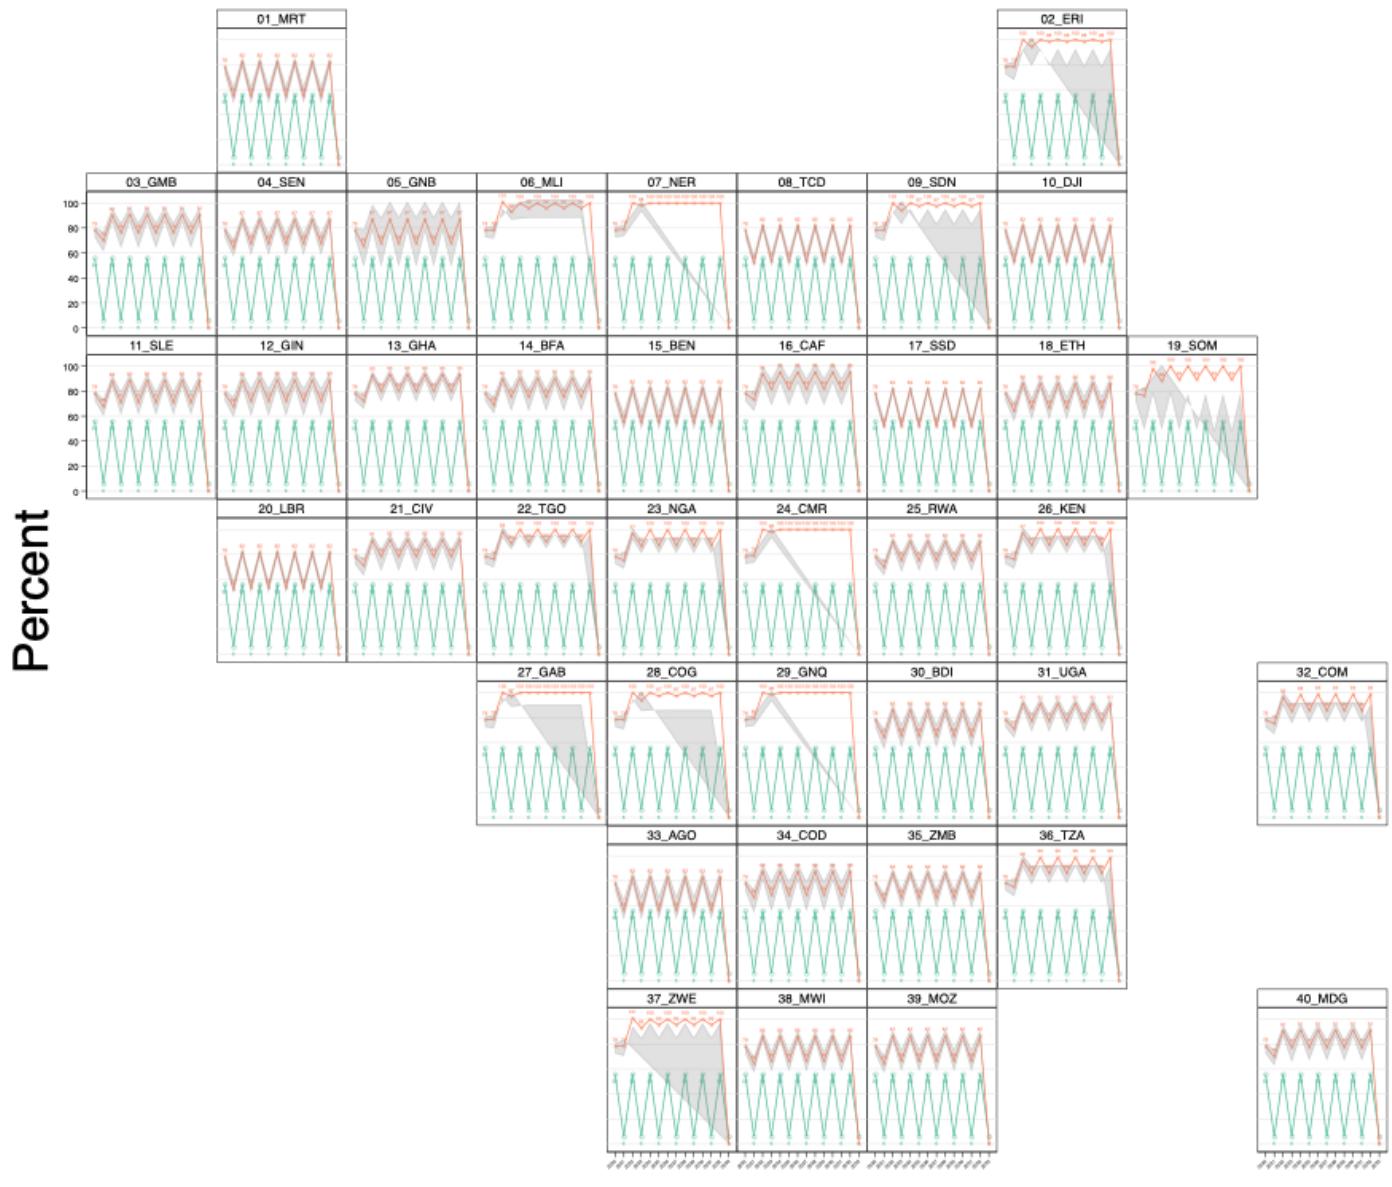

2-year mass campaigns with annual ANC-EPI at 6%; population/1.7

2-year mass campaigns with annual ANC-EPI at 6%; population/1.8

2-year mass campaigns with annual ANC-EPI at 6%; population/1.9

—●— ITNs delivered as a percent of the population —★— Predicted Population ITN Access

2-year mass campaigns with annual ANC-EPI at 6%; population/2
